

City Council Agenda 10/20/2020

Notice is hereby given of a regular meeting of the City Council of City of San Angelo to be held October 20, 2020 at 8:30 AM at the McNease Convention Center – South Meeting Room, 501 Rio Concho Drive, San Angelo, Texas, for the purpose of considering the following agenda items.

Members of the public who wish to submit **Public Comment** on agenda items must send their written comments via email to Julia.Antilley@cosatx.us by noon October 19, 2020.

The subject must be in the following format: "Public Comment, [item number] – October 20, 2020."

All emails must include your name and address or SMD.

Please note all Public Comment emails relevant to posted agenda items received by the deadline will be added to the agenda packet and are therefore public record.

Call 325-657-4405 for staff assistance.

1. Call to Order

2. Chaplain Prayer & Pledges

3. Proclamations/Recognitions

- a. Proclamation of October 23 - 31, 2020 as Red Ribbon Week

4. Public Comment

Issues or concerns not on the Regular Agenda may be raised by the public at this time. Citizens should speak from the podium, address all comments to the dais, begin by stating their name and address or Single Member District number, and limit their remarks to less than three minutes.

5. Consent Agenda

- a. Consider approving the October 6, 2020 City Council regular meeting minutes (Julia Antilley)
- b. Consider approving amendment 1 to the lease agreement between the City of San Angelo and the San Angelo Stock Show and Rodeo Association, Inc., regarding "reduction in fees due to Order of the Governor" related to the COVID-19 pandemic, and authorizing the City Manager to negotiate and execute all related documents (Carl White)
- c. Consider approving a three year Airport Concession Disadvantaged Business Enterprise (ACDBE) plan and goal and authorizing the City Manager to negotiate and execute all related documents (Jeremy Valgardson)
- d. Consider a resolution allowing the Fire Department to accept a donation of physical fitness equipment and an outdoor grill from Academy Sports and Outdoors, estimated value of donation is \$4,000 (Patrick Brody)
- e. Consider awarding FD-02-20 EMS Supplies to multiple vendors (Boundtree, Henry Schein, Life Assist, QuadMed, and Zoll) based on lowest bid in compliance with bid requirements for each specific item with an aggregate annual spend of \$162,912 budgeted per fiscal year and providing

for a base term of one year with four additional one year extension options and authorizing the City Manager to execute all related documents (Patrick Brody)

- f. Consider awarding FS-05-20 Equipment Leasing to U.S. Bancorp Government Leasing and Finance, Inc. and authorizing the City Manager to negotiate and execute all related documents (Ryan Kramer)
- g. Consider awarding FS-04-20 Heavy Duty Construction Equipment, in the amount of \$2,496,766.21, budgeted in fiscal year 2021, to various respondents and authorizing the City Manager to negotiate and execute all related documents (Ryan Kramer)
- h. Consider approving Buyboard Contract 597-19 for the purchase of two crack seal machines from Crafc0, Inc., in the amount of \$109,896, budgeted in fiscal year 2021 (Ryan Kramer)
- i. Consider approving Buyboard Contract 515-16 for the purchase of one street sweeper from Tymco, Inc., in the amount of \$274,081.50, budgeted in fiscal year 2021 (Ryan Kramer)
- j. Consider approving the purchase of tractors and shredders from Deere & Company (San Angelo, TX) through Sourcewell Contract 110719-JDC in the amount of \$143,911.48, budgeted in fiscal year 2021, and authorizing the City Manager to execute all related documents (Ryan Kramer)
- k. Consider approving an amendment to the agreement with Axon Enterprises, Inc. for additional public safety equipment, software licenses, and redaction software in the amount of \$304,768 and authorizing the City Manager to negotiate and execute all related documents (Frank Carter)
- l. Consider approving a Task Order under CFM-03-19 HVAC Maintenance and Repair with Clare's Heating & Air Conditioning Commercial Refrigeration, LLC, in the amount of \$143,078 for the chiller replacement at the City Hall Annex and authorizing the City Manager to execute all related documents (Andy Vecellio)
- m. Consider approving an amendment to the MCCi, LLC Master Services Agreement under BuyBoard Contract 544-17 in the amount of \$218,479.45, using CARES funding, and authorizing the City Manager to negotiate and execute all related documents (Julia Antilley)
- n. Consider awarding FIN-02-20 to MGT Consulting Group in the total amount of \$62,000 for a three year contract and two additional one year extensions for the production of indirect cost plans (Ryan Gaddy)
- o. Consider approving an amendment to the contract with the San Angelo Convention & Visitors Bureau (CVB) allowing a one-time carry-over of funds in the amount of \$200,000 of Hotel Occupancy Tax (HOT) receipts for eligible activities and authorizing the City Manager to execute all related documents (Tina Dierschke)
- p. Second reading of an ordinance amending the budget for the fiscal year beginning October 1, 2020, and ending September 30, 2021, for grants and reimbursed expenses (Tina Dierschke)
- q. Consider approving a renewal of the contracts with Citywise Marketing, LLC and McLaughlin Advertising and authorizing the City Manager to execute all related documents (Tina Dierschke)

6. Regular Agenda

Comments regarding items on the Regular Agenda may be made by the public when each item is discussed as outlined above. Applicants, proponents, and appellants are excepted from the time limit

above and must limit their remarks to less than five minutes.

- a. Presentation of the Downtown San Angelo, Inc. biannual report (Presentation made by DSA Executive Director Del Velasquez)
- b. Discussion and consideration of an event at the airport and authorizing the City Manager to negotiate and execute all related documents regarding:
 1. approving a venue and license agreement with Air Race 1
 2. approving an MOU with the Convention & Visitors Bureau to provide funding and other related event services (Presentation made by Airport Director Jeremy Valgardson)
- c. First reading and public hearing of an ordinance approving case PD20-02, a rezoning property from a Planned Development allowing retail sales and service uses and offices with Type 1 outdoor storage, to a Planned Development allowing multifamily housing development; being 1.425 acres located at 3824 Green Meadow Dr. (Presentation made by Planning & Development Services Director Jon James)
- d. First reading and public hearing of an ordinance approving case CP20-06, a Comprehensive Plan Amendment from Neighborhood to Neighborhood Center, being 0.553 acres located at the northwest corner of S. Bell St. and Paint Rock Rd. (Presentation made by Planning & Development Services Director Jon James)
- e. First Reading and public hearing of an ordinance approving case Z20-12, a rezoning from the Single Family Residence zoning district to the Low Rise Multi-Family zoning district, being 0.415 acres located at 2314 Carlton Way (Presentation made by Planning & Development Services Director Jon James)
- f. First reading and public hearing of ordinances approving:
 1. Case CP20-05, an amendment to the City of San Angelo Comprehensive Plan, changing certain lands from Neighborhood and Neighborhood Center to Commercial, on 12 acres located at 913 W. 33rd St.
 2. Case Z20-11, a rezoning from the Single-Family Residential zoning district to the General Commercial zoning district, on 10 acres located at 913 W. 33rd St. (Presentation made by Planning & Development Services Director Jon James)

7. Closed Session

Executive Session under the provision of Government Code, Title 5. Open Government; Ethics, Subtitle A. Open Government, Chapter 551. Open Meetings, Subchapter D. Exceptions to Requirement that Meetings be Open under the following sections:

- a. Section 551.072 Deliberations about Real Property regarding:
 1. J Fenner Survey 0001, Abstract 4985

8. Follow Up and Administrative Issues

- a. Consider items discussed in Closed Session, if needed
- b. Consideration of approving various Board nominations
Airport Advisory Board: Joseph Rallo (Mayor) to a first full term and William Pritchard (SMD6) to a second term, both ending October 2022

Design & Historic Review Commission: Lenny James (SMD3) to a second term and Stephen McLaughlin (SMD4) to a third term, both ending September 2022

c. Announcements and consideration of Future Agenda Items

9. Adjournment

CERTIFICATION

I hereby certify that the above notice of meeting was posted on the bulletin board at City Hall in the City of San Angelo, Texas, on the 15th day of October 2020, at 2:22 p.m.

Julia Antilley, City Clerk

All agenda items are subject to action. The City Council reserves the right to consider business out of posted order and/or meet in a closed session on any agenda item should the need arise and if applicable pursuant to authorization by Title 5, Chapter 551, of the Texas Government Code.

In compliance with the Americans with Disabilities Act, the City of San Angelo will provide for reasonable accommodations for persons attending City Council meetings. To better serve you, requests should be received 48 hours prior to the meetings. Please contact the City Clerk's Office at 325-657-4405.

Citizen requests to display materials on the city's monitors must submit the request 96 hours prior to the meeting by email to Julia.Antilley@cosatx.us. Time limits for discussion are as stated above and materials cannot exceed 10-pages. Citizens bringing materials for distribution to City Council members during the meeting must bring a minimum of 12 copies.

City Council regular meetings are broadcast on SATV Channel 17-Government Access at 10:30 a.m. and 7:00 p.m. every day, beginning the evening of the meeting until the evening of the next meeting.

Proclamation

Substance use disorder is particularly damaging to one of our most valuable resources, our children, and is a contributing factor in the three leading causes of death for teenagers – accidents, homicides, and suicides.

It is imperative that visible, unified prevention education efforts by community members be launched to eliminate the demand for drugs.

It is the goal of Red Ribbon Week to involve families, schools, businesses, churches, law enforcement agencies, and service organizations in all aspects of this campaign and to establish an atmosphere that supports awareness, education, and on-going initiatives to prevent illegal drug use.

The Red Ribbon Week Campaign theme promotes family and individual responsibilities for living healthy, drug-free lifestyles, without illegal drugs or the illegal use of legal drugs.

The 17th Training Wing, Drug Demand Reduction Office, Goodfellow Air Force Base, and the Alcohol & Drug Abuse Council for the Concho Valley are asking the residents of the city of San Angelo to observe Red Ribbon Week October 23-31, 2020.

Therefore, I, Brenda Gunter, Mayor of the City of San Angelo, Texas, on behalf of the City Council, do hereby proclaim October 23rd through October 31st, 2020 as

RED RIBBON WEEK 2020

in San Angelo, Texas and call upon all residents and organizations in the City of San Angelo to support the 2020 theme “Be Happy. Be Brave. Be Drug Free.” and increase drug awareness and prevention efforts in our community.

In Witness Whereof, I have set my hand and have caused the Official Seal of the City of San Angelo to be affixed this 20th day of October, 2020.

Brenda Gunter
Mayor of the City of San Angelo

City of San Angelo, Texas
Regular City Council Meeting
Tuesday, October 6, 2020

Present:

Mayor Brenda Gunter
Mayor Pro tem Harry Thomas, SMD 3
Council Member Tommy Hiebert, SMD 1
Council Member Tom Thompson, SMD 2
Council Member Lucy Gonzalez, SMD 4
Council Member Lane Carter, SMD 5
Council Member Billie DeWitt, SMD 6

1. Call to Order/Roll Call to Establish Quorum

With a quorum of the City Council Members present, Mayor Gunter called the regular session of the San Angelo City Council to order at 8:31 a.m. on Tuesday, October 6, 2020, in the San Angelo McNease Convention Center, 501 Rio Concho Drive, San Angelo, Texas 76903.

2. Chaplain Prayer & Pledges

San Angelo Police Department Chaplain Gary Jenkins provided an invocation and Chaplain Marcella Jenkins led the pledges.

3. Proclamations/Recognitions

October 4-10, 2020 was proclaimed Fire Prevention Week.

October 5, 2020 was proclaimed World Habitat Day 2020 & Affordable Housing Day.

October 11-17, 2020 was proclaimed Emergency Nurses Week.

4. Public Comment

Mayor Gunter made a statement thanking citywide leadership during COVID-19 and reinforced her support of small businesses and encouraged all citizens to support small businesses. She thanked citizens for their help reducing the spread of COVID-19 and announced the city's positivity rate continues to stay below ten percent.

5. Consent Agenda

- a. Approval of the September 29, 2020 City Council regular meeting minutes (Julia Antilley)
- b. Approval of a purchase of digital imaging software in the amount of \$76,565.10 with recurring software maintenance in the amount of \$34,874.70 through BuyBoard Contract #544-17 from MCCi, LLC and authorizing the City Manager to negotiate and execute all related documents (Ryan Gaddy)
- c. Approval of the purchase of EMS equipment from Zoll Medical Corporation in the amount of \$624,759.71 via NPP contract M-5719273 and authorizing the City Manager to negotiate and execute all related documents (Patrick Brody)
- d. Adoption of a resolution accepting the Donation of Funds for the purchase of exercise equipment for the San Angelo Police Department gym facilities (Frank Carter) (Pg. 458, 2020-092)
- e. Adoption of amending a resolution authorizing the Solid Waste Department to provide funding for Keep San Angelo Beautiful cleanup events (Shane Kelton) (Pg. 459, 2020-093)

- f. Ratification of a Memorandum of Understanding by and between the City of San Angelo Development Corporation and the City of San Angelo relating to partial funding for open space improvement, landscaping, and related facilities to enhance the Hwy 87 right of way in the amount of \$150,000 (Guy Andrews)
- g. Ratification of a Memorandum of Understanding by and between Tom Green County and the City of San Angelo Development Corporation for Spring 2020 DEAA grant matching funds for Goodfellow Air Force Base to improve resiliency and energy security (Guy Andrews)
- h. Ratification of a COSADC approval of a Change Order to the Reece Albert Inc. contract for Infrastructure Improvements to Phase 2.1 & 2.2 of the San Angelo Business & Industrial Park (awarded under DC-01-20) for installation of approximately 1,250 square yards of colored reinforced concrete in the traffic circle islands in an amount not to exceed \$156,500, half of which is to be paid by the Economic Development Administration Grant (Robert Schneeman)
- i. Approval of a purchase of Inspection Management Software in the amount of \$74,001.28 from Selectron Technologies, Inc. through GSA Contract # GS-35F-0315X and authorizing the City Manager to negotiate and execute all necessary documents (Jon James)
- j. Acceptance of an annexation petition for 10.480 acres of land out of C. Berberich Survey No. 177, Abstract No. 52, City of San Angelo, Tom Green County, Texas, being part of a 25.361 acre tract, Official Public Records of Tom Green County, Texas; being a tract of land south of State Hwy Loop 306 adjacent to the city limits along Old Stone Way and west of Foster Rd., and setting a Public Hearing on the annexation for the November 17, 2020 City Council meeting (Jon James)
- k. Acceptance of an annexation petition for 18.753 acres of the C. Berberich Survey No. 177, Abstract No. 52 and H. Zerbach Survey No. 178, Abstract No. 4210, Tom Green County, Texas, located east of Club House Ln. and Enclave Ct., and setting a Public Hearing on the annexation for the November 17, 2020 City Council meeting (Jon James)
- l. Acceptance of an annexation petition for 18.325 acres of land out of Abstract: 8108, Survey: 0008, A. Willeke, out of the west ½ of Survey 8, Tom Green County, Texas, generally located west of the intersection of Dominion Ridge and Coral Way, and setting a Public Hearing on the annexation for the November 17, 2020 City Council meeting (Jon James)

Motion: Council Member Hiebert made a motion, seconded by Council Member Carter, to approve the Consent Agenda, with the exception of item 5c. The motion carried unanimously (7) ayes to (0) nays.

Motion: Council Member Thomas made a motion, seconded by Council Member Thompson, to approve item 5c, as presented by Assistant Fire Chief Patrick Brody. The motion carried unanimously (7) ayes to (0) nays.

6. Regular Agenda

- a. Ratification of COSADC's resolution authorizing the use of Sales and Use Tax funds in an amount not to exceed \$362,500 to provide an Economic Development Incentive to Special Materials Company (Presentation made by Business, Retention & Expansion Coordinator Shannon Scott)

[Chamber of Commerce Economic Development Vice President Michael Looney provided background on the project.]

Motion: Council Member Hiebert made a motion, seconded by Council Member Carter, to approve the item, as presented. The motion carried unanimously (7) ayes to (0) nays.

- b. Ratification of COSADC's resolution authorizing the use of Sales and Use Tax funds in an amount not to exceed \$150,000 to provide an Economic Development Incentive to BP Surface Solutions, LLC d/b/a Dorado Construction Group (Presentation made by Business, Retention & Expansion Coordinator Shannon Scott)

Motion: Council Member Thomas made a motion, seconded by Council Member Gonzales, to approve the item, as presented. The motion carried unanimously (7) ayes to (0) nays.

- c. Ratification of a real estate sales contract and economic and development performance agreement as approved in a resolution by the COSADC Board of Directors on August 12, 2020 and amended by City Council on August 18, 2020 in a motion to ratify the resolution approved by COSADC authorizing the negotiation and execution of a real estate contract with Wisener Holdings, LLC, doing business as South Plains Lamesa Railroad, and negotiation of a real estate development performance agreement for the developing, marketing, and operation of an industrial transloading facility with an amendment authorizing the board president to negotiate the real estate contract in conjunction with the Executive Director of the Development Corporation, the City Manager, the City Attorney, and the COSADC Attorney (Presentation made by Economic Director Guy Andrews)

Motion: Council Member Hiebert made a motion, seconded by Council Member Thomas, to approve the item, as presented. The motion carried unanimously (7) ayes to (0) nays.

- d. Acceptance of an annexation petition for 88.936 acres of land out of Tract 2 and Tract 3, Block 1, Section One, Tom Green County Business Park, Tom Green County, Texas, generally located east of US Hwy 67 & 277 and north of Tractor Trail, and setting a Public Hearing on the annexation for the November 17, 2020 City Council meeting (Presentation made by Planning & Development Services Director Jon James)

Tom Green County Commissioner Rick Bacon expressed the county's appreciation for the city's support on this item.

Motion: Council Member Carter made a motion, seconded by Council Member Hiebert, to approve the item, as presented. The motion carried unanimously (7) ayes to (0) nays.

- e. First public hearing and introduction of an ordinance amending the budget for the fiscal year beginning October 1, 2020, and ending September 30, 2021, for grants and reimbursed expenses (Presentation made by Finance Director Tina Dierschke)

Motion: Council Member DeWitt made a motion, seconded by Council Member Gonzales, to approve the item, as presented. The motion carried unanimously (7) ayes to (0) nays.

7. Closed Session

Executive Session under the provision of Government Code, Title 5. Open Government; Ethics, Subtitle A. Open Government, Chapter 551. Open Meetings, Subchapter D. Exceptions to Requirement that Meetings be Open under the following sections:

- a. Section 551.072 Deliberations about Real Property regarding:
1. Ford Ranch

8. Follow Up and Administrative Issues

- a. Consider items discussed in Closed Session, if needed

City Council did not convene into Executive Session at this meeting.

- b. Approval of various Board nominations:
Keep San Angelo Beautiful: Neil Townley (SMD1) to a second term ending September 2022

Motion: Council Member Hiebert made a motion, seconded by Council Member Carter, to approve the item, as presented. The motion carried unanimously (7) ayes to (0) nays.

c. Announcements and consideration of Future Agenda Items

No action taken on this item.

9. Adjournment

Motion: Council Member Hiebert made a motion, seconded by Council Member Thompson, to adjourn the meeting. The motion carried unanimously (7) ayes to (0) nays.

There being no further business, the meeting adjourned at 9:35 a.m.

THE CITY OF SAN ANGELO, TEXAS:

ATTEST:

Julia Antilley, City Clerk

In accordance with Chapter 2, Article 2.300, of the Official Code of the City of San Angelo, the minutes of this meeting consist of the preceding Minute Record and the Supplemental Minute Record. Details on Council meetings may be obtained from the City Clerk's Office or a video of the entire meeting may be purchased from the Public Information Officer at 481-2727. (Portions of the Supplemental Minute Record video tape recording may be distorted due to equipment malfunction or other uncontrollable factors.)

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Carl White, Parks and Recreation Director, Parks and Recreation, 325-657-4450

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving amendment 1 to the lease agreement between the City of San Angelo and the San Angelo Stock Show and Rodeo Association, Inc., regarding "reduction in fees due to Order of the Governor" related to the COVID-19 pandemic, and authorizing the City Manager to negotiate and execute all related documents (Carl White)

Summary/History:

We seek authorization for the City Manager to negotiate and execute amendment 1 to the lease we have with the San Angelo Stock Show and Rodeo Association for the use of the Foster Communications Coliseum for the rodeo performances. The purpose of this amendment is to reduce fees due to the City because of the limited ability to sell tickets for performances related to the COVID-19 pandemic and the Governor's Orders.

Section 5. *Rent*, Subsections 5.1 (c) *Terms, Reduction of Fees*, states, "In the event the Rodeo is cancelled or the number of performances is reduced, the City Council, in their sole discretion, may agree to a proportionate reduction in the fees required to be paid under this agreement."

The fiscal section of this memorandum explains how the reduction of fees would be implemented, based on the Governor's orders that might be in effect for any rodeo season.

Financial Impact:

The reduction of fees would be directly related to the COVID-19 pandemic mitigation orders of the Governor at the time of the rental period, pro-rated. The base fee for the 2021 season is \$92,250. If the existing Governor's orders at the time of the rental limit capacity of the facility to 50%, the base fee would be reduced by 50%, thus \$46,125 for the 2021 season.

**AMENDMENT 1 TO THE LEASE AGREEMENT BETWEEN THE CITY OF SAN ANGELO ("CITY")
AND THE SAN ANGELO STOCK SHOW AND RODEO ASSOCIATION, INC ("LESSEE" OR
"SASSRA").**

RECITALS:

WHEREAS, the CITY and SASSRA entered into a lease agreement ("Agreement") on October 1, 2019 under which SASSRA leased the Coliseum and Indoor Arena ("Premises") from the City of San Angelo; and

WHEREAS, the Agreement provided for the City to collect rental fees for the use of the Premises; and

WHEREAS, the Governor's emergency declaration related to the COVID-19 pandemic has restricted the allowed capacity of the Premises; and

WHEREAS, under the Agreement the parties may agree to amendments as necessary; and

WHEREAS, the parties have agreed upon an amendment to the premises rental fee.

NOW, THEREFORE, the parties agree as follows:

PART 1: That Section 5.1 "Terms" is hereby amended by adding Subsection (d) "Reduction in Fees Due to Order of the Governor" as set out below:

"(d) Reduction in Fees due to Order of the Governor. In the event a declaration or order of the Governor of the State of Texas related to the COVID-19 pandemic limits the capacity of the Premises, the Fees due under this agreement shall be reduced to equal the amount of the allowed capacity."

PART 2: All other terms and conditions of the Agreement shall remain in full force and effect unless amended and changed by further amendment.

IN WITNESS WHEREOF, the parties hereto have caused this AMENDMENT to be executed by their respective duly authorized officials on this ____ day of _____, 2020

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Jeremy Valgardson, Airport Director, Airport, 325-659-6409

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving a three year Airport Concession Disadvantaged Business Enterprise (ACDBE) plan and goal and authorizing the City Manager to negotiate and execute all related documents (Jeremy Valgardson)

Summary/History:

For grant compliance the airport is required to have an Airport Concession Disadvantaged Business Enterprise (ACDBE) plan and goal to cover concessionaires at the airport that generate more than \$200,000 in revenue per year.

This is our three year goal for grant cycles FY2019 - 2021.

The goal is split into 2 groups. "Rental Car" and "Other Than Rental Car"

The "Rental Car" goal is 0.21% (Avis / Budget)

The "Other Than Rental Car" goal is 1.0% (Mathis Café / Mathis Grill)

Both goals are "race neutral" meaning the concessionaires have to show good faith effort in obtaining the goal for their goods and services.

Financial Impact:

No fiscal responsibility. This plan is a deliverable from a previous budgeted item.

Other Information/Recommendation:

On October 8th, the Airport Advisory Board recommended the adoption of this plan and goal as presented.

SAN ANGELO REGIONAL AIRPORT/Mathis Field (SJT) ACDBE PROGRAM

POLICY STATEMENT

Section 23.1, 23.23 Objectives/Policy Statement

The San Angelo Regional Airport/Mathis Field (SJT) has established an Airport Concession Disadvantaged Business Enterprise (ACDBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 23. The San Angelo Regional Airport/Mathis Field (SJT) is a primary airport and has received federal funds authorized for airport development after January 1988 (authorized under Title 49 of the United States Code). The San Angelo Regional Airport/Mathis Field (SJT) has signed airport grant assurances that it will comply with 49 CFR Part 23.

It is the policy of the San Angelo Regional Airport/Mathis Field (SJT) to ensure that ACDBEs as defined in Part 23, have an equal opportunity to receive and participate in concession opportunities. It is also our policy:

1. To ensure nondiscrimination in the award and administration of opportunities for concessions by airports receiving DOT financial assistance;
2. To create a level playing field on which ACDBEs can compete fairly for opportunities for concessions;
3. To ensure that our ACDBE program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet this part's eligibility standards are permitted to participate as ACDBEs at our airport(s);
5. To help remove barriers to the participation of ACDBEs in opportunities for concessions at our airport(s); and
6. To provide appropriate flexibility to our airports in establishing and providing opportunities for ACDBEs.

Jeremy Valgardson has been designated as the ACDBE Liaison Officer (ACDBELO). In that capacity, the Properties and Compliance Manager is responsible for implementing all aspects of the ACDBE program. Implementation of the ACDBE program is accorded the same priority as compliance with all other legal obligations incurred by SJT in its financial assistance agreements with the Department of Transportation.

SJT has disseminated this policy statement to all of the components of our organization. We have distributed this statement to ACDBE and non-ACDBE concessionaire communities in our area via our airport website (<http://www.cosatx.us>)

(Signature) City Manager, The City of San Angelo, Texas

Date

SUBPART A – GENERAL REQUIREMENTS

Section 23.1 Objectives

The objectives are found in the policy statement on the first page of this program.

Section 23.3 Definitions

The San Angelo Regional Airport/Mathis Field (SJT) will use terms in this program that have the meaning defined in Section 23.3 and Part 26 Section 26.5 where applicable.

Section 23.5 Applicability

SJT is a primary airport and the sponsor of federal airport funds authorized for airport development after January 1988 that was authorized under Title 49 of the United States Code.

Section 23.9 Non-discrimination Requirements

SJT will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any concession agreement, management contract or subcontract, purchase or lease agreement or other agreement covered by 49 CFR Part 23 on the basis of race, color, sex, or national origin.

In administering its ACDBE program, SJT will not, directly or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the ACDBE program with respect to individuals of a particular race, color, sex, or national origin.

SJT acknowledges these representations are also in accordance with obligations contained in its Civil Rights, DBE and ACDBE Airport grant assurances.

SJT will include the following assurances in all concession agreements and management contracts it executes with any firm:

(1) "This agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23. The concessionaire or contractor agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23.

(2) "The concessionaire or contractor agrees to include the above statements in any subsequent concession agreement or contract covered by 49 CFR part 23, that it enters and cause those businesses to similarly include the statements in further agreements."

Section 23.11 Compliance and Enforcement

The San Angelo Regional Airport/Mathis Field (SJT) will comply with and is subject to the provisions of 49 CFR Part 26 (§§ 26.101, 26.105, 26.107 and 2 CFR parts 180 and 1200.

SJT will comply with this part or be subject to formal enforcement action under §26.105 or appropriate program sanctions, such as the suspension or termination of Federal funds, or refusal to approve projects, grants or contracts until deficiencies are remedied. Program sanctions may include actions consistent with 49 U.S.C. §§ 47106(d), 47111(d), and 47122.

2 C.F.R. Part 180, Government-wide Debarment and Suspension (Non-procurement), effective November 15, 2006, adopted and supplemented by DOT at 2 C.F.R. Part 1200, effective June 2, 2008, provides Office of Management and Budget (OMB) guidance for Federal agencies on the government-wide debarment and suspension system for non-procurement transactions, programs and activities. 2 C.F.R. Part 1200 adopts the OMB guidance in subparts A through I of 2 CFR part 180, as supplemented by part 1200, as the Department of Transportation policies and procedures for non-procurement suspension and debarment.

SJT compliance with all requirements of this part is enforced through the procedures of Title 49 of the United States Code, including 49 U.S.C. 47106(d), 47111(d), and 47122, and regulations implementing them.

The following enforcement actions apply to firms participating in the SJT ACDBE program:

- (a) For a firm that does not meet the eligibility criteria of subpart D of this part and that attempts to participate as an ACDBE on the basis of false, fraudulent, or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, the Department of Transportation (DOT) or the Federal Aviation Administration (FAA) may initiate suspension or debarment proceedings against the firm under 2 CFR parts 180 and 1200.
- (b) For a firm that, in order to meet ACDBE goals or other AC/DBE program requirements, uses or attempts to use, on the basis of false, fraudulent or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, another firm that does not meet the eligibility criteria of subpart D of this part, DOT or FAA may initiate suspension or debarment proceedings against the firm under 2 CFR parts 180 and 1200.

- (c) DOT may take enforcement action under 49 CFR Part 31, Program Fraud and Civil Remedies, against any participant in the ACDBE program whose conduct is subject to such action under 49 CFR Part 31.
- (d) DOT may refer to the Department of Justice, for prosecution under 18 U.S.C. §§ 1001 or other applicable provisions of law, any person who makes a false or fraudulent statement in connection with participation of an ACDBE in the San Angelo Regional Airport/Mathis Field's (SJT) ACDBE program or otherwise violates applicable Federal statutes.

Compliance reviews: The FAA may review SJT's compliance with this part at any time, including but not limited to, reviews of paperwork, on site reviews, and review of the airport sponsor's monitoring and enforcement mechanism, as appropriate. The FAA Office of Civil Rights may initiate a compliance review based on complaints received.

Any person who knows of a violation of this part by the San Angelo Regional Airport/Mathis Field (SJT) may file a complaint under 14 CFR Part 16 with the Federal Aviation Administration Office of Chief Counsel.

SUBPART B – ACDBE PROGRAMS

Section 23.21 ACDBE Program Updates

The San Angelo Regional Airport/Mathis Field (SJT) is a non-hub primary airport required to have an ACDBE program.

As a condition of eligibility for FAA financial assistance, the SJT will submit its ACDBE program and overall goals to FAA according to 23.45(a) of this section.

Until the San Angelo Regional Airport/Mathis Field's new ACDBE program is submitted and approved, we will continue to implement our ACDBE program that was in effect previously, except with respect to any provision that is contrary to 49 CFR Part 23.

This ACDBE program will be implemented at the San Angelo Regional Airport/Mathis Field's (SJT) (Attachments 4 & 5).

When SJT makes significant changes to its ACDBE program, we will provide the amended program to the FAA for approval prior to implementing the changes.

Section 23.23 Administrative Provisions

Policy Statement: SJT is committed to operating its ACDBE program in a nondiscriminatory manner.

San Angelo Regional Airport/Mathis Field's (SJT) Policy Statement is elaborated on the first page of this program.

ACDBE Liaison Officer (ACDBELO): We have designated the following individual as our ACDBELO:

Jeremy Valgardson
Airport Director
8618 Terminal Circle, Suite 101
San Angelo, TX 76904
Phone: (325) 659-6409
Fax: (325) 703-6095
Email: Jeremy.valgardson@cosatx.us

In that capacity, the ACDBELO is responsible for implementing all aspects of the ACDBE program and ensuring that the SJT complies with all provision of 49 CFR Part 23. The ACDBELO has direct, independent access to the Director of Aviation concerning ACDBE program matters. An organizational chart displaying the ACDBELO's position in the organization is found in Attachment 1 to this program.

The ACDBELO is responsible for developing, implementing and monitoring the ACDBE program, in coordination with other appropriate officials. The duties and responsibilities include the following:

1. Gathers and reports statistical data and other information as required by FAA or DOT.
2. Reviews third party contracts and purchase requisitions for compliance with this program.
3. Works with all departments to set overall annual goals.
4. Ensures that bid notices and requests for proposals are available to ACDBEs in a timely manner.
5. Identifies contracts and procurements so that ACDBE goals are included in solicitations (both race-neutral methods and contract specific goals)
6. Analyzes SJT's progress toward attainment and identifies ways to improve progress.
7. Participates in pre-bid meetings.
8. Advises the CEO/governing body on ACDBE matters and achievement.
9. Chairs the ACDBE Advisory Committee.
10. Provides ACDBEs with information and assistance in preparing bids, obtaining bonding, financing, and insurance; acts as a liaison to the OSD-BU-Minority Resource Center (MRC).
11. Plans and participates in ACDBE training seminars.
12. Acts as liaison to the Unified Certification Program (UCP) in Texas.

13. Provides outreach to ACDBEs and community organizations to advise them of opportunities.
14. Maintains SJT's updated directory on certified ACDBEs and distinguishes them from DBEs.

Directory: San Angelo Regional Airport/Mathis Field (SJT) through the Texas Unified Certification Program (UCP), maintains a directory identifying all firms eligible to participate as DBEs and ACDBEs. The Directory lists the firm's name, address, phone number, date of the most recent certification, and the type of work the firm has been certified to perform as an ACDBE.

The UCP will ensure that the Directory lists each type of work for which a firm is eligible to be certified by using the most specific NAICS code available to describe each type of work. The UCP will make any changes to the current directory entries necessary to meet the requirements of this paragraph.

The UCP revises the Directory at least annually. We make the Directory available as follows: The Texas UCP website is <https://txdot.txdotcms.com/>. The Directory may be found in Attachment 9 to this program document. (26.31).

Section 23.25 Ensuring Nondiscriminatory Participation of ACDBEs

SJT will take the following measures to ensure nondiscriminatory participation of ACDBEs in concessions, and other covered activities (23.25(a)).

1. Identify ACDBEs who may be interested in participating as concessionaires;
2. Notify ACDBEs of concession opportunities and encouraging them to compete, as appropriate;
3. When proper, structure concession activities so as to encourage and facilitate ACDBEs participation; and
4. Provide information to competitors concerning the availability of ACDBE firms to assist them in obtaining ACDBE participation.

SJT will seek ACDBE participation in all types of concession activities, rather than concentrating participation in one category or a few categories to the exclusion of others. (23.25(c))

SJT's overall goal methodology and a description of the race-neutral measures it will use to meet the goals are described in Section 23.25 and Attachments 4 and 5 of this plan. The goals are set consistent with the requirements of Subpart D. (23.25(b), (d))

If SJT projects that race-neutral measures alone, are not sufficient to meet an overall goal, it will use race-conscious measures as described in Section 23.25 (e) (1-2) and Attachments 4 and 5 of this plan. (23.25(e))

The San Angelo Regional Airport/Mathis Field (SJT) will require businesses subject to ACDBE goals at the airport (except car rental companies) to make good faith efforts to

explore all available options to meet goals, to the maximum extent practicable, through direct ownership arrangements with ACDBEs. (23.25(f))

The San Angelo Regional Airport/Mathis Field (SJT) will not use set-asides or quotas as a means of obtaining ACDBE participation. (23.25(g)).

Section 23.27 Reporting

We will retain sufficient basic information about our ACDBE program implementation, ACDBE certification and the award and performance of agreements and contracts to enable the FAA to determine our compliance with Part 23. This data will be retained for a minimum of 3 years following the end of the concession agreement or other covered contract.

Beginning March 1, 2006, we will submit to the FAA Regional Civil Rights Office, an annual ACDBE participation report on the form in Appendix A of Part 23.

Section 23.29 Compliance and Enforcement Procedures

The San Angelo Regional Airport/Mathis Field (SJT) will take the following monitoring and enforcement mechanisms to ensure compliance with 49 CFR Part 23.

1. We will bring to the attention of the Department of Transportation any false, fraudulent, or dishonest conduct in connection with the program, so that DOT can take the steps (e.g., referral to the Department of Justice for criminal prosecution, referral to the DOT Inspector General, action under suspension and debarment or Program Fraud and Civil Penalties rules) provided in 26.107.
2. We will consider similar action under our own legal authorities, including responsibility determinations in future contracts. We have listed the regulations, provisions, and contract remedies available to us in the events of non-compliance with the ACDBE regulation by a participant in our procurement activities (See Attachment 3). (26.37)
3. We will also implement a monitoring and enforcement mechanism to ensure that work committed to ACDBEs at contract award is actually performed by the ACDBEs. This mechanism will provide for a running tally of actual ACDBE attainments including a means of comparing these attainments to commitments. This will be accomplished by reviewing the reports submitted to SJT by the concessionaires and advising them if not in compliance with SJT ACDBE goals.
4. In our reports of ACDBE participation to FAA, we will show both commitments and attainments, as required by the DOT reporting form.

SUBPART C – CERTIFICATION AND ELIGIBILITY

Section 23.31 We will use the procedures and standards of Part 26, except as provided in 23.31, for certification of ACDBEs to participate in our concessions program and such standards are incorporated herein.

SJT is the member of a Unified Certification Program (UCP) administered by the State of Texas. The UCP will meet all of the requirements of this section.

The UCP's directory of eligible DBEs specifies whether a firm is certified as a DBE for purposes of Part 26, and ACDBE for purposes of part 23, or both.

Prior to entering into a new contract, extension, or option with a currently certified ACDBE, we will review their eligibility at that time (i.e., "as soon as possible") rather than waiting until the latest date allowed under Part 23. We will complete these reviews as soon as possible.

We will treat a firm as a small business eligible to be certified as an ACDBE if its gross receipts, averaged over the firm's previous three fiscal years do not exceed \$56.42 million for non-car rental ACDBEs and \$75.23 million for car rental ACDBEs. The size standard for banks and other financial institutions is \$1 billion in assets, for pay telephone company's is 1500 employees and for ACDBE automobile dealers is 350 employees.

Section 23.35 The personal net worth standard used in determining eligibility for purposes of Part 23 is \$1.32 million.

We recognize that Personal net worth means the net value of the assets of an individual remaining after total liabilities are deducted. An individual's personal net worth (PNW) does not include the following:

- (a) The individual's ownership interest in an ACDBE firm or a firm that is applying for ACDBE certification;
- (b) The individual's equity in his or her primary place of residence; and
- (c) Other assets that the individual can document are necessary to obtain financing or a franchise agreement for the initiation or expansion of his or her ACDBE firm (or have in fact been encumbered to support existing financing for the individual's ACDBE business) to a maximum of \$3 million.

The effectiveness of this paragraph (3) of this definition is suspended with respect to any application for ACDBE certification made or any financing or franchise agreement obtained after June 20, 2012. (23.3)

An individual's personal net worth includes only his or her own share of assets held jointly or as community property with the individual's spouse.

Any person who has a personal net worth exceeding this amount is not a socially and economically disadvantaged individual, even if a member of a group otherwise presumed to be disadvantaged. (See 23.3 - Personal Net Worth definition and 23.35)

We will presume that a firm that is certified as a DBE under part 26 is eligible to participate as an ACDBE. However, before certifying such a firm, we will ensure that the disadvantaged owners of a DBE certified under part 26 are able to control the firm with respect to its activity in our concessions program. We are not obligated to certify a part 26 DBE as an ACDBE if the firm does not perform work relevant to our concessions program. (23.37).

We recognize that the provisions of part 26, sections 26.83(c) (2-6) do not apply to certifications for purposes of part 23. We will follow the provisions of 23.39 (a) through (i). We will obtain resumes or work histories of the principal owners of the firm and personally interview these individuals. We will analyze the ownership of stock of the firm, if it is a corporation. We will analyze the bonding and financial capacity of the firm. We will determine the work history of the firm, including any concession contracts or other contracts it may have received. We will compile a list of the licenses of the firm and its key personnel to perform the concession contracts or other contracts it wishes to receive. We will obtain a statement from the firm of the types of concessions it prefers to operate or the type of other contracts it prefers to perform. We will ensure that the ACDBE firm meets the applicable size standard. (23.39(a)(b)).

We acknowledge that a prime contractor includes a firm holding a prime contract with an airport concessionaire to provide goods or services to the concessionaire or a firm holding a prime concession agreement with a recipient. We recognize that the eligibility of Alaska Native Corporations (ANC) owned firms for purposes of part 23 is governed by part 26 section 26.73(h). (23.39(c)(d)).

We will use the certification standards of part 23 to determine the ACDBE eligibility of firms that provide goods and services to concessionaires. (23.39(i))

In instances when the eligibility of a concessionaire is removed after the concessionaire has entered into a concession agreement because the firm exceeded the size standard or the owner has exceeded the PNW standard, and the firm in all other respects remains an eligible DBE, we may continue to count the concessionaire's participation toward ACDBE goals during the remainder of the current concession agreement. We will not count the concessionaire's participation toward ACDBE goals beyond the termination date for the concession agreement in effect at the time of the decertification. (23.39(e))

We will use the Uniform Application Form found in appendix F to part 26 with additional instruction as stated in 23.39(g).

SUBPART D – GOALS, GOOD FAITH EFFORTS, AND COUNTING

Section 23.41 Basic Overall Goal Requirement

SJT will establish two separate overall ACDBE goals: one for car rentals and another for concessions other than car rentals. The overall goals will cover a three-year period and the sponsor will review the goals annually to make sure the goal continues to fit the sponsor's circumstances. We will report any significant overall goal adjustments to the FAA.

If the average annual concession revenues for car rentals over the preceding 3 years do not exceed \$200,000, we need not submit an overall goal for car rentals. Likewise, if the average annual concession revenues for concessions other than car rentals over the preceding 3 years do not exceed \$200,000, we need not submit an overall goal for concessions other than car rentals. We understand that "revenue" means total revenue generated by concessions, not the fees received by the airport from concessionaires.

SJT's overall goals will provide for participation by all certified ACDBEs and will not be subdivided into group-specific goals.

Section 23.43 Consultation in Goal Setting

SJT consults with stakeholders before submitting the overall goals to the FAA. Stakeholders will include, but not be limited to, minority and women's business groups, community organizations, trade associations representing concessionaires currently located at the airport, as well as existing concessionaires themselves, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged businesses, the effects of discrimination on opportunities for ACDBEs, and the sponsors efforts to increase participation of ACDBEs.

When submitting our overall goals, we will identify the stakeholders that we consulted with and provide a summary of the information obtained from the stakeholders.

Section 23.45 Overall Goals

The sponsor is a non-hub primary airport. As a condition of eligibility for FAA financial assistance, the sponsor will submit its overall goals to the FAA.

If a new concession opportunity arises at a time that falls between the normal submission dates above and the estimated average of annual gross revenues are anticipated to be \$200,000 or greater, the sponsor will submit an appropriate adjustment to the overall goal to FAA for approval no later than 90 days before issuing the solicitation for the new concession opportunity. (23.45i)

The sponsor will establish overall goals in accordance with the 2-Step process as specified in section 23.51. After determining the total gross receipts for the concession activity, the first step is to determine the relative availability of ACDBEs in the market area, “base figure”. The second step is to examine all relevant evidence reasonably available in the sponsor’s jurisdiction to determine if an adjustment to the Step 1 “base figure” is necessary so that the goal reflects as accurately as possible the ACDBE participation the sponsor would expect in the absence of discrimination. Evidence may include, but is not limited to past participation by ACDBEs, a disparity study, evidence from related fields that affect ACDBE opportunities to form, grow, and compete (such as statistical disparities in ability to get required financing, bonding, insurance; or data on employment, self-employment, education, training and union apprenticeship)

The sponsor will arrange solicitations, times for the presentation of bids, quantities, specifications, and delivery schedules in ways that facilitate participation by ACDBEs and other small businesses and by making contracts more accessible to small businesses, by means such as those provided under § 26.39 of this part.

A description of the methodology to calculate the overall goal for car rentals, the goal calculations, and the data we relied on can be found in Attachment 5 to this program.

A description of the methodology to calculate the overall goal for concessions other than car rentals, the goal calculations, and the data we relied on can be found in Attachment 4 to this program.

Projection of Estimated Race-Neutral & Race-Conscious Participation (23.45(f), 23.25(d-e))

The breakout of estimated race-neutral and race-conscious participation can be found with the goal methodology in Attachments 4 and 5 to this program. This section of the program will be reviewed annually when the goal calculation is reviewed under 23.41(c).

Concession Specific Goals (This language is also included in the ACDBE goal attachment 4) (23.25 (c)(e)(1)(iv))

SJT will use concession specific goals to meet any portion of the overall goals it does not project being able to meet using race-neutral means. Concession specific goals are established so that, over the period to which the overall goals apply, they will cumulatively result in meeting any portion of our overall goal that is not projected to be met through the use of race-neutral means.

We will establish concession specific goals only on those concessions that have direct ownership arrangements (except car rentals), sublease, or subcontracting possibilities. We will require businesses subject to ACDBE goals at the airport (except car rental companies) to make good faith efforts to explore all available options to meet goals, to the maximum extent practicable, through direct ownership arrangements with DBEs (23.25 (f)). Car rental firms are not required to change their corporate structure to provide

for direct ownership arrangements. In the case of a car rental goal, where it appears that all or most of the goal is likely to be met through the purchases by car rental companies of vehicles or other goods or services from ACDBEs, one permissible alternative is to structure the goal entirely in terms of purchases of goods and services.)

We need not establish a concession specific goal on every such concession, and the size of concession specific goals will be adapted to the circumstances of each such concession (e.g., type and location of concession, availability of ACDBEs.)

If the objective of a concession specific goal is to obtain ACDBE participation through direct ownership with an ACDBE, the San Angelo Regional Airport/Mathis Field (SJT) will calculate the goal as a percentage of the total estimated annual gross receipts from the concession. (23.25(e)(1)(i))

If the concession specific goal applies to purchases and/or leases of goods and services, the San Angelo Regional Airport/Mathis Field (SJT) will calculate the goal by dividing the estimated dollar value of such purchases and/or leases from ACDBEs by the total estimated dollar value of all purchases to be made by the concessionaire. (23.25(e)(1)(ii))

Good Faith Efforts on Concession Specific Goals (23.25(e)(1)(iii), (iv))

To be eligible to be awarded a concession that has a concession specific goal, bidders/offerors must make good faith efforts to meet the goal. A bidder/offeror may do so either by obtaining enough ACDBE participation to meet the goal or by documenting that it made sufficient good faith efforts to do so. (23.25(e)(1)(iv)). Examples of good faith efforts are found in Appendix A to 49 CFR Part 26. The procedures applicable to 49 CFR Sections 26.51 and 26.53, regarding contract goals apply to the San Angelo Regional Airport/Mathis Field's concession specific goals. Specifically:

Section 26.53 Good Faith Efforts Procedures

Demonstration of good faith efforts (26.53(a) & (c))

The obligation of the bidder/offeror is to make good faith efforts. The bidder/offeror can demonstrate that it has done so either by meeting the contract goal or documenting good faith efforts. Examples of good faith efforts are found in Appendix A to Part 26.

Jeremy Valgardson, Airport Director, is responsible for determining whether a bidder/offeror who has not met the contract goal has documented sufficient good faith efforts to be regarded as Responsive.

We will ensure that all information is complete and accurate and adequately documents the bidder/offeror's good faith efforts before we commit to the performance of the contract by the bidder/offeror.

Information to be submitted (26.53(b))

In our solicitations for concession contracts for which a contract goal has been established, we will require the following:

- (1) Award of the contract will be conditioned on meeting the requirements of this section;
- (2) All bidders or offerors will be required to submit the following information to the recipient, at the time provided in paragraph (b)(3) of this section:
 - (i) The names and addresses of ACDBE firms that will participate in the contract;
 - (ii) A description of the work that each ACDBE will perform. To count toward meeting a goal, each ACDBE firm must be certified in a NAICS code applicable to the kind of work the firm would perform on the contract;
 - (iii) The dollar amount of the participation of each ACDBE firm participating;
 - (iv) Written documentation of the bidder/offeror's commitment to use an ACDBE sub-concession whose participation it submits to meet a contract goal; and
 - (v) Written confirmation from each listed ACDBE firm that it is participating in the contract in the kind and amount of work provided in the prime concessionaire's commitment.
 - (vi) If the contract goal is not met, evidence of good faith efforts (see Appendix A of this part). The documentation of good faith efforts must include copies of each ACDBE and non-ACDBE sub-concession quote submitted to the bidder when a non-ACDBE sub-concession was selected over an ACDBE for work on the contract; and
- (3) We will require that the bidder/offeror present the information required by paragraph (b)(2) of this section:

Under sealed bid procedures, as a matter of responsiveness, or with initial proposals, under contract negotiation procedures;

Provided that, in a negotiated procurement, including a design-build procurement, the bidder/offeror may make a contractually binding commitment to meet the goal at the time of bid submission or the presentation of initial proposals but provide the information required by paragraph (b)(2) of this section before the final selection for the contract is made by the recipient.

Administrative reconsideration (26.53(d))

Within seven (7) business days of being informed by the San Angelo Regional Airport/Mathis Field (SJT) that it is not responsive because it has not documented sufficient good faith efforts, a bidder/offeror may request administrative reconsideration. Bidder/offerors should make this request in writing to the following reconsideration official:

Michael Dane
Assistant City Manager
City of San Angelo
72 West College
San Angelo, TX 76903

Phone: 325-657-4241

Fax: 325-657-4335

Email: michael.dane@cosatx.us

The reconsideration official will not have played any role in the original determination that the bidder/offeror did not document sufficient good faith efforts.

As part of this reconsideration, the bidder/offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The bidder/offeror will have the opportunity to meet in person with our reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. We will send the bidder/offeror a written decision on reconsideration, explaining the basis for finding that the bidder did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.

Good Faith Efforts when an ACDBE is replaced on a concession (26.53(f))

The San Angelo Regional Airport/Mathis Field (SJT) will require a concessionaire to make good faith efforts to replace an ACDBE that is terminated or has otherwise failed to complete its concession agreement, lease, or subcontract with another certified ACDBE, to the extent needed to meet the concession specific goal. We will require the concessionaire to notify the ACDBELO immediately of the ACDBEs inability or unwillingness to perform and provide reasonable documentation.

In this situation, we will require the concessionaire to obtain our prior approval of the substitute ACDBE and to provide copies of new or amended subcontracts, or documentation of good faith efforts.

We will provide such written consent only if we agree, for reasons stated in our concurrence document, that the prime concession has good cause to terminate the ACDBE firm. For purposes of this paragraph, good cause includes the following circumstances:

- (1) The listed ACDBE sub-concession fails or refuses to execute a written contract;
- (2) The listed ACDBE sub-concession fails or refuses to perform the work of its sub-concession in a way consistent with normal industry standards. Provided however, that good cause does not exist if the failure or refusal of the ACDBE sub-concession to perform its work on the sub-concession results from the bad faith or discriminatory action of the prime contractor;
- (3) The listed ACDBE sub-concession fails or refuses to meet the prime concession's reasonable, non-discriminatory bond requirements.

- (4) The listed ACDBE sub-concession becomes bankrupt, insolvent, or exhibits credit unworthiness;
- (5) The listed ACDBE sub-concession is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1,200 or applicable state law;
- (6) We have determined that the listed ACDBE subcontractor is not responsible;
- (7) The listed ACDBE sub-concession voluntarily withdraws from the project and provides to us written notice of its withdrawal;
- (8) The listed ACDBE is ineligible to receive ACDBE credit for the type of work required;
- (9) An ACDBE owner dies or becomes disabled with the result that the listed ACDBE concession is unable to complete its work on the contract;
- (10) Other documented good cause that we have determined compels the termination of the ACDBE sub-concession. Provided, that good cause does not exist if the prime concession seeks to terminate an ACDBE it relied upon to obtain the contract so that the prime concession can self-perform the work for which the ACDBE concession was engaged or so that the prime contractor can substitute another ACDBE or non-ACDBE concession after contract award.

Before transmitting to us its request to terminate and/or substitute an ACDBE sub-concession, the prime concession must give notice in writing to the ACDBE sub-concession, with a copy to us, of its intent to request to terminate and/or substitute, and the reason for the request.

The prime concession must give the ACDBE five days to respond to the prime concession's notice and advise us and the concessionaire of the reasons, if any, why it objects to the proposed termination of its sub-concession and why we should not approve the prime concession's action. If required in a particular case as a matter of public necessity (e.g., safety), we may provide a response period shorter than five days.

SJT will require a concessionaire to make good faith efforts to replace an ACDBE that is terminated or has otherwise failed to complete its work on a concession with another certified ACDBE. These good faith efforts shall be directed at finding another ACDBE to perform at least the same amount of work under the concession contract as the ACDBE that was terminated, to the extent needed to meet the concession contract goal that we established for the procurement. The good faith efforts shall be documented by the concessionaire. If we request documentation from the concessionaire under this provision, the concessionaire shall submit the documentation to us within 7 days, which may be extended for an additional 7 days if necessary, at the request of the concessionaire, and the recipient shall provide a written determination to the concessionaire stating whether or not good faith efforts have been demonstrated.

We will include in each prime concession contract the contract clause required by

§ 26.13(b) stating that failure by the concessionaire to carry out the requirements of this part is a material breach of the contract and may result in the termination of the

concession contract or such other remedies set forth in that section that we deem appropriate if the prime concessionaire fails to comply with the requirements of this section.

If the concessionaire fails or refuses to comply in the time specified, our contracting office will issue an order stopping all or part of payment/work until satisfactory action has been taken. If the concessionaire still fails to comply, the contracting officer may issue a termination for default proceeding.

Sample Proposal/Bid Specification:

The requirements of 49 CFR Part 23, regulations of the U.S. Department of Transportation, applies to this concession. It is the policy of the San Angelo Regional Airport/Mathis Field (SJT) to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract. All firms qualifying under this solicitation are encouraged to submit bids/proposals. Award of this concession will be conditioned upon satisfying the requirements of this proposal/bid specification. These requirements apply to all concession's firms and suppliers, including those who qualify as an ACDBE. An ACDBE concession specific goal of 2.55% percent of (annual gross receipts; value of leases and/or purchases of goods and services) has been established for this concession. The concession firm shall make good faith efforts, as defined in Appendix A, 49 CFR Part 26 (Attachment 6), to meet the concession specific goal for ACDBE participation in the performance of this concession.

The concession firm will be required to submit the following information: (1) the names and addresses of ACDBE firms and suppliers that will participate in the concession, (2) A description of the work that each ACDBE will perform; (3) The dollar amount of the participation of each ACDBE firm participating; (4) Written and signed documentation of commitment to use a ACDBE whose participation it submits to meet a contract goal; (5) Written and signed confirmation from the ACDBE that it is participating in the concession as provided in the prime concessionaire's commitment; and (6) If the contract goal is not met, evidence of good faith efforts.

Section 23.53 Counting ACDBE Participation for Car Rental Goals

We will count ACDBE participation toward overall goals other than car rental as provided in 49 CFR 23.53.

Section 23.55 Counting ACDBE Participation for Concessions Other than Car Rentals

We will count ACDBE participation toward overall goals other than car rental as provided in 49 CFR 23.55.

Section 23.57 (b) Goal shortfall accountability. If the awards and commitments on our Uniform Report of ACDBE Participation (found in Appendix A to this Part) at the end of any fiscal year are less than the overall goal applicable to that fiscal year, we will:

- (1) Analyze in detail the reasons for the difference between the overall goal and our awards and commitments in that fiscal year;
- (2) Establish specific steps and milestones to correct the problems we have identified in our analysis to enable us to fully meet our goal for the new fiscal year;

Section 23.61 Quotas or Set-asides

We will not use quotas or set-asides as a means of obtaining ACDBE participation.

SUBPART E – OTHER PROVISIONS

Section 23.71 Existing Agreements

We will assess potential for ACDBE participation when an extension or option to renew an existing agreement is exercised, or when a material amendment is made. We will use any means authorized by part 23 to obtain a modified amount of ACDBE participation in the renewed or amended agreement.

Section 23.75 Long-Term Exclusive Agreements

We will not enter into a long-term and exclusive agreements for concessions without prior approval of the FAA Regional Civil Rights Office. We understand that a “long-term” agreement is one having a term of longer than 5 years. We understand that an “exclusive” agreement is one in which an entire category of a particular business opportunity is limited to a single business entity. If special, local circumstances exist that make it important to enter into a long-term and exclusive agreement, we will submit detailed information to the FAA Regional Civil Rights Office for review and approval.

Section 23.79 Geographic Preferences

We will not use a “local geographic preference”, i.e., any requirement that gives an ACDBE located in one place (e.g., your local area) an advantage over ACDBEs from other places in obtaining business as, or with, a concession at your airport.

ATTACHMENT 3

Sample Monitoring and Enforcement Mechanisms

The San Angelo Regional Airport/Mathis Field (SJT) has several remedies available to enforce the ACDBE requirements contained in its contracts, including, but not limited to breach of contract action, pursuant to the terms of the contract.

In addition, the federal government has available several enforcement mechanisms that it may apply to firms participating in the ACDBE problem, including, but not limited to, the following:

1. Suspension or debarment proceedings pursuant to 49 CFR part 23 and
2. 2 CFR parts 180 and 1200
3. Enforcement action pursuant to 49 CFR part 31; and
4. Prosecution pursuant to 18 USC 1001.

SJT will implement various mechanisms to monitor program participants to ensure they comply with Part 23, including, but not limited to the following:

1. SJT will monitor compliance of its concessionaires on concession contracts with the requirement of Part 23. SJT may impose such contract remedies as are available under the contract and under federal law for non-compliance. SJT will seek to insert monitoring and enforcement mechanisms into future concession contracts.
2. SJT will seek to enforce its concessionaires' maintaining records for 3 years following the performance of the concession contracts. SJT will require submittal of compliance updates on a regular and reasonable basis.
3. SJT may perform audits of contract payments to ACDBE firms and subcontractors. These will review payments and gross receipts earned or payments for goods and services to ensure actual amounts paid and total dollar amounts.
4. SJT will review quarterly reports by the concessionaires to monitor compliance with ACDBE goals. For non-compliance, SJT will implement contract remedies and/or corrective actions.

ATTACHMENT 4

Section 23.45: Overall Goal Calculation for Car Rental Concessions

In fulfillment of the requirements of 49 CFR Part 23, the City of San Angelo has developed a proposed Overall Goal for FFY 2020 – 2022 for Car Rental Concessions.

I. Amount of Goal

The City's overall car rental goal for the period beginning October 1, 2019 and ending September 30, 2022 is the following: **0.21%** of total purchases of goods and services excluding the purchase of cars for car rental operations at the San Angelo Regional Airport.

There are no new car rental concession opportunities anticipated during this goal period. If any additional car rental concession opportunities arise prior to the end of this goal period and the estimated average of annual gross revenues are anticipated to be \$200,000 or greater, the City will submit an appropriate adjustment to the overall goal. This will be submitted to FAA for approval at least 90 days before executing the new concession agreement (23.45(i)).

The City has determined that its market area for car rental concessions is the **State of Texas**. The market area is usually the geographical area in which the substantial majority of firms which seek to do concessions business with the airport are located and the geographical area in which the firms which receive a substantial majority of concessions related revenues are located. However, because of the unique nature of car rental concessions, the City is proposing to use alternative rationale as indicated in section B of this attachment.

A. Projected Concessions Revenue: October 1, 2019 - September 30, 2022

Projected revenue for the three-year period is based upon the gross receipts for the preceding three years. The table below describes the gross concession receipts for that period.

Table 2: Gross Receipts for Car Rental Concessions for FFY 2017-2019

Federal Fiscal Year (FY)	Car Rental Concessions Revenue
FY2017	\$2,252,755
FY2018	\$2,427,934
FY2019	\$2,001,150
TOTAL	\$6,681,838

Source: San Angelo Regional Airport / Mathis Field (SJT)

Based on the information provided in the table above, the total gross receipts for the previous three-year period for car rental concessions is \$6,681,838. Gross receipts are projected to remain flat over the next three years, so the car rental concessions base will be approximately \$6,681,838 over the next three federal fiscal years.

B. Determination of Market area

The market area is defined by the geographical area in which the substantial majority of firms that seek to do concessions business with the airport are located and the geographical area in which the firms that receive the substantial majority of concessions-related revenues are located.

The City believes that, although firms that are currently doing business with the airport are located nationally, Airport Concession Disadvantaged Business Enterprises (ACDBE) that would participate would more likely not be located nationally, especially for the purchase of goods and services. Therefore, the City is proposing to use the State of Texas as the market area.

II. Methodology used to Calculate Overall Goal

A. Goods and Services

The City can meet the percentage goal by including the purchase from ACDBEs of goods and services used in business at the airport. The dollar value from purchases of goods and services from ACDBEs may be added to the numerator, and the dollar value from purchases of goods and services from all firms (ACDBEs and non-ACDBEs) may be added to the denominator.

B. Management Contract or Subcontract

The City can meet the percentage goal by including any business operated through a management contract or subcontract with an ACDBE. The City, and the businesses at the airport, will add the dollar amount of a management contract or subcontract with an ACDBE to the total participation by ACDBEs in airport concessions (both the numerator AND the denominator) and to the base from which the airport's percentage goal is calculated. However, the dollar amount of a management contract or subcontract with a non-ACDBE and the gross revenue of business activities to which the management contract or subcontract pertains will not be added to this base in either the numerator or denominator. While the City realizes that this appears to go against the normal rules and rationale for goal-setting, the City understands that this method is nevertheless required by statute.

C. Step 1: 23.51 (c)

The City determined the base figure for the relative availability of car rental ACDBEs. The base figure was calculated as follows:

The Step 1 DBE Base Figure was determined by dividing the number of ACDBE firms available by the total number of firms available to determine the relative availability of ACDBEs as indicated in **Table 5** below.

**Table 5: Determination of Relative Availability of ACDBEs
(suppliers of goods and services)**

Rental Car Concession Type	NAICS Code	ACDBE Firms	All Firms	Total ACDBE Firms Available	Total Firms Available	ACDBE Base Figure
Fuel supplies	424720	3	376			
Tire dealers	441320	0	1766			
Office supplies	453210	2	424			
Insurance Agencies	524210	3	11643			
Advertising	541850	4	198			
Advertising-related services	541890	8	504			
Appraisal services	541990	11	1157			
Auto body/paint	811121	5	2493			
Auto glass repair/replacement	811122	0	461			
TOTAL				44	20632	0.21%

Source:

1. 2018 County Business Patterns, U.S. Census Bureau, June 25, 2020.
2. Texas Department of Transportation DBE Directory, July 2020

NOTE: The County Business Patterns data were used as the source to determine the denominator, or the number of all firms in the market area. The directories listed above were used to determine the numerator, or the number of ACDBE firms in the market area.

The Step 1 base goal for car rental ACDBEs is **0.21%**.

D. Step 2: 23.51(d)

After calculating a base figure of the relative availability of ACDBEs, the City examined evidence to determine whether or not the base figure needs to be adjusted in order to arrive at the overall goal.

The data used to determine the adjustment to the base figure was:

1. **Past participation** – The City evaluated the current capacity of ACDBEs to perform work in car-rental concessions program by measuring the volume of work ACDBEs have performed in the past.

No data were available for past participation as of this submittal. The data will be maintained going forward, and the ACDBE goal will be adjusted in the future accordingly.

2. **Disparity Study**

The City is not aware of any disparity studies that have been conducted in the Tom Green County area. The State of Texas conducted a disparity study in 2019 for its statewide Historically Underutilized Business (HUB) program, but the study does not address concessions.

E. Adjustment of the Step 1 Base Figure

The City will not make an adjustment to the base figure based on past participation, since no data are available. The overall goal for car rental concessions will be established at **0.21%**. This means that the car rental concessions must spend 0.21% of expenditures with certified ACDBE vendors.

III. Consultation with Stakeholders (23.43)

Before establishing the DBE car rental concessions goal, the Airport consulted with small, minority and women-owned business development organizations, including current airport concessionaires, without limiting consultation to these persons or groups, to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for ACDBEs, and the Airport's efforts to establish a level playing field for the participation of ACDBEs. The airport held a stakeholder meeting, and discussion during the consultation session is detailed in Appendix A of Attachment 4.

Breakout of Estimated Race-Neutral & Race-Conscious Participation

Section 23.51

The City will meet the maximum feasible portion of its overall goal by using race-neutral means of facilitating ACDBE participation. The City uses the race-neutral measures listed below to increase ACDBE participation. The City understands that it will be expected to actually take these steps, and this is not merely a paper exercise.

1. Locating and identifying ACDBEs and other small businesses who may be interested in participating as concessionaires under 49 CFR Part 23;
2. Notifying ACDBEs of concession opportunities and encouraging them to compete, when appropriate;
3. Structuring concession activities, when practical, so as to encourage and facilitate the participation of ACDBEs;
4. Providing technical assistance to ACDBEs in overcoming limitations;
5. Ensuring that competitors for concession opportunities are informed during pre-solicitation meetings about how the City's ACDBE program will affect the procurement process;
6. Providing information concerning the availability of ACDBE firms to competitors to assist them in obtaining ACDBE participation.

The City estimates that it will meet its overall goal of **0.21%** for FFY 2020-2022 via race-neutral measures. If the City projects that race-neutral measures, standing alone, are not sufficient to meet an overall goal, it will use the following race-conscious measures to meet the overall goal:

1. Establish concession-specific goals for particular concession opportunities.
2. Negotiate with potential concessionaires to include ACDBE participation through purchases of goods and services in the operation of the concession.
3. Utilize, with prior FAA approval, other methods that take a competitor's ability to provide ACDBE participation into account in awarding a concession.

In order to ensure that the ACDBE program will be narrowly tailored to overcome the effects of discrimination, if the City uses concession-specific goals, it will adjust the estimated breakout of race-neutral and race-conscious participation as needed to reflect actual ACDBE participation (see 26.51(f)) and the City will track and report race-neutral and race conscious participation separately. For reporting purposes, race neutral ACDBE participation includes, but is not necessarily limited to, the following:

- ACDBE participation through a prime contract that an ACDBE obtains through customary competitive procurement procedures
- ACDBE participation through a subcontract on a prime contract that does not carry an ACDBE goal
- ACDBE participation on a prime contract exceeding a concession-specific goal

The City will maintain data separately on ACDBE achievements in those contracts with and without concession-specific goals, respectively.

Concession Specific Goals (23.25 (c)(e)(1)(iv))

SJT will use concession specific goals to meet any portion of the overall goals it does not project being able to meet using race-neutral means. Concession specific goals are established so that, over the period to which the overall goals apply, they will cumulatively result in meeting any portion of our overall goal that is not projected to be met through the use of race-neutral means.

We will establish concession specific goals only on those concessions that have direct ownership arrangements (except car rentals), sublease, or subcontracting possibilities. We will require businesses subject to ACDBE goals at the airport (except car rental companies) to make good faith efforts to explore all available options to meet goals, to the maximum extent practicable, through direct ownership arrangements with DBEs (23.25 (f)). Car rental firms are not required to change their corporate structure to provide for direct ownership arrangements. In the case of a car rental goal, where it appears that all or most of the goal is likely to be met through the purchases by car rental companies of vehicles or other goods or services from ACDBEs, one permissible alternative is to structure the goal entirely in terms of purchases of goods and services.)

We need not establish a concession specific goal on every such concession, and the size of concession specific goals will be adapted to the circumstances of each such concession (e.g., type and location of concession, availability of ACDBEs.)

If the objective of a concession specific goal is to obtain ACDBE participation through direct ownership with an ACDBE, the San Angelo Regional Airport/Mathis Field (SJT) will calculate the goal as a percentage of the total estimated annual gross receipts from the concession. (23.25(e)(1)(i))

If the concession specific goal applies to purchases and/or leases of goods and services, the San Angelo Regional Airport/Mathis Field (SJT) will calculate the goal by dividing the estimated dollar value of such purchases and/or leases from ACDBEs by the total estimated dollar value of all purchases to be made by the concessionaire. (23.25(e)(1)(ii))

PUBLIC PARTICIPATION

Consultation: Section 23.43

A public virtual consultation meeting was held on August 12, 2020 at 10:00 a.m. at the San Angelo Regional. Invitations will be sent electronically to the parties listed below by KSA Engineers. The objective of the meeting was to meet with minority or women's groups or community organizations that might have information regarding the availability of disadvantaged and non-disadvantaged businesses.

We contacted:

- San Angelo Chamber of Commerce - (325) 655-4136 (chamber@sanangelo.org)
- Angelo State University Small Business Development Center 69 N. Chadbourne St., San Angelo, TX 76903 – (325) 942-2098 (<https://www.angelo.edu/services/sbdc/>)
- Airport Minority Advisory Council (AMAC) - <https://www.amac-org.com/>
- DCAT "Mathis Field Café" - Debbie Champion - DTChampion68@yahoo.com (254) 247-5382 and Abel Tarin - Abeltarin@hotmail.com - (325) 212-0592
- Mathis Grill - Lisa Lee - Mlee42667@yahoo.com - (432) 661-1725
- Sherley Spears, San Angelo Chamber of Commerce Diversity Team - msslspears@gmail.com
- The Midland Hispanic Chamber of Commerce - ofelia@midlandhcc.com
- San Angelo Regional Airport - Avis Rental Car - (325) 949-8681
- San Angelo Regional Airport - Budget Rental Car - (325) 944-4718

The consultation meeting attendees discussed the overall goal calculations for non-rental concessions as well as rental car concessions (as shown in Attachments 4 and 5), prior to submitting this goal to the FAA.

A summary of the information provided is as follows:

- Introductions
 - All participants briefly introduced themselves
- San Angelo Regional Airport briefing
 - The group was briefed on passenger and concessions statistics
- Introduction to 49 CFR Part 23 - ACDBE Program
 - The ACDBE Airport's role and responsibilities were explained
 - The ACDBE Liaison Officer's role and responsibility was explained
- Proposed ACDBE Goal Methodology
 - The proposed rental car concessions goal methodology was explained
 - The "other than rental car" concessions goal methodology was explained

- Potential / Proposed ACDBE Opportunities
 - The airport staff express their interest in meeting and exceeding the proposed goals
 - A list of certified ACDBE firms in the market area was provided to the airport staff
- Examples of ACDBE firms in the market area
 - Examples of applicable types of concessionaires were described
- Questions and Open Discussion
 - The meeting was recorded for stakeholders that were unable to attend

ATTACHMENT 5

Section 23.45: Overall Goal Calculation for Concessions Other Than Car Rentals

San Angelo Regional Airport-Mathis Field, San Angelo TX

In fulfillment of the requirements of 49 CFR Part 23, the City of San Angelo has developed a proposed Overall Goal for federal fiscal years (FFY) 2020 – 2022 for concessions other than car rentals.

I. Amount of Goal

The City of San Angelo's overall goal for concessions other than car rental (i.e. non-car rental concessions) during the period beginning October 1, 2019 and ending September 30, 2022 is the following: **1.00%** of the total purchases for goods and services for non-car rental concessions at the Airport.

There are no new concession opportunities anticipated during this goal period. If a new concession opportunity does arise prior to the end of this goal period and the estimated average of annual gross revenues are anticipated to be \$200,000 or greater, the City will submit an appropriate adjustment to the overall goal. This will be submitted to FAA for approval at least 90 days before executing the new concession agreement (49 CFR § 23.45(l)).

The City has determined that its market area is the San Angelo MSA. The market area is usually the geographical area in which the substantial majority of firms that seek to do concessions business with the airport are located and the geographical area in which the firms which receive a substantial majority of concessions related revenues are located. Due to the unique nature of concessions, the City proposes to use an alternative rationale for its market area, which will be further detailed in section B below.

A. Projected Concessions Opportunities: October 1, 2019 – September 30, 2022

Concessions revenue projected for the three-year period is based upon the gross receipts for the preceding three years. The tables below describe the gross concession receipts for that period.

**Table 1: Gross Receipts for “All Other” Concessions
(Non-Car Rental Concessions) for FFY 2017-2019**

Federal Fiscal Year (FY)	Non-car Rental Concessions Revenue
FY2017	\$513,502
FY2018	\$483,246
FY2019	\$422,576
Total	\$1,419,323

Source: City of San Angelo

Based on the information provided in the table above, the total gross receipts for the three (3) year period for “all other” (non-car rental) concessions are **\$1,419,323**.

B. Determination of Market Area

The market area is normally defined by the geographical area in which the substantial majority of firms that seek to do concessions business with the airport are located and the geographical area in which the firms that receive the substantial majority of concessions-related revenues are located.

The airport has two (2) non-car rental concessions, both of which are food and beverage concessions based in San Angelo. The City believes that, with the headquarters of the companies being in San Angelo, Airport Concession Disadvantaged Business Enterprises (ACDBE) that would participate would more likely come from the local area. Therefore, the City is proposing to utilize the San Angelo MSA as the market area.

II. Methodology used to Calculate Overall Goal

A. Goods and Services

The City can meet the percentage goal by including the purchase from ACDBEs of goods and services used in non-car rental concessions business conducted at the airport. The Airport, and the non-car rental concessionaires at the airport, should make good faith efforts to explore all available options to achieve, to the maximum extent practicable, compliance with the goal through direct ownership arrangements, including joint ventures and franchises. The dollar value from purchases of goods and services from ACDBEs may be added to the numerator, and the dollar value from purchases of goods and services from all firms (ACDBEs and non-ACDBEs) may be added to the denominator.

B. Management Contract or Subcontract

The City can meet the percentage goal by including any non-car rental concessions operated through a management contract or subcontract with an ACDBE. The City, and the non-car rental concessions at the airport, will add the dollar amount of a management contract or subcontract with an ACDBE to the total participation by ACDBEs in airport concessions (both the numerator AND the denominator) and to the base from which the airport's percentage goal is calculated. However, the dollar amount of a management contract or subcontract with a non-ACDBE and the gross revenue of business activities to which the management contract or subcontract pertains will not be added to this base in either the numerator or denominator. While the City realizes that this appears to go against the normal rules and rationale for goal-setting, the City understands that this method is nevertheless required by statute.

C. Step 1: 23.51 (c)

The City determined the base figure for the relative availability of ACDBEs other than car rentals. The base figure was calculated as follows:

The Step 1 DBE Base Figure was determined by dividing the number of ACDBE firms available by the total number of firms available to determine the relative availability of ACDBEs for each concession type. That relative availability or projected participation was multiplied by the percentage of total estimated revenue to determine the weighted availability of ACDBEs in the Airport's market area for each concession type as indicated in **Table 3** below.

Table 3: Determination of Relative Availability of ACDBEs (Non-Car Rental)

Concession Type	NAICS Code	ACDBE Firms	All Firms	Total ACDBE Firms Available	Total Firms Available	ACDBE Base Figure
Limited-service restaurants	722513	0	94			
Snack and nonalcoholic beverage bars	722515	0	14			
TOTAL				0	108	0.00%

Source:

1. 2018 County Business Patterns, U.S. Census Bureau, June 25, 2020.
2. Texas Unified Certification Program (TUCP) DBE Directory, July 2020.

NOTE: The County Business Patterns data were used as the source to determine the denominator, or the number of all firms in the market area. The directories listed above were used to determine the numerator, or the number of DBE firms in the market area.

The Step 1 ACDBE base figure for non-car rental concessions is **0.00%**.

D. Step 2: 23.51(d)

After calculating a base figure of the relative availability of ACDBEs, the City examined evidence to determine whether or not the base figure needs to be adjusted in order to arrive at the overall goal.

The data used to determine the adjustment to the base figure was:

1. Past participation

The City evaluated the current capacity of ACDBEs to perform work in the concessions program by measuring the volume of work ACDBEs have performed in the past.

The City does not have any current records showing past ACDBE goals and accomplishments, so no adjustment will be made using past participation.

2. Disparity Study

The City is not aware of any disparity studies that have been conducted in the San Angelo area for concessions.

E. Adjustment of the Step 1 Goal

The City will not make an adjustment to the base figure (0.00%) based on past participation. Per FAA guidance, the overall goal for non-car rental concessions will be established at **1.00%**.

III. Consultation with Stakeholders (23.43)

Before establishing the DBE non-car rental concessions goal, the Airport consulted with small, minority and women-owned business development organizations including current airport concessionaires, without limiting consultation to these persons or groups, to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for ACDBEs, and the Airport's efforts to establish a level playing field for the participation of

ACDBEs. The airport held a stakeholders meeting, and the results of these consultations are detailed in Table 4A of Attachment 4.

Breakout of Estimated Race-Neutral & Race-Conscious Participation

Section 23.51

The City will meet the maximum feasible portion of its overall goal by using race-neutral means of facilitating ACDBE participation. The City uses the race-neutral measures below to increase ACDBE participation. The City understands that it will be expected to actually take these steps, and this is not merely a paper exercise.

1. Locating and identifying ACDBEs and other small businesses who may be interested in participating as concessionaires under 49 CFR Part 23;
2. Notifying ACDBEs of concession opportunities and encouraging them to compete, when appropriate;
3. When practical, structuring concession activities so as to encourage and facilitate the participation of ACDBEs;
4. Providing technical assistance to ACDBEs in overcoming limitations.
5. Ensuring that competitors for concession opportunities are informed during pre-solicitation meetings about how the City's ACDBE program will affect the procurement process;
6. Providing information concerning the availability of ACDBE firms to competitors to assist them in obtaining ACDBE participation.

The City estimates that, in meeting the overall goal of **1.00%**, it will obtain the goal using race-neutral participation. If the City projects that race-neutral measures, standing alone, are not sufficient to meet an overall goal, it will use the following race-conscious measures to meet the overall goal:

1. Establish concession-specific goals for particular concession opportunities.
2. Negotiate with potential concessionaires to include ACDBE participation through direct ownership arrangements or measures, in the operation of the concession.
3. With prior FAA approval, other methods that take a competitor's ability to provide ACDBE participation into account in awarding a concession.

In order to ensure that the ACDBE program will be narrowly tailored to overcome the effects of discrimination, if the City uses concession-specific goals, it will adjust the estimated breakout of race-neutral and race-conscious participation as needed to reflect actual ACDBE participation (see 26.51(f)) and will track and report race-neutral and race conscious participation separately. For reporting purposes, race neutral ACDBE participation includes, but is not necessarily limited to, the following:

- ACDBE participation through a prime contract that an ACDBE obtains through customary competitive procurement procedures

49 CFR Part 23

- ACDBE participation through a subcontract on a prime contract that does not carry an ACDBE goal
- ACDBE participation on a prime contract exceeding a concession-specific goal

The City will maintain data separately on ACDBE achievements in those contracts with and without concession-specific goals, respectively.

ATTACHMENT 6

Forms 1 & 2 for Demonstration of Good Faith Efforts

FORM 1: AIRPORT CONCESSION DISADVANTAGED BUSINESS ENTERPRISE (ACDBE) UTILIZATION

The undersigned bidder/offeror has satisfied the requirements of the bid/proposal specification in the following manner (please check the appropriate space):

_____ The bidder/offeror is committed to a minimum of _____ % ACDBE utilization on this contract.

_____ The bidder/offeror (if unable to meet the ACDBE goal of _____%) is committed to a minimum of _____% ACDBE utilization on this contract and submitted documentation demonstrating good faith efforts.

Name of bidder/offeror's firm: _____

State Registration No. _____

By _____
(Signature) Title

FORM 2: LETTER OF INTENT

Name of bidder/offeror's firm: _____

Address: _____

City: _____ State: _____ Zip: _____

Name of ACDBE firm: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

Description of work to be performed by ACDBE firm:

The bidder/offeror is committed to utilizing the above-named ACDBE firm for the work described above. The estimated dollar value of this work is \$ _____.

Affirmation

The above-named ACDBE firm affirms that it will perform the portion of the contract for the estimated dollar value as stated above.

By _____
(Signature) (Title)

If the bidder/offeror does not receive award of the prime contract, any and all representations in this Letter of Intent and Affirmation shall be null and void.

(Submit this page for each ACDBE subcontractor.)

ATTACHMENT 8

Procedures for Removal of ACDBEs Eligibility

The Texas Department of Transportation (TxDOT), a certifying partner of the Texas Unified Certification Program (TUCP), represents San Angelo Regional Airport/ Mathis Field (SJT) on matters concerning ACDBE eligibility.

A Disadvantaged Business Enterprise (DBE/ACDBE) Unified Certification Program (UCP) has been established in the State of Texas in accordance with Title 49 Part 23 and Part 26 of the Code of Federal Regulations. TxDOT uses a Standard Operating Procedure (SOP) when making determinations of ACDBE certification eligibility and removal of eligibility.

The San Angelo Regional Airport/Mathis Field (SJT) will report all concerns regarding eligibility to the TXDOT Office of Civil Rights at the following address:

Texas Department of Transportation
Civil Rights Division
125 E. 11th Street
Austin, TX 78701-2483

Title 49: Transportation

**PART 23—PARTICIPATION OF DISADVANTAGED BUSINESS ENTERPRISE IN AIRPORT
CONCESSIONS**

Subpart A—General

§23.1 What are the objectives of this part?

This part seeks to achieve several objectives:

- (a) To ensure nondiscrimination in the award and administration of opportunities for concessions by airports receiving DOT financial assistance;
- (b) To create a level playing field on which ACDBEs can compete fairly for opportunities for concessions;
- (c) To ensure that the Department's ACDBE program is narrowly tailored in accordance with applicable law;
- (d) To ensure that only firms that fully meet this part's eligibility standards are permitted to participate as ACDBEs;
- (e) To help remove barriers to the participation of ACDBEs in opportunities for concessions at airports receiving DOT financial assistance; and
- (f) To provide appropriate flexibility to airports receiving DOT financial assistance in establishing and providing opportunities for ACDBEs.

§23.3 What do the terms used in this part mean?

Administrator means the Administrator of the Federal Aviation Administration (FAA).

49 CFR Part 23

Affiliation has the same meaning the term has in the Small Business Administration (SBA) regulations, 13 CFR part 121, except that the provisions of SBA regulations concerning affiliation in the context of joint ventures (13 CFR §121.103(f)) do not apply to this part.

(1) Except as otherwise provided in 13 CFR part 121, concerns are affiliates of each other when, either directly or indirectly:

- (i) One concern controls or has the power to control the other; or
- (ii) A third party or parties controls or has the power to control both; or
- (iii) An identity of interest between or among parties exists such that affiliation may be found.

(2) In determining whether affiliation exists, it is necessary to consider all appropriate factors, including common ownership, common management, and contractual relationships. Affiliates must be considered together in determining whether a concern meets small business size criteria and the statutory cap on the participation of firms in the ACDBE program.

Airport Concession Disadvantaged Business Enterprise (ACDBE) means a concession that is a for-profit small business concern—

(1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and

(2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*)

Car dealership means an establishment primarily engaged in the retail sale of new and/or used automobiles. Car dealerships frequently maintain repair departments and carry stocks of replacement parts, tires, batteries, and automotive accessories. Such establishments also frequently sell pickup trucks and vans at retail. In the standard industrial classification system, car dealerships are categorized in NAICS code 441110.

Concession means one or more of the types of for-profit businesses listed in paragraph (1) or (2) of this definition:

(1) A business, located on an airport subject to this part, that is engaged in the sale of consumer goods or services to the public under an agreement with the recipient, another concessionaire, or the owner or lessee of a terminal, if other than the recipient.

(2) A business conducting one or more of the following covered activities, even if it does not maintain an office, store, or other business location on an airport subject to this part, as long as the activities take place on the airport: Management contracts and subcontracts, a web-based or other electronic business in a terminal or which passengers can access at the terminal, an advertising business that provides advertising displays or messages to the public on the airport, or a business that provides goods and services to concessionaires.

Example to paragraph (2): A supplier of goods or a management contractor maintains its office or primary place of business off the airport. However, the supplier provides goods to a retail establishment in the airport; or the

49 CFR Part 23

management contractor operates the parking facility on the airport. These businesses are considered concessions for purposes of this part.

(3) For purposes of this subpart, a business is not considered to be “located on the airport” solely because it picks up and/or delivers customers under a permit, license, or other agreement. For example, providers of taxi, limousine, car rental, or hotel services are not considered to be located on the airport just because they send shuttles onto airport grounds to pick up passengers or drop them off. A business is considered to be “located on the airport,” however, if it has an on-airport facility. Such facilities include in the case of a taxi operator, a dispatcher; in the case of a limousine, a booth selling tickets to the public; in the case of a car rental company, a counter at which its services are sold to the public or a ready return facility; and in the case of a hotel operator, a hotel located anywhere on airport property.

(4) Any business meeting the definition of concession is covered by this subpart, regardless of the name given to the agreement with the recipient, concessionaire, or airport terminal owner or lessee. A concession may be operated under various types of agreements, including but not limited to the following:

- (i) Leases.
- (ii) Subleases.
- (iii) Permits.
- (iv) Contracts or subcontracts.
- (v) Other instruments or arrangements.

(5) The conduct of an aeronautical activity is not considered a concession for purposes of this subpart. Aeronautical activities include scheduled and non-scheduled air carriers, air taxis, air charters, and air couriers, in their normal passenger or freight carrying capacities; fixed base operators; flight schools; recreational service providers (e.g., sky-diving, parachute-jumping, flying guides); and air tour services.

(6) Other examples of entities that do not meet the definition of a concession include flight kitchens and in-flight caterers servicing air carriers, government agencies, industrial plants, farm leases, individuals leasing hangar space, custodial and security contracts, telephone and electric service to the airport facility, holding companies, and skycap services under contract with an air carrier or airport.

Concessionaire means a firm that owns and controls a concession or a portion of a concession.

Department (DOT) means the U.S. Department of Transportation, including the Office of the Secretary and the Federal Aviation Administration (FAA).

Direct ownership arrangement means a joint venture, partnership, sublease, licensee, franchise, or other arrangement in which a firm owns and controls a concession.

Good faith efforts means efforts to achieve an ACDBE goal or other requirement of this part that, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to meet the program requirement.

Immediate family member means father, mother, husband, wife, son, daughter, brother, sister, grandmother, grandfather, grandson, granddaughter, mother-in-law, father-in-law, brother-in-law, sister-in-law, or registered domestic partner.

Indian tribe means any Indian tribe, band, nation, or other organized group or community of Indians, including any ANC, which is recognized as eligible for the special programs and services provided by the United States to

49 CFR Part 23

Indians because of their status as Indians, or is recognized as such by the State in which the tribe, band, nation, group, or community resides. See definition of “tribally-owned concern” in this section.

Joint venture means an association of an ACDBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which the parties combine their property, capital, efforts, skills and knowledge, and in which the ACDBE is responsible for a distinct, clearly defined portion of the work of the contract and whose shares in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest. Joint venture entities are not certified as ACDBEs.

Large hub primary airport means a commercial service airport that has a number of passenger boardings equal to at least one percent of all passenger boardings in the United States.

Management contract or subcontract means an agreement with a recipient or another management contractor under which a firm directs or operates one or more business activities, the assets of which are owned, leased, or otherwise controlled by the recipient. The managing agent generally receives, as compensation, a flat fee or a percentage of the gross receipts or profit from the business activity. For purposes of this subpart, the business activity operated or directed by the managing agent must be other than an aeronautical activity, be located at an airport subject to this subpart, and be engaged in the sale of consumer goods or provision of services to the public.

Material amendment means a significant change to the basic rights or obligations of the parties to a concession agreement. Examples of material amendments include an extension to the term not provided for in the original agreement or a substantial increase in the scope of the concession privilege. Examples of nonmaterial amendments include a change in the name of the concessionaire or a change to the payment due dates.

Medium hub primary airport means a commercial service airport that has a number of passenger boardings equal to at least 0.25 percent of all passenger boardings in the United States but less than one percent of such passenger boardings.

Native Hawaiian means any individual whose ancestors were natives, prior to 1778, of the area that now comprises the State of Hawaii.

Native Hawaiian Organization means any community service organization serving Native Hawaiians in the State of Hawaii that is a not-for-profit organization chartered by the State of Hawaii, and is controlled by Native Hawaiians

Noncompliance means that a recipient has not correctly implemented the requirements of this part.

Nonhub primary airport means a commercial service airport that has more than 10,000 passenger boardings each year but less than 0.05 percent of all passenger boardings in the United States.

Part 26 means 49 CFR part 26, the Department of Transportation's disadvantaged business enterprise regulation for DOT-assisted contracts.

Personal net worth means the net value of the assets of an individual remaining after total liabilities are deducted. An individual's personal net worth (PNW) does not include the following:

- (1) The individual's ownership interest in an ACDBE firm or a firm that is applying for ACDBE certification;
- (2) The individual's equity in his or her primary place of residence; and
- (3) Other assets that the individual can document are necessary to obtain financing or a franchise agreement for the initiation or expansion of his or her ACDBE firm (or have in fact been encumbered to support existing financing for the individual's ACDBE business) to a maximum of \$3 million. The effectiveness of this paragraph (3) of this definition is suspended with respect to any application for ACDBE certification made or any financing or franchise agreement obtained after June 20, 2012.

49 CFR Part 23

Primary airport means a commercial service airport that the Secretary determines to have more than 10,000 passengers enplaned annually.

Primary industry classification means the North American Industrial Classification System (NAICS) code designation that best describes the primary business of a firm. The NAICS Manual is available through the National Technical Information Service (NTIS) of the U.S. Department of Commerce (Springfield, VA, 22261). NTIS also makes materials available through its Web site (<http://www.ntis.gov/naics>).

Primary recipient means a recipient to which DOT financial assistance is extended through the programs of the FAA and which passes some or all of it on to another recipient.

Principal place of business means the business location where the individuals who manage the firm's day-to-day operations spend most working hours and where top management's business records are kept. If the offices from which management is directed and where business records are kept are in different locations, the recipient will determine the principal place of business for ACDBE program purposes.

Race-conscious means a measure or program that is focused specifically on assisting only ACDBEs, including women-owned ACDBEs. For the purposes of this part, race-conscious measures include gender-conscious measures.

Race-neutral means a measure or program that is, or can be, used to assist all small businesses, without making distinctions or classifications on the basis of race or gender.

Secretary means the Secretary of Transportation or his/her designee.

Set-aside means a contracting practice restricting eligibility for the competitive award of a contract solely to ACDBE firms.

Small Business Administration or *SBA* means the United States Small Business Administration.

Small business concern means a for profit business that does not exceed the size standards of §23.33 of this part.

Small hub airport means a publicly owned commercial service airport that has a number of passenger boardings equal to at least 0.05 percent of all passenger boardings in the United States but less than 0.25 percent of such passenger boardings.

Socially and economically disadvantaged individual means any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is—

(1) Any individual determined by a recipient to be a socially and economically disadvantaged individual on a case-by-case basis.

(2) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:

(i) “Black Americans,” which includes persons having origins in any of the Black racial groups of Africa;

(ii) “Hispanic Americans,” which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

(iii) “Native Americans,” which includes persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;

49 CFR Part 23

(iv) “Asian-Pacific Americans,” which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Juvalu, Nauru, Federated States of Micronesia, or Hong Kong;

(v) “Subcontinent Asian Americans,” which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;

(vi) Women;

(vii) Any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

Recipient means any entity, public or private, to which DOT financial assistance is extended, whether directly or through another recipient, through the programs of the FAA.

Tribally-owned concern means any concern at least 51 percent owned by an Indian tribe as defined in this section.

You refers to a recipient, unless a statement in the text of this part or the context requires otherwise (*i.e.*, “You must do XYZ” means that recipients must do XYZ).

[70 FR 14508, Mar. 22, 2005, as amended at 72 FR 15616, Apr. 2, 2007; 77 FR 36931, June 20, 2012]

§23.5 To whom does this part apply?

If you are a recipient that has received a grant for airport development at any time after January 1988 that was authorized under Title 49 of the United States Code, this part applies to you.

§23.7 Program reviews.

In 2010, and thereafter at the discretion of the Secretary, the Department will initiate a review of the ACDBE program to determine what, if any, modifications should be made to this part.

[75 FR 16358, Apr. 1, 2010]

§23.9 What are the nondiscrimination and assurance requirements of this part for recipients?

(a) As a recipient, you must meet the non-discrimination requirements provided in part 26, §26.7 with respect to the award and performance of any concession agreement, management contract or subcontract, purchase or lease agreement, or other agreement covered by this subpart.

(b) You must also take all necessary and reasonable steps to ensure nondiscrimination in the award and administration of contracts and agreements covered by this part.

(c) You must include the following assurances in all concession agreements and management contracts you execute with any firm after April 21, 2005:

(1) “This agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR part 23. The concessionaire or contractor agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession

49 CFR Part 23

agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR part 23.

(2) “The concessionaire or contractor agrees to include the above statements in any subsequent concession agreement or contract covered by 49 CFR part 23, that it enters and cause those businesses to similarly include the statements in further agreements.”

§23.11 What compliance and enforcement provisions are used under this part?

The compliance and enforcement provisions of part 26 (§§26.101 and 26.105 through 26.109) apply to this part in the same way that they apply to FAA recipients and programs under part 26.

[70 FR 14508, Mar. 22, 2005, as amended at 72 FR 15616, Apr. 2, 2007]

§23.13 How does the Department issue guidance, interpretations, exemptions, and waivers pertaining to this part?

(a) Only guidance and interpretations (including interpretations set forth in certification appeal decisions) consistent with this part 23 and issued after April 21, 2005, express the official positions and views of the Department of Transportation or the Federal Aviation Administration.

(b) The Secretary of Transportation, Office of the Secretary of Transportation, and the FAA may issue written interpretations of or written guidance concerning this part. Written interpretations and guidance are valid, and express the official positions and views of the Department of Transportation or the FAA, only if they are issued over the signature of the Secretary of Transportation or if they contain the following statement:

The General Counsel of the Department of Transportation has reviewed this document and approved it as consistent with the language and intent of 49 CFR part 23.

(c) You may apply for an exemption from any provision of this part. To apply, you must request the exemption in writing from the Office of the Secretary of Transportation or the FAA. The Secretary will grant the request only if it documents special or exceptional circumstances, not likely to be generally applicable, and not contemplated in connection with the rulemaking that established this part, that make your compliance with a specific provision of this part impractical. You must agree to take any steps that the Department specifies to comply with the intent of the provision from which an exemption is granted. The Secretary will issue a written response to all exemption requests.

(d) You can apply for a waiver of any provision of subpart B or D of this part including, but not limited to, any provisions regarding administrative requirements, overall goals, contract goals or good faith efforts. Program waivers are for the purpose of authorizing you to operate an ACDBE program that achieves the objectives of this part by means that may differ from one or more of the requirements of subpart B or D of this part. To receive a program waiver, you must follow these procedures:

(1) You must apply through the FAA. The application must include a specific program proposal and address how you will meet the criteria of paragraph (d)(2) of this section. Before submitting your application, you must have had public participation in developing your proposal, including consultation with the ACDBE community and at least one public hearing. Your application must include a summary of the public participation process and the information gathered through it.

(2) Your application must show that—

(i) There is a reasonable basis to conclude that you could achieve a level of ACDBE participation consistent with the objectives of this part using different or innovative means other than those that are provided in subpart B or D of this part;

49 CFR Part 23

(ii) Conditions at your airport are appropriate for implementing the proposal;

(iii) Your proposal would prevent discrimination against any individual or group in access to concession opportunities or other benefits of the program; and

(iv) Your proposal is consistent with applicable law and FAA program requirements.

(3) The FAA Administrator has the authority to approve your application. If the Administrator grants your application, you may administer your ACDBE program as provided in your proposal, subject to the following conditions:

(i) ACDBE eligibility is determined as provided in subpart C of this part, and ACDBE participation is counted as provided in §§23.53 through 23.55.

(ii) Your level of ACDBE participation continues to be consistent with the objectives of this part;

(iii) There is a reasonable limitation on the duration of your modified program; and

(iv) Any other conditions the Administrator makes on the grant of the waiver.

(4) The Administrator may end a program waiver at any time and require you to comply with this part's provisions. The Administrator may also extend the waiver, if he or she determines that all requirements of this section continue to be met. Any such extension shall be for no longer than period originally set for the duration of the program waiver.

[70 FR 14508, Mar. 22, 2005, as amended at 72 FR 15616, Apr. 2, 2007]

Subpart B—ACDBE Programs

§23.21 Who must submit an ACDBE program to FAA, and when?

(a) Except as provided in paragraph (e) of this section, if you are a primary airport that has or was required to have a concessions DBE program prior to April 21, 2005, you must submit a revised ACDBE program meeting the requirements of this part to the appropriate FAA regional office for approval.

(1) You must submit this revised program on the same schedule provided for your first submission of overall goals in §23.45(a) of this part.

(2) Timely submission and FAA approval of your revised ACDBE program is a condition of eligibility for FAA financial assistance.

(3) Until your new ACDBE program is submitted and approved, you must continue to implement your concessions DBE program that was in effect before the effective date of this amendment to part 23, except with respect to any provision that is contrary to this part.

(b) If you are a primary airport that does not now have a DBE concessions program, and you apply for a grant of FAA funds for airport planning and development under 49 U.S.C. 47107 *et seq.*, you must submit an ACDBE program to the FAA at the time of your application. Timely submission and FAA approval of your ACDBE program are conditions of eligibility for FAA financial assistance.

(c) If you are the owner of more than one airport that is required to have an ACDBE program, you may implement one plan for all your locations. If you do so, you must establish a separate ACDBE goal for each location.

(d) If you make any significant changes to your ACDBE program at any time, you must provide the amended program to the FAA for approval before implementing the changes.

(e) If you are a non-primary airport, non-commercial service airport, a general aviation airport, reliever airport, or any other airport that does not have scheduled commercial service, you are not required to have an ACDBE program. However, you must take appropriate outreach steps to encourage available ACDBEs to participate as concessionaires whenever there is a concession opportunity.

§23.23 What administrative provisions must be in a recipient's ACDBE program?

(a) If, as a recipient that must have an ACDBE program, the program must include provisions for a policy statement, liaison officer, and directory, as provided in part 26, §§26.23, 26.25, and 26.31, as well as certification of ACDBEs as provided by Subpart C of this part. You must include a statement in your program committing you to operating your ACDBE program in a nondiscriminatory manner.

(b) You may combine your provisions for implementing these requirements under this part and part 26 (*e.g.*, a single policy statement can cover both Federally-assisted airport contracts and concessions; the same individual can act as the liaison officer for both part 23 and part 26 matters).

§23.25 What measures must recipients include in their ACDBE programs to ensure nondiscriminatory participation of ACDBEs in concessions?

(a) You must include in your ACDBE program a narrative description of the types of measures you intend to make to ensure nondiscriminatory participation of ACDBEs in concession and other covered activities.

(b) Your ACDBE program must provide for setting goals consistent with the requirements of Subpart D of this part.

(c) Your ACDBE program must provide for seeking ACDBE participation in all types of concession activities, rather than concentrating participation in one category or a few categories to the exclusion of others.

(d) Your ACDBE program must include race-neutral measures that you will take. You must maximize the use of race-neutral measures, obtaining as much as possible of the ACDBE participation needed to meet overall goals through such measures. These are responsibilities that you directly undertake as a recipient, in addition to the efforts that concessionaires make, to obtain ACDBE participation. The following are examples of race-neutral measures you can implement:

(1) Locating and identifying ACDBEs and other small businesses who may be interested in participating as concessionaires under this part;

(2) Notifying ACDBEs of concession opportunities and encouraging them to compete, when appropriate;

(3) When practical, structuring concession activities so as to encourage and facilitate the participation of ACDBEs

(4) Providing technical assistance to ACDBEs in overcoming limitations, such as inability to obtain bonding or financing;

(5) Ensuring that competitors for concession opportunities are informed during pre-solicitation meetings about how the recipient's ACDBE program will affect the procurement process;

(6) Providing information concerning the availability of ACDBE firms to competitors to assist them in obtaining ACDBE participation; and

49 CFR Part 23

(7) Establishing a business development program (see part 26, §26.35); technical assistance program; or taking other steps to foster ACDBE participation in concessions.

(e) Your ACDBE program must also provide for the use of race-conscious measures when race-neutral measures, standing alone, are not projected to be sufficient to meet an overall goal. The following are examples of race-conscious measures you can implement:

(1) Establishing concession-specific goals for particular concession opportunities.

(i) If the objective of the concession-specific goal is to obtain ACDBE participation through a direct ownership arrangement with a ACDBE, calculate the goal as a percentage of the total estimated annual gross receipts from the concession.

(ii) If the goal applies to purchases and/or leases of goods and services, calculate the goal by dividing the estimated dollar value of such purchases and/or leases from ACDBEs by the total estimated dollar value of all purchases to be made by the concessionaire.

(iii) To be eligible to be awarded the concession, competitors must make good faith efforts to meet this goal. A competitor may do so either by obtaining enough ACDBE participation to meet the goal or by documenting that it made sufficient good faith efforts to do so.

(iv) The administrative procedures applicable to contract goals in part 26, §26.51-53, apply with respect to concession-specific goals.

(2) Negotiation with a potential concessionaire to include ACDBE participation, through direct ownership arrangements or measures, in the operation of the concession.

(3) With the prior approval of FAA, other methods that take a competitor's ability to provide ACDBE participation into account in awarding a concession.

(f) Your ACDBE program must require businesses subject to ACDBE goals at the airport (except car rental companies) to make good faith efforts to explore all available options to meet goals, to the maximum extent practicable, through direct ownership arrangements with DBEs.

(g) As provided in §23.61 of this part, you must not use set-asides and quotas as means of obtaining ACDBE participation.

§23.27 What information does a recipient have to retain and report about implementation of its ACDBE program?

(a) As a recipient, you must retain sufficient basic information about your program implementation, your certification of ACDBEs, and the award and performance of agreements and contracts to enable the FAA to determine your compliance with this part. You must retain this data for a minimum of three years following the end of the concession agreement or other covered contract.

(b) Beginning March 1, 2006, you must submit an annual report on ACDBE participation using the form found in appendix A to this part. You must submit the report to the appropriate FAA Regional Civil Rights Office.

§23.29 What monitoring and compliance procedures must recipients follow?

As a recipient, you must implement appropriate mechanisms to ensure compliance with the requirements of this part by all participants in the program. You must include in your concession program the specific provisions to be inserted into concession agreements and management contracts setting forth the enforcement mechanisms and other

means you use to ensure compliance. These provisions must include a monitoring and enforcement mechanism to verify that the work committed to ACDBEs is actually performed by the ACDBEs. This mechanism must include a written certification that you have reviewed records of all contracts, leases, joint venture agreements, or other concession-related agreements and monitored the work on-site at your airport for this purpose. The monitoring to which this paragraph refers may be conducted in conjunction with monitoring of concession performance for other purposes.

[77 FR 36931, June 20, 2012]

Subpart C—Certification and Eligibility of ACDBEs

§23.31 What certification standards and procedures do recipients use to certify ACDBEs?

(a) As a recipient, you must use, except as provided in this subpart, the procedures and standards of part 26, §§26.61-91 for certification of ACDBEs to participate in your concessions program. Your ACDBE program must incorporate the use of these standards and procedures and must provide that certification decisions for ACDBEs will be made by the Unified Certification Program (UCP) in your state (see part 26, §26.81).

(b) The UCP's directory of eligible DBEs must specify whether a firm is certified as a DBE for purposes of part 26, an ACDBE for purposes of part 23, or both.

(c) As an airport or UCP, you must review the eligibility of currently certified ACDBE firms to make sure that they meet the eligibility standards of this part.

(1) You must complete these reviews as soon as possible, but in no case later than April 21, 2006 or three years from the anniversary date of each firm's most recent certification, whichever is later.

(2) You must direct all currently certified ACDBEs to submit to you by April 21, 2006, a personal net worth statement, a certification of disadvantage, and an affidavit of no change.

§23.33 What size standards do recipients use to determine the eligibility of ACDBEs?

(a) As a recipient, you must, except as provided in paragraph (b) of this section, treat a firm as a small business eligible to be certified as an ACDBE if its gross receipts, averaged over the firm's previous three fiscal years, do not exceed \$56.42 million.

(b) The following types of businesses have size standards that differ from the standard set forth in paragraph (a) of this section:

(1) *Banks and financial institutions*: \$1 billion in assets;

(2) *Car rental companies*: \$75.23 million average annual gross receipts over the firm's three previous fiscal years, as adjusted by the Department for inflation every two years from April 3, 2009.

(3) *Pay telephones*: 1,500 employees;

(4) *Automobile dealers*: 350 employees.

(c) The Department adjusts the numbers in paragraphs (a) and (b)(2) of this section using the Department of Commerce price deflators for purchases by State and local governments as the basis for this adjustment. The Department publishes a FEDERAL REGISTER document informing the public of each adjustment.

[77 FR 36931, June 20, 2012]

§23.35 What is the personal net worth standard for disadvantaged owners of ACDBEs?

The personal net worth standard used in determining eligibility for purposes of this part is \$1.32 million. Any individual who has a personal net worth exceeding this amount is not a socially and economically disadvantaged individual for purposes of this part, even if the individual is a member of a group otherwise presumed to be disadvantaged.

[70 FR 14508, Mar. 22, 2005, as amended at 77 FR 36931, June 20, 2012]

§23.37 Are firms certified under 49 CFR part 26 eligible to participate as ACDBEs?

(a) You must presume that a firm that is certified as a DBE under part 26 is eligible to participate as an ACDBE. By meeting the size, disadvantage (including personal net worth), ownership and control standards of part 26, the firm will have also met the eligibility standards for part 23.

(b) However, before certifying such a firm, you must ensure that the disadvantaged owners of a DBE certified under part 26 are able to control the firm with respect to its activity in the concessions program. In addition, you are not required to certify a part 26 DBE as a part 23 ACDBE if the firm does not do work relevant to the airport's concessions program.

§23.39 What other certification requirements apply in the case of ACDBEs?

(a) The provisions of part 26, §§26.83 (c)(2) through (c)(6) do not apply to certifications for purposes of this part. Instead, in determining whether a firm is an eligible ACDBE, you must take the following steps:

(1) Obtain the resumes or work histories of the principal owners of the firm and personally interview these individuals;

(2) Analyze the ownership of stock of the firm, if it is a corporation;

(3) Analyze the bonding and financial capacity of the firm;

(4) Determine the work history of the firm, including any concession contracts or other contracts it may have received;

(5) Obtain or compile a list of the licenses of the firm and its key personnel to perform the concession contracts or other contracts it wishes to receive;

(6) Obtain a statement from the firm of the type(s) of concession(s) it prefers to operate or the type(s) of other contract(s) it prefers to perform.

(b) In reviewing the affidavit required by part 26, §26.83(j), you must ensure that the ACDBE firm meets the applicable size standard in §23.33.

(c) For purposes of this part, the term prime contractor in part 26, §26.87(i) includes a firm holding a prime contract with an airport concessionaire to provide goods or services to the concessionaire or a firm holding a prime concession agreement with a recipient.

(d) With respect to firms owned by Alaska Native Corporations (ANCs), the provisions of part 26, §26.73(i) do not apply under this part. The eligibility of ANC-owned firms for purposes of this part is governed by §26.73(h).

49 CFR Part 23

(e) When you remove a concessionaire's eligibility after the concessionaire has entered a concession agreement, because the firm exceeded the small business size standard or because an owner has exceeded the personal net worth standard, and the firm in all other respects remains an eligible DBE, you may continue to count the concessionaire's participation toward DBE goals during the remainder of the current concession agreement. However, you must not count the concessionaire's participation toward DBE goals beyond the termination date for the concession agreement in effect at the time of the decertification (*e.g.*, in a case where the agreement is renewed or extended, or an option for continued participation beyond the current term of the agreement is exercised).

(f) When UCPs are established in a state (see part 26, §26.81), the UCP, rather than individual recipients, certifies firms for the ACDBE concession program.

(g) You must use the Uniform Application Form found in appendix F to part 26. However, you must instruct applicants to take the following additional steps:

(1) In the space available in section 2(B)(7) of the form, the applicant must state that it is applying for certification as an ACDBE.

(2) With respect to section 4(C) of the form, the applicant must provide information on an attached page concerning the address/location, ownership/lease status, current value of property or lease, and fees/lease payments paid to the airport.

(3) The applicant need not complete section 4(I) and (J). However, the applicant must provide information on an attached page concerning any other airport concession businesses the applicant firm or any affiliate owns and/or operates, including name, location, type of concession, and start date of concession.

(h) Car rental companies and private terminal owners or lessees are not authorized to certify firms as ACDBEs. As a car rental company or private terminal owner or lessee, you must obtain ACDBE participation from firms which a recipient or UCPs have certified as ACDBEs.

(i) You must use the certification standards of this part to determine the ACDBE eligibility of firms that provide goods and services to concessionaires.

Subpart D—Goals, Good Faith Efforts, and Counting

§23.41 What is the basic overall goal requirement for recipients?

(a) If you are a recipient who must implement an ACDBE program, you must, except as provided in paragraph (b) of this section, establish two separate overall ACDBE goals. The first is for car rentals; the second is for concessions other than car rentals.

(b) If your annual car rental concession revenues, averaged over the three-years preceding the date on which you are required to submit overall goals, do not exceed \$200,000, you are not required to submit a car rental overall goal. If your annual revenues for concessions other than car rentals, averaged over the three years preceding the date on which you are required to submit overall goals, do not exceed \$200,000, you are not required to submit a non-car rental overall goal.

(c) Each overall goal must cover a three-year period. You must review your goals annually to make sure they continue to fit your circumstances appropriately. You must report to the FAA any significant adjustments that you make to your goal in the time before your next scheduled submission.

(d) Your goals established under this part must provide for participation by all certified ACDBEs and may not be subdivided into group-specific goals.

(e) If you fail to establish and implement goals as provided in this section, you are not in compliance with this part. If you establish and implement goals in a way different from that provided in this part, you are not in compliance with this part. If you fail to comply with this requirement, you are not eligible to receive FAA financial assistance.

§23.43 What are the consultation requirements in the development of recipients' overall goals?

(a) As a recipient, you must consult with stakeholders before submitting your overall goals to FAA.

(b) Stakeholders with whom you must consult include, but are not limited to, minority and women's business groups, community organizations, trade associations representing concessionaires currently located at the airport, as well as existing concessionaires themselves, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged businesses, the effects of discrimination on opportunities for ACDBEs, and the recipient's efforts to increase participation of ACDBEs.

§23.45 What are the requirements for submitting overall goal information to the FAA?

(a) You must submit your overall goals to the appropriate FAA Regional Civil Rights Office for approval. Your first set of overall goals meeting the requirements of this subpart are due on the following schedule:

(1) If you are a large or medium hub primary airport on April 21, 2005, by January 1, 2006. You must make your next submissions by October 1, 2008.

(2) If you are a small hub primary airport on April 21, 2005, by October 1, 2006.

(3) If you are a nonhub primary airport on April 21, 2005, by October 1, 2007.

(b) You must then submit new goals every three years after the date that applies to you.

(c) Timely submission and FAA approval of your overall goals is a condition of eligibility for FAA financial assistance.

(d) In the time before you make your first submission under paragraph (a) of this section, you must continue to use the overall goals that have been approved by the FAA before the effective date of this part.

(e) Your overall goal submission must include a description of the method used to calculate your goals and the data you relied on. You must “show your work” to enable the FAA to understand how you concluded your goals were appropriate. This means that you must provide to the FAA the data, calculations, assumptions, and reasoning used in establishing your goals.

(f) Your submission must include your projection of the portions of your overall goals you propose to meet through use of race-neutral and race-conscious means, respectively, and the basis for making this projection (see §23.51(d)(5)).

(g) FAA may approve or disapprove the way you calculated your goal, including your race-neutral/race-conscious “split,” as part of its review of your plan or goal submission. Except as provided in paragraph (h) of this section, the FAA does not approve or disapprove the goal itself (i.e., the number).

(h) If the FAA determines that your goals have not been correctly calculated or the justification is inadequate, the FAA may, after consulting with you, adjust your overall goal or race-conscious/race-neutral “split.” The adjusted goal represents the FAA's determination of an appropriate overall goal for ACDBE participation in the recipient's concession program, based on relevant data and analysis. The adjusted goal is binding on you.

49 CFR Part 23

(i) If a new concession opportunity, the estimated average annual gross revenues of which are anticipated to be \$200,000 or greater, arises at a time that falls between normal submission dates for overall goals, you must submit an appropriate adjustment to your overall goal to the FAA for approval no later than 90 days before issuing the solicitation for the new concession opportunity.

[70 FR 14508, Mar. 22, 2005, as amended at 77 FR 36931, June 20, 2012]

§23.47 What is the base for a recipient's goal for concessions other than car rentals?

(a) As a recipient, the base for your goal includes the total gross receipts of concessions, except as otherwise provided in this section.

(b) This base does not include the gross receipts of car rental operations.

(c) The dollar amount of a management contract or subcontract with a non-ACDBE and the gross receipts of business activities to which a management or subcontract with a non-ACDBE pertains are not added to this base.

(d) This base does not include any portion of a firm's estimated gross receipts that will not be generated from a concession.

Example to paragraph (d): A firm operates a restaurant in the airport terminal which serves the traveling public and under the same lease agreement, provides in-flight catering service to air carriers. The projected gross receipts from the restaurant are included in the overall goal calculation, while the gross receipts to be earned by the in-flight catering services are not.

§23.49 What is the base for a recipient's goal for car rentals?

Except in the case where you use the alternative goal approach of §23.51(c)(5)(ii), the base for your goal is the total gross receipts of car rental operations at your airport. You do not include gross receipts of other concessions in this base.

§23.51 How are a recipient's overall goals expressed and calculated?

(a) Your objective in setting a goal is to estimate the percentage of the base calculated under §§23.47-23.49 that would be performed by ACDBEs in the absence of discrimination and its effects.

(1) This percentage is the estimated ACDBE participation that would occur if there were a “level playing field” for firms to work as concessionaires for your airport.

(2) In conducting this goal setting process, you are determining the extent, if any, to which the firms in your market area have suffered discrimination or its effects in connection with concession opportunities or related business opportunities.

(3) You must complete the goal-setting process separately for each of the two overall goals identified in §23.41 of this part.

(b)(1) Each overall concessions goal must be based on demonstrable evidence of the availability of ready, willing and able ACDBEs relative to all businesses ready, willing and able to participate in your ACDBE program (hereafter, the “relative availability of ACDBEs”).

(2) You cannot simply rely on the 10 percent national aspirational goal, your previous overall goal, or past ACDBE participation rates in your program without reference to the relative availability of ACDBEs in your market.

(3) Your market area is defined by the geographical area in which the substantial majority of firms which seek to do concessions business with the airport are located and the geographical area in which the firms which receive the substantial majority of concessions-related revenues are located. Your market area may be different for different types of concessions.

(c) *Step 1.* You must begin your goal setting process by determining a base figure for the relative availability of ACDBEs. The following are examples of approaches that you may take toward determining a base figure. These examples are provided as a starting point for your goal setting process. Any percentage figure derived from one of these examples should be considered a basis from which you begin when examining the evidence available to you. These examples are not intended as an exhaustive list. Other methods or combinations of methods to determine a base figure may be used, subject to approval by the FAA.

(1) *Use DBE Directories and Census Bureau Data.* Determine the number of ready, willing and able ACDBEs in your market area from your ACDBE directory. Using the Census Bureau's County Business Pattern (CBP) data base, determine the number of all ready, willing and able businesses available in your market area that perform work in the same NAICS codes. (Information about the CBP data base may be obtained from the Census Bureau at their Web site, <http://www.census.gov/epcd/cbp/view/cbpview.html>.) Divide the number of ACDBEs by the number of all businesses to derive a base figure for the relative availability of ACDBEs in your market area.

(2) *Use an Active Participants List.* Determine the number of ACDBEs that have participated or attempted to participate in your airport concessions program in previous years. Determine the number of all businesses that have participated or attempted to participate in your airport concession program in previous years. Divide the number of ACDBEs who have participated or attempted to participate by the number for all businesses to derive a base figure for the relative availability of ACDBEs in your market area.

(3) *Use data from a disparity study.* Use a percentage figure derived from data in a valid, applicable disparity study.

(4) *Use the goal of another recipient.* If another airport or other DOT recipient in the same, or substantially similar, market has set an overall goal in compliance with this rule, you may use that goal as a base figure for your goal.

(5) *Alternative methods.* (i) You may use other methods to determine a base figure for your overall goal. Any methodology you choose must be based on demonstrable evidence of local market conditions and be designed to ultimately attain a goal that is rationally related to the relative availability of ACDBEs in your market area.

(ii) In the case of a car rental goal, where it appears that all or most of the goal is likely to be met through the purchases by car rental companies of vehicles or other goods or services from ACDBEs, one permissible alternative is to structure the goal entirely in terms of purchases of goods and services. In this case, you would calculate your car rental overall goal by dividing the estimated dollar value of such purchases from ACDBEs by the total estimated dollar value of all purchases to be made by car rental companies.

(d) *Step 2.* Once you have calculated a base figure, you must examine all relevant evidence reasonably available in your jurisdiction to determine what adjustment, if any, is needed to the base figure in order to arrive at your overall goal.

(1) There are many types of evidence that must be considered when adjusting the base figure. These include, but are not limited to:

(i) The current capacity of ACDBEs to perform work in your concessions program, as measured by the volume of work ACDBEs have performed in recent years; and

49 CFR Part 23

(ii) Evidence from disparity studies conducted anywhere within your jurisdiction, to the extent it is not already accounted for in your base figure.

(2) If your base figure is the goal of another recipient, you must adjust it for differences in your market area and your concessions program.

(3) If available, you must consider evidence from related fields that affect the opportunities for ACDBEs to form, grow and compete. These include, but are not limited to:

(i) Statistical disparities in the ability of ACDBEs to get the financing, bonding and insurance required to participate in your program;

(ii) Data on employment, self-employment, education, training and union apprenticeship programs, to the extent you can relate it to the opportunities for ACDBEs to perform in your program.

(4) If you attempt to make an adjustment to your base figure to account for the continuing effects of past discrimination, or the effects of an ongoing ACDBE program, the adjustment must be based on demonstrable evidence that is logically and directly related to the effect for which the adjustment is sought.

(5) Among the information you submit with your overall goal (*see* 23.45(e)), you must include description of the methodology you used to establish the goal, including your base figure and the evidence with which it was calculated, as well as the adjustments you made to the base figure and the evidence relied on for the adjustments. You should also include a summary listing of the relevant available evidence in your jurisdiction and an explanation of how you used that evidence to adjust your base figure. You must also include your projection of the portions of the overall goal you expect to meet through race-neutral and race-conscious measures, respectively (*see* §§26.51(c)).

(e) You are not required to obtain prior FAA concurrence with your overall goal (*i.e.*, with the number itself). However, if the FAA's review suggests that your overall goal has not been correctly calculated, or that your method for calculating goals is inadequate, the FAA may, after consulting with you, adjust your overall goal or require that you do so. The adjusted overall goal is binding on you.

(f) If you need additional time to collect data or take other steps to develop an approach to setting overall goals, you may request the approval of the FAA Administrator for an interim goal and/or goal-setting mechanism. Such a mechanism must:

(1) Reflect the relative availability of ACDBEs in your local market area to the maximum extent feasible given the data available to you; and

(2) Avoid imposing undue burdens on non-ACDBEs.

§23.53 How do car rental companies count ACDBE participation toward their goals?

(a) As a car rental company, you may, in meeting the goal the airport has set for you, include purchases or leases of vehicles from any vendor that is a certified ACDBE.

(b) As a car rental company, if you choose to meet the goal the airport has set for you by including purchases or leases of vehicles from an ACDBE vendor, you must also submit to the recipient documentation of the good faith efforts you have made to obtain ACDBE participation from other ACDBE providers of goods and services.

(c) While this part does not require you to obtain ACDBE participation through direct ownership arrangements, you may count such participation toward the goal the airport has set for you.

(d) The following special rules apply to counting participation related to car rental operations:

49 CFR Part 23

(1) Count the entire amount of the cost charged by an ACDBE for repairing vehicles, provided that it is reasonable and not excessive as compared with fees customarily allowed for similar services.

(2) Count the entire amount of the fee or commission charged by a ACDBE to manage a car rental concession under an agreement with the concessionaire toward ACDBE goals, provided that it is reasonable and not excessive as compared with fees customarily allowed for similar services.

(3) Do not count any portion of a fee paid by a manufacturer to a car dealership for reimbursement of work performed under the manufacturer's warranty.

(e) For other goods and services, count participation toward ACDBE goals as provided in part 26, §26.55 and §23.55 of this part. In the event of any conflict between these two sections, §23.55 controls.

(f) If you have a national or regional contract, count a pro-rated share of the amount of that contract toward the goals of each airport covered by the contract. Use the proportion of your applicable gross receipts as the basis for making this pro-rated assignment of ACDBE participation.

Example to paragraph (f): Car Rental Company X signs a regional contract with an ACDBE car dealer to supply cars to all five airports in a state. The five airports each account for 20 percent of X's gross receipts in the state. Twenty percent of the value of the cars purchased through the ACDBE car dealer would count toward the goal of each airport.

§23.55 How do recipients count ACDBE participation toward goals for items other than car rentals?

(a) You count only ACDBE participation that results from a commercially useful function. For purposes of this part, the term commercially useful function has the same meaning as in part 26, §26.55(c), except that the requirements of §26.55(c)(3) do not apply to concessions.

(b) Count the total dollar value of gross receipts an ACDBE earns under a concession agreement and the total dollar value of a management contract or subcontract with an ACDBE toward the goal. However, if the ACDBE enters into a subconcession agreement or subcontract with a non-ACDBE, do not count any of the gross receipts earned by the non-ACDBE.

(c) When an ACDBE performs as a subconcessionaire or subcontractor for a non-ACDBE, count only the portion of the gross receipts earned by the ACDBE under its subagreement.

(d) When an ACDBE performs as a participant in a joint venture, count a portion of the gross receipts equal to the distinct, clearly defined portion of the work of the concession that the ACDBE performs with its own forces toward ACDBE goals.

(e) Count the entire amount of fees or commissions charged by an ACDBE firm for a *bona fide* service, provided that, as the recipient, you determine this amount to be reasonable and not excessive as compared with fees customarily allowed for similar services. Such services may include, but are not limited to, professional, technical, consultant, legal, security systems, advertising, building cleaning and maintenance, computer programming, or managerial.

(f) Count 100 percent of the cost of goods obtained from an ACDBE manufacturer. For purposes of this part, the term manufacturer has the same meaning as in part 26, §26.55(e)(1)(ii).

(g) Count 100 percent of the cost of goods purchased or leased from a ACDBE regular dealer. For purposes of this part, the term "regular dealer" has the same meaning as in part 26, §26.55(e)(2)(ii).

(h) Count credit toward ACDBE goals for goods purchased from an ACDBE which is neither a manufacturer nor a regular dealer as follows:

49 CFR Part 23

(1) Count the entire amount of fees or commissions charged for assistance in the procurement of the goods, provided that this amount is reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the goods themselves.

(2) Count the entire amount of fees or transportation charges for the delivery of goods required for a concession, provided that this amount is reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of goods themselves.

(i) If a firm has not been certified as an ACDBE in accordance with the standards in this part, do not count the firm's participation toward ACDBE goals.

(j) Do not count the work performed or gross receipts earned by a firm after its eligibility has been removed toward ACDBE goals. However, if an ACDBE firm certified on April 21, 2005 is decertified because one or more of its disadvantaged owners do not meet the personal net worth criterion or the firm exceeds business size standards of this part during the performance of a contract or other agreement, the firm's participation may continue to be counted toward ACDBE goals for the remainder of the term of the contract or other agreement (but not extensions or renewals of such contracts or agreements).

(k) Do not count costs incurred in connection with the renovation, repair, or construction of a concession facility (sometimes referred to as the "build-out").

(l) Do not count the ACDBE participation of car rental companies toward your ACDBE achievements toward this goal.

§23.57 What happens if a recipient falls short of meeting its overall goals?

(a) You cannot be penalized, or treated by the Department as being in noncompliance with this part, simply because your ACDBE participation falls short of your overall goals. You can be penalized or treated as being in noncompliance only if you have failed to administer your ACDBE program in good faith.

(b) If the awards and commitments shown on your Uniform Report of ACDBE Participation (found in Appendix A to this Part) at the end of any fiscal year are less than the overall goal applicable to that fiscal year, you must do the following in order to be regarded by the Department as implementing your ACDBE program in good faith:

(1) Analyze in detail the reasons for the difference between the overall goal and your awards and commitments in that fiscal year;

(2) Establish specific steps and milestones to correct the problems you have identified in your analysis and to enable you to meet fully your goal for the new fiscal year;

(3) (i) If you are a CORE 30 airport or other airport designated by the FAA, you must submit, within 90 days of the end of the fiscal year, the analysis and corrective actions developed under paragraphs (b)(1) and (2) of this section to the FAA for approval. If the FAA approves the report, you will be regarded as complying with the requirements of this section for the remainder of the fiscal year.

(ii) As an airport not meeting the criteria of paragraph (b)(3)(i) of this section, you must retain analysis and corrective actions in your records for three years and make it available to the FAA, on request, for their review.

(4) The FAA may impose conditions on the recipient as part of its approval of the recipient's analysis and corrective actions including, but not limited to, modifications to your overall goal methodology, changes in your race-conscious/race-neutral split, or the introduction of additional race-neutral or race-conscious measures.

49 CFR Part 23

(5) You may be regarded as being in noncompliance with this part, and therefore subject to the remedies in §23.11 of this part and other applicable regulations, for failing to implement your ACDBE program in good faith if any of the following things occur:

(i) You do not submit your analysis and corrective actions to FAA in a timely manner as required under paragraph (b)(3) of this section;

(ii) FAA disapproves your analysis or corrective actions; or

(iii) You do not fully implement:

(A) The corrective actions to which you have committed, or

(B) Conditions that FAA has imposed following review of your analysis and corrective actions.

(c) If information coming to the attention of FAA demonstrates that current trends make it unlikely that you, as an airport, will achieve ACDBE awards and commitments that would be necessary to allow you to meet your overall goal at the end of the fiscal year, FAA may require you to make further good faith efforts, such as modifying your race-conscious/race-neutral split or introducing additional race-neutral or race-conscious measures for the remainder of the fiscal year.

[70 FR 14508, Mar. 22, 2005, as amended at 77 FR 36931, June 20, 2012]

§23.59 What is the role of the statutory 10 percent goal in the ACDBE program?

(a) The statute authorizing the ACDBE program provides that, except to the extent the Secretary determines otherwise, not less than 10 percent of concession businesses are to be ACDBEs.

(b) This 10 percent goal is an aspirational goal at the national level, which the Department uses as a tool in evaluating and monitoring DBEs' opportunities to participate in airport concessions.

(c) The national 10 percent aspirational goal does not authorize or require recipients to set overall or concession-specific goals at the 10 percent level, or any other particular level, or to take any special administrative steps if their goals are above or below 10 percent.

§23.61 Can recipients use quotas or set-asides as part of their ACDBE programs?

You must not use quotas or set-asides for ACDBE participation in your program.

Subpart E—Other Provisions

§23.71 Does a recipient have to change existing concession agreements?

Nothing in this part requires you to modify or abrogate an existing concession agreement (one executed before April 21, 2005) during its term. When an extension or option to renew such an agreement is exercised, or when a material amendment is made, you must assess potential for ACDBE participation and may, if permitted by the agreement, use any means authorized by this part to obtain a modified amount of ACDBE participation in the renewed or amended agreement.

§23.73 What requirements apply to privately-owned or leased terminal buildings?

49 CFR Part 23

(a) If you are a recipient who is required to implement an ACDBE program on whose airport there is a privately-owned or leased terminal building that has concessions, or any portion of such a building, this section applies to you.

(b) You must pass through the applicable requirements of this part to the private terminal owner or lessee via your agreement with the owner or lessee or by other means. You must ensure that the terminal owner or lessee complies with the requirements of this part.

(c) If your airport is a primary airport, you must obtain from the terminal owner or lessee the goals and other elements of the ACDBE program required under this part. You must incorporate this information into your concession plan and submit it to the FAA in accordance with this part.

(d) If the terminal building is at a non-primary commercial service airport or general aviation airport or reliever airport, you must ensure that the owner complies with the requirements in §23.21(e).

§23.75 Can recipients enter into long-term, exclusive agreements with concessionaires?

(a) Except as provided in paragraph (b) of this section, you must not enter into long-term, exclusive agreements for concessions. For purposes of this section, a long-term agreement is one having a term longer than five years.

(b) You may enter into a long-term, exclusive concession agreement only under the following conditions:

(1) Special local circumstances exist that make it important to enter such agreement, and

(2) The responsible FAA regional office approves your plan for meeting the standards of paragraph (c) of this section.

(c) In order to obtain FAA approval of a long-term-exclusive concession agreement, you must submit the following information to the FAA regional office:

(1) A description of the special local circumstances that warrant a long-term, exclusive agreement.

(2) A copy of the draft and final leasing and subleasing or other agreements. This long-term, exclusive agreement must provide that:

(i) A number of ACDBEs that reasonably reflects their availability in your market area, in the absence of discrimination, to do the types of work required will participate as concessionaires throughout the term of the agreement and account for at a percentage of the estimated annual gross receipts equivalent to a level set in accordance with §§23.47 through 23.49 of this part.

(ii) You will review the extent of ACDBE participation before the exercise of each renewal option to consider whether an increase or decrease in ACDBE participation is warranted.

(iii) An ACDBE concessionaire that is unable to perform successfully will be replaced by another ACDBE concessionaire, if the remaining term of the agreement makes this feasible. In the event that such action is not feasible, you will require the concessionaire to make good faith efforts during the remaining term of the agreement to encourage ACDBEs to compete for the purchases and/or leases of goods and services to be made by the concessionaire.

(3) Assurances that any ACDBE participant will be in an acceptable form, such as a sublease, joint venture, or partnership.

(4) Documentation that ACDBE participants are properly certified.

49 CFR Part 23

(5) A description of the type of business or businesses to be operated (*e.g.*, location, storage and delivery space, “back-of-the-house facilities” such as kitchens, window display space, advertising space, and other amenities that will increase the ACDBE's chance to succeed).

(6) Information on the investment required on the part of the ACDBE and any unusual management or financial arrangements between the prime concessionaire and ACDBE.

(7) Information on the estimated gross receipts and net profit to be earned by the ACDBE.

§23.77 Does this part preempt local requirements?

(a) In the event that a State or local law, regulation, or policy differs from the requirements of this part, the recipient must, as a condition of remaining eligible to receive Federal financial assistance from the DOT, take such steps as may be necessary to comply with the requirements of this part.

(b) You must clearly identify any State or local law, regulation, or policy pertaining to minority, women's, or disadvantaged business enterprise concerning airport concessions that adds to, goes beyond, or imposes more stringent requirements than the provisions of this part. FAA will determine whether such a law, regulation, or policy conflicts with this part, in which case the requirements of this part will govern.

(c) If not deemed in conflict by the FAA, you must write and administer such a State or local law, policy, or regulation separately from the ACDBE program.

(d) You must provide copies of any such provisions and the legal authority supporting them to the FAA with your ACDBE program submission. FAA will not approve an ACDBE program if there are such provisions that conflict with the provisions of this part.

(e) However, nothing in this part preempts any State or local law, regulation, or policy enacted by the governing body of a recipient, or the authority of any State or local government or recipient to adopt or enforce any law, regulation, or policy relating to ACDBEs, as long as the law, regulation, or policy does not conflict with this part.

§23.79 Does this part permit recipients to use local geographic preferences?

No. As a recipient you must not use a local geographic preference. For purposes of this section, a local geographic preference is any requirement that gives an ACDBE located in one place (*e.g.*, your local area) an advantage over ACDBEs from other places in obtaining business as, or with, a concession at your airport.

Appendix A to Part 23—Uniform Report of ACDBE Participation

INSTRUCTIONS FOR UNIFORM REPORT OF ACDBE PARTICIPATION

1. Insert name of airport receiving FAA financial assistance and AIP number.
2. Provide the name and contact information (phone, fax, e-mail) for the person FAA should contact with questions about the report.
- 3a. Provide the annual reporting period to which the report pertains (*e.g.*, October 2005-September 2006).
- 3b. Provide the date on which the report is submitted to FAA.

49 CFR Part 23

4. This block and blocks 5 and 6 concern *non-car rental* goals and participation only. In this block, provide the overall non-car rental percentage goal and the race-conscious (RC) and race-neutral (RN) components of it. The RC and RN percentages should add up to the overall percentage goal.

5. For purposes of this block and blocks 6, 8, and 9, the participation categories listed at the left of the block are the following: “Prime Concessions” are concessions who have a direct relationship with the airport (*e.g.*, a company who has a lease agreement directly with the airport to operate a concession). A “subconcession” is a firm that has a sublease or other agreement with a prime concessionaire, rather than with the airport itself, to operate a concession at the airport. A “management contract” is an agreement between the airport and a firm to manage a portion of the airport's facilities or operations (*e.g.*, manage the parking facilities). “Goods/services” refers to those goods and services purchased by the airport itself or by concessionaires and management contractors from certified DBEs.

Block 5 concerns *all* non-car rental concession activity covered by 49 CFR part 23 during the reporting period, both new or continuing.

In Column A, enter the total concession gross revenues for concessionaires (prime and sub) and purchases of goods and services (ACDBE and non-ACDBE combined) at the airport. In Column B, enter the number of lease agreements, contracts, etc. in effect or taking place during the reporting period in each participation category for all concessionaires and purchases of goods and services (ACDBE and non-ACDBE combined).

Because, by statute, non-ACDBE management contracts do not count as part of the base for ACDBE goals, the cells for total management contract participation and ACDBE participation as a percentage of total management contracting dollars are not intended to be filled in blocks 5, 6, 8, and 9.

In Column C, enter the total gross revenues in each participation category (ACDBEs) only. In Column D, enter the number of lease agreements, contracts, etc., in effect or entered into during the reporting period in each participation category for all concessionaires and purchases of goods and services (ACDBEs only).

Columns E and F are subsets of Column C: break out the total gross revenues listed in Column C into the portions that are attributable to race-conscious and race-neutral measures, respectively. Column G is a percentage calculation. It answers the question, what percentage of the numbers in Column A is represented by the corresponding numbers in Column C?

6. The numbers in this Block concern only *new* non-car rental concession opportunities that arose during the current reporting period. In other words, the information requested in Block 6 is a subset of that requested in Block 5. Otherwise, this Block is filled out in the same way as Block 5.

7. Blocks 7-9 concern car rental goals and participation. In Block 7, provide the overall car rental percentage goal and the race-conscious (RC) and race-neutral (RN) components of it. The RC and RN percentages should add up to the overall percentage goal.

8. Block 8 is parallel to Block 5, except that it is for car rentals. The instructions for filling it out are the same as for Block 5.

9. Block 9 is parallel to Block 6, except that it is for car rentals. The information requested in Block 9 is a subset of that requested in Block 8. The instructions for filling it out are the same as for Block 6.

10. Block 10 instructs recipients to bring forward the cumulative ACDBE participation figures from Blocks 5 and 8, breaking down these figures by race and gender categories. Participation by non-minority women-owned firms should be listed in the “non-minority women” column. Participation by firms owned by minority women should be listed in the appropriate minority group column. The “other” column should be used to reflect participation by individuals who are not a member of a presumptively disadvantaged group who have been found disadvantaged on a case-by-case basis.

49 CFR Part 23

11. This block instructs recipients to attach five information items for each ACDBE firm participating in its program during the reporting period. If the firm's participation numbers are reflected in Blocks 5-6 and/or 8-9, the requested information about that firm should be attached in response to this item.

11. On an attachment, list the following information for each ACDBE firm participating in your program during the period of this report: (1) Firm name; (2) Type of business; (3) Beginning and expiration dates of agreement, including options to renew; (4) Dates that material amendments have been or will be made to agreement (if known); (5) Estimated gross receipts for the firm during this reporting period.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Patrick Brody, Assistant Fire Chief, Fire Department, 325-657-4355 ext 300

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider a resolution allowing the Fire Department to accept a donation of physical fitness equipment and an outdoor grill from Academy Sports and Outdoors, estimated value of donation is \$4,000 (Patrick Brody)

Summary/History:

Academy Sports and Outdoors would like to make a donation to the Fire Department to show their support during First Responders Day (October 28th). The donation includes the following exercise equipment: Bench press bench, a set of Olympic weights (300lbs), set of dumbbells, weight bars, and a rack for the weights. They would also like to donate an outdoor grill for a station.

Financial Impact:

There is no fiscal impact for this item.

Other Information/Recommendation:

A RESOLUTION BY THE CITY OF SAN ANGELO CITY COUNCIL ACCEPTING THE DONATION OF WEIGHTS, WEIGHT EQUIPMENT AND AN OUTDOOR GRILL FOR THE SAN ANGELO FIRE DEPARTMENT

WHEREAS, Section 51.076(a) of the Texas Local Government Code provides that a municipality may hold property that it receives by gift, deed, devise, or other manner; and

WHEREAS, Academy Sports and Outdoors would like to donate weights, weight equipment and an outdoor grill to the San Angelo Fire Department; and

WHEREAS, the San Angelo Fire Department has use for donations to further the mission and purpose of the Department.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF SAN ANGELO, TEXAS:

Part 1: That the City of San Angelo hereby accepts a donation of weights, weight equipment and an outdoor grill estimated in value to be \$4000 from Academy Sports and Outdoors.

Part 2: That the equipment shall be used for the benefit of the San Angelo Fire Department.

PASSED and APPROVED THIS 20th Day of October, 2020.

CITY OF SAN ANGELO, TEXAS

ATTEST:

Brenda Gunter, Mayor

Julia Antilley, City Clerk

APPROVED AS TO FORM

Theresa James, City Attorney

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Patrick Brody, Assistant Fire Chief, Fire Department, 325-657-4355 ext 300

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider awarding FD-02-20 EMS Supplies to multiple vendors (Boundtree, Henry Schein, Life Assist, QuadMed, and Zoll) based on lowest bid in compliance with bid requirements for each specific item with an aggregate annual spend of \$162,912 budgeted per fiscal year and providing for a base term of one year with four additional one year extension options and authorizing the City Manager to execute all related documents (Patrick Brody)

Summary/History:

Bids were solicited from nine vendors for quotes on individual items the Fire Department uses daily for EMS service. Seven vendors responded with bid responses. We would like to accept bids supplied by Boundtree, Henry Schein, Life Assist, QuadMed, and Zoll. The bids shall be awarded for a base term of one year with four additional one year extension options based upon the mutual agreement of the parties to each EMS inventory supply agreement. Individual items will be awarded based upon the lowest bid price and availability of each item that is found suitable by the Fire Department.

Financial Impact:

The San Angelo Fire Department budgets \$162,912.00 annually to cover the cost of EMS supplies. Acceptance of these bids will assist the Fire Department in remaining within the allowed budget.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Ryan Kramer, Sr. Fleet Manager, Fleet Services, (325) 657-4329

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider awarding FS-05-20 Equipment Leasing to U.S. Bancorp Government Leasing and Finance, Inc. and authorizing the City Manager to negotiate and execute all related documents (Ryan Kramer)

Summary/History:

The Fleet Services Division requested proposals for leasing options on various pieces of heavy equipment including backhoes, wheel loaders, excavators, motor-graders, and more. Requests were sent to multiple local and out of town vendors and proposals were received from four vendors.

The activity in the heavy equipment market has provided the City an opportunity to recapture favorable trade-in/resale values and to continue equipment replacement where needed. Equipment life cycle replacement is carefully evaluated and is crucial to avoid rising repair and maintenance costs due to age and use.

Since a substantial portion of the anticipated useful life of several pieces of equipment has been reached and various other equipment within the City has surpassed its useful life, and given the appeal of used equipment in the heavy equipment market, options to replace this machinery was sought by the Fleet Services Division. Due to the amount of equipment to be replaced at this time, and in consideration of the limited capital budget as well as the high purchase price of construction equipment, the purchase of all necessary equipment is not possible through the budgeted Equipment Replacement Funds. With financing rates found to be substantially low, leasing is a viable option for the City to acquire the necessary equipment and take advantage of the resale values of heavy equipment.

Equipment to be leased will benefit multiple divisions including Street and Bridge, Parks, Lake Operations, Stormwater, Water Distribution, and Sewer Collection along with various other departments with occasional equipment needs. Efforts have been made to utilize existing machines as long as possible which allows the City to retain and repurpose several machines within the City to maximize equipment life. The projected items to be leased at this time include equipment awarded by Council in RFB FS-04-20 (Heavy Duty Construction Equipment) and various other purchases as approved (for example, Crack Seal Trailers).

Financial Impact:

If approved, a projected 35 units will be financed for approximately \$2,618,000. The estimated interest will be approximately \$100,000 in interest depending on the terms negotiated with the vendor. Lease terms are expected to be five or seven years dependent upon equipment type and negotiated rates.

Other Information/Recommendation:

Staff recommends authorizing the City Manager to negotiate and execute all related documents for Equipment Leasing with U.S. Bancorp Government Leasing and Finance, Inc. pursuant to RFP FS-05-20.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Ryan Kramer, Sr. Fleet Manager, Fleet Services, (325) 657-4329

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider awarding FS-04-20 Heavy Duty Construction Equipment, in the amount of \$2,496,766.21, budgeted in fiscal year 2021, to various respondents and authorizing the City Manager to negotiate and execute all related documents (Ryan Kramer)

Summary/History:

The Fleet Services Division requested bids for the purchase of Heavy Duty Construction Equipment. Bids were sent to multiple local and out of town vendors. A total of nine responses were received from: Yellowhouse Machinery Co., ASCO Equipment, Warren Cat, Cisco Equipment, Bobcat of Abilene, Bee Equipment, Big Country Equipment, Vermeer of Texas, and Kirby-Smith Machinery.

The request for formal bids for Heavy Duty Construction Equipment included backhoes, wheel loaders, excavators, compact track loaders, skid steers, mini skid steers, compactors, mini excavators and motor graders. This bid also included a request for trade-in offers. This type of equipment is used in various departments City-wide and is a crucial part of daily operations.

The responses were evaluated and awards of specific equipment types are recommended as shown below:

Backhoes – Cisco Equipment (San Angelo, TX)
Compact Track Loaders - Warren Cat (San Angelo, TX)
Excavator – Warren Cat (San Angelo, TX)
Mini Excavator - Warren Cat (San Angelo, TX)
Mini Track Loader - Bobcat of Abilene (Abilene, TX)
Motor Graders – Warren Cat (San Angelo, TX)
Compactor - Warren Cat (San Angelo, TX)
Skid Steers - Warren Cat (San Angelo, TX)
Wheel Loaders – Cisco Equipment (San Angelo, TX)

If approved, the bid will be awarded to secure pricing to the listed vendor, as shown above, for the equipment types listed. If approved, one unit will be purchased for Code Compliance with the remaining equipment in this purchase being contingent upon Council's approval of FS-05-20 Equipment Leasing.

A projected total of 33 units will be purchased at a cost of \$3,407,766.21, minus trade-in offers of \$899,000 for a total amount to be financed of \$2,508,766.21. The one unit to be purchased will be in an amount of \$53,964.

Divisions impacted by the purchase of this equipment includes: Street and Bridge, Parks, Fairmount Cemetery, Code Compliance, Lake Operations, Water Distribution, Water Production, Utility Maintenance, Wastewater Treatment, Sewer Collections and Stormwater.

Financial Impact:

Award of FS-04-20 Heavy Duty Construction Equipment, in an amount of \$2,496,766.21. One unit will be purchased outright for Code Compliance in an amount of \$53,964. The remaining units purchased will be financed through the awarded vendor for FS-05-20 Equipment Leasing. Funds are budgeted in FY21 for the estimated payments.

Other Information/Recommendation:

Approval requested for FS-04-20 Heavy Duty Construction Equipment, for the purchase of Heavy Duty Construction Equipment from various respondents and authorizing the City Manager or designee to execute any necessary related documents.

Consider approving Buyboard Contract 597-19 for the purchase of two crack seal machines from CrafcO, Inc., in the amount of \$109,896, budgeted in fiscal year 2021 (Ryan Kramer)

Summary/History:

Council approval is requested for the purchase of two trailer-mounted crack seal application machines using Buyboard Contract 597-19. This equipment is to be utilized by the Street and Bridge division for the purpose of street maintenance.

Currently, equipment being used for this purpose includes two trailer units that apply crack seal product. The requested new unit will replace the existing units.

The purchase of this item will be included into our Equipment Lease (if approved).

The requested purchase will be made from CrafcO, Inc. (Chandler, AZ) and sourced through their distributor out of San Antonio, TX. There are no known local vendors for this type of equipment.

Financial Impact:

Staff recommends approval of Buyboard Contract 597-19 for the purchase of two crack seal machines from CrafcO, Inc., in the amount of \$109,896, budgeted in fiscal year 2021. If approved, this purchase will be included with the Equipment Lease.

Other Information/Recommendation:

Staff recommends approval of Buyboard Contract 597-19 for the purchase of two crack seal machines from CrafcO, Inc. (Chandler, AZ).

Consider approving Buyboard Contract 515-16 for the purchase of one street sweeper from Tymco, Inc., in the amount of \$274,081.50, budgeted in fiscal year 2021 (Ryan Kramer)

Summary/History:

Council approval is requested for the purchase of one street sweeper using Buyboard Contract 515-16. This equipment is to be utilized by the Stormwater division for the purpose of street sweeping.

Currently, equipment being used for this purpose includes 6 street sweepers of similar style. The requested new unit will replace one existing unit that is aged and has experienced elevated expenses.

The requested purchase will be made from Tymco, Inc (Waco, TX). There are no known local vendors for this type of equipment.

Financial Impact:

Staff recommends approval of Buyboard Contract 515-16 for the purchase of one street sweeper from Tymco, Inc., in the amount of \$274,081.50, budgeted in fiscal year 2021.

Other Information/Recommendation:

Staff recommends approval of Buyboard Contract 515-16 for the purchase of one street sweeper from Tymco, Inc. (Waco, TX).

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Ryan Kramer, Sr. Fleet Manager, Fleet Services, (325) 657-4329

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving the purchase of tractors and shredders from Deere & Company (San Angelo, TX) through Sourcewell Contract 110719-JDC in the amount of \$143,911.48, budgeted in fiscal year 2021, and authorizing the City Manager to execute all related documents (Ryan Kramer)

Summary/History:

Council approval is requested for the purchase of two utility tractors and mowing shredders to replace equipment that is beyond its useful life. This equipment will be utilized by the Stormwater Division and Lake Operations.

The requested purchase will be made from Deere & Company (South Plains Implement, San Angelo, TX).

Financial Impact:

Staff recommends approval of the purchase of two tractors and two shredders from Deere & Company (San Angelo, TX), in the amount of \$143,911.48, budgeted in fiscal year 2021.

Other Information/Recommendation:

Staff recommends approval of Sourcewell Contract 110719-JDC for the purchase of two tractors and two shredders from Deere & Company (San Angelo, TX).

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: David Howard, Assistant Chief / Support Services, Police, (325) 659-8011

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving an amendment to the agreement with Axon Enterprises, Inc. for additional public safety equipment, software licenses, and redaction software in the amount of \$304,768 and authorizing the City Manager to negotiate and execute all related documents (Frank Carter)

Summary/History:

The San Angelo Police Department currently has 154 Body Worn Cameras and 185 licenses.

The increase in Body Worn Cameras of 45 would bring the total to 199; 10 of the 199 would be spare devices.

Seventeen additional licenses are required to support the issuing of the 45 Body Worn Cameras.

This will ensure that all sworn officers will be equipped with a body worn camera.

Financial Impact:

This \$304,768 is split across a five-year period, budgeted per fiscal year.

This is in addition to the initial \$1,681,894 (split across five years) and the \$59,400 for cameras and licenses (also split across five years).

Other Information/Recommendation:

Notes

BuyBoard 568-18 used for pricing and purchasing justification.

This quote is co-termed with quote Q-223410 (executed contract #00024529). Year one has been pro-rated to 3 months to align with agency annual billing dates. This has been done according to an anticipated ship date range of 9/1/2020-9/15/2020. The end date of these subscriptions is subject to change if the ship/start date changes.

Axon BWC hardware contained in this quote will be covered under the Technology Assurance Plan (TAP) and will be eligible for 2 replacements at the same time as the equipment originally deployed on this existing contract as determined by quote Q-223410. This will take place at the end of the contract on 12/31/2024.

Tax is subject to change at order processing with valid exemption.

Axon's Sales Terms and Conditions

This Quote is limited to and conditional upon your acceptance of the provisions set forth herein and Axon's Master Services and Purchasing Agreement (posted at www.axon.com/legal/sales-terms-and-conditions), as well as the attached Statement of Work (SOW) for Axon Fleet and/or Axon Interview Room purchase, if applicable. Any purchase order issued in response to this Quote is subject solely to the above referenced terms and conditions. By signing below, you represent that you are lawfully able to enter into contracts. If you are signing on behalf of an entity (including but not limited to the company, municipality, or government agency for whom you work), you represent to Axon that you have legal authority to bind that entity. If you do not have this authority, please do not sign this Quote.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Andy Vecellio, Project Engineer, Water Utilities, 325-657-4218

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving a Task Order under CFM-03-19 HVAC Maintenance and Repair with Clare's Heating & Air Conditioning Commercial Refrigeration, LLC, in the amount of \$143,078 for the chiller replacement at the City Hall Annex and authorizing the City Manager to execute all related documents (Andy Vecellio)

Summary/History:

The chiller that is used to cool the City Hall Annex is approximately 22 years old and has reached its useful life. The compressor is showing its age and five out of ten condenser fans have already been replaced with salvaged fans from the Coliseum. Only two salvaged fans remain. Due to the age and condition of the chiller, a proactive replacement with a more energy efficient model is requested in an effort to avoid a failure, which would require a rental replacement and disruption to temperature control at the Annex.

This proposal will allow the new chiller to be installed during the winter months when the chiller is not used. Approval at this time will allow for the proper scheduling for delivery and installation of the chiller prior to the spring of 2020.

Financial Impact:

Water Utilities capital funds will be used to fund this project.

Other Information/Recommendation:

Staff recommends that the task order be awarded to Clare's Heating & Air Conditioning Commercial Refrigeration, LLC, and that the City Manager be authorized to execute any related documents.

Tax	\$0.00
Total	\$143,078.00

Notes:

Bid is to change out the existing Chiller and replace it with Carrier 170 Ton Chiller. Chiller has freeze protection, non-fused disconnect, low ambient head pressure control system and bacnet communications for full automation. Coil trim panels, security grilles and upper hail guards included. Factory start up and commission. Electrical disconnect will be updated to 400 amp breaker with conduit from chiller to basement for communication. Bid includes Ener-tel integration of chiller to andover system.

City Council

October 20, 2020

Project Scope

- Labor and material for the replacement of City Hall Annex Chiller, Piping, and Electrical Work
- Existing Chiller is approximately 22 years old and is near the end of its useful life
- Chiller will be replaced with a more energy efficient model during winter months to negate impact to Annex

Project Financials

- Total estimated project cost of \$143,078
- Project to be funded from the Water Utilities capital funds

Existing Chiller

City Council

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Julia Antilley, City Clerk, City Clerk, 325-657-4405

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving an amendment to the MCCi, LLC Master Services Agreement under BuyBoard Contract 544-17 in the amount of \$218,479.45, using CARES funding, and authorizing the City Manager to negotiate and execute all related documents (Julia Antilley)

Summary/History:

With the onset of COVID in March 2020, the researching of permanent records stored offsite became a more cumbersome and risky activity due to germ transfer on boxes and papers.

This solution will:

- Support the COVID work from home initiative
- Support COVID efforts to minimize employee physical contact/proximity
- Modernize records storage, protecting historical documents with aging paper and ink
- Allow staff to access records remotely and create searchable records with Optical Character Recognition (OCR), increasing efficiencies in records retrieval and keyword searches
- Eliminate single point of failure (currently City Clerk's Office must be available to escort staff to locate/scan records offsite at Keyes Building), streamlining responses to inquiries from businesses, citizens, and staff
- Create a digital copy of historical documents with a PERMANENT retention period as outlined by the Texas State Library and Archives Commission (TSLAC)

Financial Impact:

The BuyBoard quote for MCCi scanning is \$218,479.45.

The project cost will be funded by the CARES Act Coronavirus Relief Fund. There are no recurring costs.

ADDENDUM NO. 2 TO MASTER SERVICES AGREEMENT NO. 60814

SCANNING ORDER

Pursuant to Master Services Agreement No. 60814 ("**Agreement**"):

This Scanning Order, designated as Addendum No. 2 is entered into as of _____, 2020 ("**Addendum Effective Date**") , by and between MCCi and Client and is hereby incorporated into the Agreement and made a part thereof. If there is any conflict between a provision of the Agreement and this Addendum, the Agreement will control. Any capitalized terms not otherwise defined herein shall have the meaning set forth in the Agreement. This Order supersedes any previous quote or proposals received.

IN WITNESS WHEREOF, the Parties hereto have caused this Addendum No. 2 to be executed by their respective duly authorized representatives as of the Addendum Effective Date.

ALL QUOTES EXPIRE IN 30 DAYS

BuyBoard Pricing: The pricing and terms in this contract are derivative of the “Not-To-Exceed” digitization rates that were competitively sourced through the BuyBoard’s Document Scanning Services contract

#544-17. The rates and terms listed are based upon the complexity and volume of the project(s) outlined in this contract. The rates listed may be applied to additional projects that have not been specifically outlined in this contract, but MCCi reserves the right to verify the complexity of those projects and if needed modify the rates accordingly.

PAYMENT & BILLING TERMS

MCCi will invoice project on a monthly schedule, based on deliverables (via Electronic media or the internet). Payment is due upon receipt of an invoice.

PROJECT SCOPE

Client will furnish MCCi with all hardcopy/electronic documents for its use in preparing the document imaging project and that need to be converted.

GENERAL DESCRIPTION PROJECT 1

DOCUMENT SIZE	Regular up to 12" x 17"
DEPARTMENT	City Secretary
DOCUMENT TYPES	Minutes
DOCUMENT/ROLL/FICHE COUNT	Approximately 115 Ledger Books (these are not bound). Each book contains an estimated 500 pages. Each book contains approximately 100 Documents (5 pages each).
IMAGE COUNT	11,500 Estimated Documents
IMAGES PER DOCUMENT/ROLL/FICHE	57,500 Estimated Images

DOCUMENT PREPARATION

CURRENT STORAGE METHOD	Ledger Books (not bound)
CONDITIONS OF DOCUMENTS	MCCi has not seen these documents and is basing this quote on information provided from the City.

IMAGE PROCESSING & INDEXING

DPI & COLOR	300 DPI, Black & White
NUMBER OF INDEX FIELDS	Up to 2 Fields (Document name counts as an index)
DOCUMENT NAMING CONVENTION	Date – Meeting Type
FIELDS TO BE INDEXED	Date, Meeting Type
OPTICAL CHARACTER RECOGNITION	OCR will be completed on the City's Laserfiche system. MCCi will assist in getting this process started upon import of digitized records.

IMAGE OUTPUT

DELIVERY METHOD	Secure FTP Transfer
OUTPUT TYPE	Laserfiche Briefcase

MATERIAL HANDLING

SHIPPING LOGISTICS	MCCi Pickup
SHIPPING & DELIVERY TERMS	Up to 1 shipment (if job is broken up, volume pricing must be also)

SPECIAL NOTES

- Any corrections such as rescans or indexing changes must be brought to MCCi's attention within 90 days of the date that MCCi delivers the data to the Client. Corrections will not be made after 90 days.
- Document Reprep is included in this project pricing. The records will be placed back into the Ledger Books in the same order.
- MCCi will import the records into the Laserfiche system for easy search and retrieval.
- All estimates above are based on data provided by the client, actual volume variance may affect overall image and cost estimates.

GENERAL DESCRIPTION PROJECT 2

DOCUMENT SIZE	Large Format up to 42" wide
DEPARTMENT	City Secretary
DOCUMENT TYPES	Permit Plans
DOCUMENT/ROLL/FICHE COUNT	The City has approximately 180 boxes of plans, 2" thick and 112 boxes of plans, 5" thick. It is estimated that the 2" box contains 5 large format documents at an average of 25 pages each. It is estimated that the 5" box contains 8 large format documents at an average of 25 pages each.
IMAGE COUNT	2" Boxes = 900
IMAGES PER DOCUMENT/ROLL/FICHE	5" Boxes = 896

DOCUMENT PREPARATION

CURRENT STORAGE METHOD	Boxes
CONDITIONS OF DOCUMENTS	MCCi has not seen these documents and is basing this quote on information provided from the City.

IMAGE PROCESSING & INDEXING

DPI & COLOR	300 DPI, Black & White
NUMBER OF INDEX FIELDS	Up to 3 Fields (Document name counts as an index)
DOCUMENT NAMING CONVENTION	MCCi will discuss the naming convention and index / metadata options upon review of the records after pickup.
FIELDS TO BE INDEXED	MCCi will discuss the naming convention and index / metadata options upon review of the records after pickup. Estimated Index Fields = Permit Number, Address, Date
OPTICAL CHARACTER RECOGNITION	OCR will be completed on the City's Laserfiche system. MCCi will assist in getting this process started upon import of digitized records.

IMAGE OUTPUT

DELIVERY METHOD	Secure FTP Transfer
OUTPUT TYPE	Laserfiche Briefcase

MATERIAL HANDLING

SHIPPING LOGISTICS	MCCi Pickup
SHIPPING & DELIVERY TERMS	Up to 1 shipment (if job is broken up, volume pricing must be also)

SPECIAL NOTES

- Any corrections such as rescans or indexing changes must be brought to MCCi's attention within 90 days of the date that MCCi delivers the data to the Client. Corrections will not be made after 90 days.
- Document Reprep is NOT included in this project pricing.
- This project is priced to be picked up in conjunction with the Ledger Books.
- MCCi will import the records into the Laserfiche system for easy search and retrieval.
- All estimates above are based on data provided by the client, actual volume variance may affect overall image and cost estimates.

GENERAL DESCRIPTION PROJECT 3

DOCUMENT SIZE	500 Boxes – Miscellaneous Records
DEPARTMENT	Clerk
DOCUMENT TYPES	Miscellaneous Records
DOCUMENT/ROLL/FICHE COUNT	Using an average estimate of 2,500 pages PER box, the total image count = 1,250,000
IMAGE COUNT	Using an average estimate of 25 pages PER document, the total document count = 50,000
IMAGES PER DOCUMENT/ROLL/FICHE	1,250,000 Total Estimated Images

DOCUMENT PREPARATION

CURRENT STORAGE METHOD	Boxes
CONDITIONS OF DOCUMENTS	MCCi has not seen these documents and is basing this quote on information provided from the City.

IMAGE PROCESSING & INDEXING

DPI & COLOR	300 DPI, Black & White
NUMBER OF INDEX FIELDS	Up to 3 Fields (Document name counts as an index)
DOCUMENT NAMING CONVENTION	MCCi will discuss the naming convention and index / metadata options upon review of the records after pickup.
FIELDS TO BE INDEXED	MCCi will discuss the naming convention and index / metadata options upon review of the records after pickup. Estimated Index Fields = Permit Number, Address, Date
OPTICAL CHARACTER RECOGNITION	OCR will be completed on the City's Laserfiche system. MCCi will assist in getting this process started upon import of digitized records.

IMAGE OUTPUT

DELIVERY METHOD	Removable Hard drive
OUTPUT TYPE	Laserfiche Briefcase

MATERIAL HANDLING

SHIPPING LOGISTICS	MCCi Pickup
SHIPPING & DELIVERY TERMS	Up to 1 shipment (if job is broken up, volume pricing must be also)

SPECIAL NOTES

- Any corrections such as rescans or indexing changes must be brought to MCCi's attention within 90 days of the date that MCCi delivers the data to the Client. Corrections will not be made after 90 days.
- Document Reprep is NOT included in this project pricing.
- This project is priced to be picked up in conjunction with the Ledger Books.
- MCCi will import the records into the Laserfiche system for easy search and retrieval.
- All estimates above are based on data provided by the client, actual volume variance may affect overall image and cost estimates.

SCANNING ASSUMPTIONS

ERROR RATE

MCCi's acceptable error rate will be less than 0.5% for the overall project, unless otherwise stated in writing. MCCi cannot be accountable for records not reflected in original inventory report provided by Client. MCCi will correct only those valid discrepancies above the acceptable error rate reported within 90 days after delivery of electronic data to Client.

DOCUMENT STORAGE

MCCi's facilities contain secure rooms for hardcopy "work in progress" document storage. MCCi will arrange for the return of hardcopy documents to Client after completion of scanning. If documents reside at MCCi facilities for a period longer than 90 days after converted electronic data is delivered to Client, storage charges of \$2.50 per cubic foot per month will apply.

DATA STORAGE

MCCi is not responsible for maintaining a copy of Client data, with the exception of Clients who contractually and on a recurring basis, utilize MCCi's Online Document Hosting Services. MCCi periodically reviews and deletes Client data from previous projects. The timing of the periodic review and deletion of data is at MCCi's discretion. MCCi recognizes that for records retention and security compliance, Client may require MCCi to delete copies of its data prior to MCCi's process of deleting data; if so, Client is responsible for making the request in writing and for obtaining confirmation of data deletion.

ENTERPRISE WIDE SCANNING SERVICES

MCCi can provide any department in the organization with scanning services for documents other than those described in this pricing proposal. All costs are volume based and can be provided upon request. MCCi will consult with each department interested in beginning their own project to determine individual scanning and indexing needs.

MICROFILM & FICHE CONVERSION SERVICES.

MCCi offers electronic conversion services for microfilm, microfiche, and aperture cards. Client will provide MCCi with data to be converted to electronic format. MCCi will extract the images contained on the film/fiche and migrate them to Laserfiche or to another industry standard format as requested by Client. The images will be captured based upon the reduction ratio and threshold between the beginning and ending of new images on the original film. MCCi is not responsible for the accuracy of existing image quality, such as black borders, skewed images, blurry images, non-legible images, or other errors that are not controllable by MCCi. Unless otherwise specified in the project scope, MCCi will index by the roll/card number or unique identifier.

LASERFICHE SEARCH ENGINE MEDIA

If included in the Scope of Services, MCCi will integrate the documents with the Laserfiche Software to provide Client with the most powerful index retrieval search engine available with the following features: intuitive browse window, index cards, and full text word search. MCCi will provide Client with the appropriate media containing all documents scanned and integrated with Laserfiche.

ONLINE DOCUMENT HOSTING

MCCi will post the documents to the web for a minimal annual fee. MCCi provides Client with a direct link which can then be linked to Client's website for public access if desired. Document storage cost is determined upon actual image count. All documents on the site are integrated with a search engine, and updates are incorporated as the database is amended. This recurring web posting service will automatically renew and be billed unless Client has terminated the Agreement or provided sixty (60) days written notice prior to the scheduled renewal date of the recurring Services. No refunds are available in the event of cancelling prior to the expiration of a renewal term.

PROJECT TIMELINE

MCCi will complete and deliver the project within the predetermined project timeline as agreed upon with Client. Should MCCi require additional time, Client will be notified immediately.

DOCUMENT TRANSPORTATION

Client is required to package all materials per MCCi's instruction prior to delivery of materials to MCCi facilities. If Client chooses to utilize MCCi's pickup and delivery service (offered in select states), pricing is based on picking up the entire project described in the scope of services in one shipment. At the time of updating or if additional trips are required due to Client not having all the documents ready for pick up, additional charges will be applied. If Client chooses to ship via a certified carrier, Client incurs all shipping costs.

PRICING

Charges apply on a per project basis and are dependent upon size and volume of documents. MCCi requires having the entire project in bulk, rather than in small quantities. Breaking the project into smaller quantities will affect the volume pricing, and additional charges per image may apply. A sample may be required prior to confirming large volume job pricing.

UNANTICIPATED DOCUMENT TYPES & SIZES

The prices quoted are made with the expectation that Client will properly prepare and annotate materials for scanning bureau use and that documents are consistent with the description provided in the scope of services. If documents are not as initially represented, additional charges will apply. MCCi will call for authorization to proceed with the project.

LASERFICHE SYSTEM CLIENTS

Due to requirements by Laserfiche systems regarding the importing of images and indexing information, it is highly recommended that Clients who already have a Laserfiche system have their documents scanned using only Laserfiche software. This will ensure that all associated indexing information will be properly retained after the importing of images into the Laserfiche system. MCCi has knowledge of the software versions, indexing requirements, and compatibility issues for each of our Laserfiche system Clients. For these reasons, MCCi should be considered as a Preferred/Best Value provider for scanning services. Additionally, Laserfiche System Clients are required to supply MCCi with a Laserfiche Briefcase of their current folder/template structure, prior to each scanning project / updates to existing projects.

MCCi CERTIFIED PARTNERS

MCCi maintains partnerships for the purpose of additional capacity and flexibility in meeting Client expectations. In the event partners are used for a project, the management and support of the project is handled directly by MCCi. . Physical documents will never leave the United States, but our partners may utilize offshore resources to handle document indexing, quality control, and other processes.

SERVICES PROVIDED

The services provided in this order will be in full force and effect for a period of 90 days from the date of shipment of the completed product to the organization.

INDEMNIFICATION AND LIMITATION OF LIABILITY

(a) Mutual Indemnification.

Each Party shall indemnify, defend and hold the other harmless against any loss, damage or costs (including reasonable attorneys' fees) in connection with third Party claims, demands, suits, or proceedings ("**Claims**"):

- For bodily injury or personal property damage arising out of the indemnifying Party's performance within the scope of its responsibilities under this Agreement.
- A breach of such Party's obligations with respect to confidentiality
- A breach by such Party of laws.
- Caused by negligent acts, omissions or willful misconduct

(b) MCCi Indemnification.

MCCi shall defend, indemnify and hold Client harmless against Claims made or brought against Client by a third Party alleging that the use of any Deliverable as provided to Client under this Agreement or any Order hereto and used in accordance with this Agreement and relevant documentation, infringes any third Party's intellectual property rights. Notwithstanding the foregoing, MCCi shall not be required to indemnify Client to the extent the alleged infringement: (x) is based on information or requirements furnished by Client, (y) is the result of a modification made by a Party other than MCCi, or (z) arises from use of a Deliverable in combination with any other product or service not provided by MCCi. If Client is enjoined from using the Deliverable or MCCi reasonably believes it will be enjoined, MCCi shall have the right, at its sole option, to obtain for Client the right to continue use of the Deliverable or to replace or modify the Deliverable so that it is no longer infringing. If neither of the foregoing options is reasonably available to MCCi, then this Agreement may be terminated at either Party's option and MCCi's sole liability shall subject to the limitation of liability provided in this Section.

(c) Client Indemnification.

If the Services require MCCi to access or use any third Party products provided or used by Client, Client warrants that it shall have all rights and licenses of third Parties necessary or appropriate for MCCi to access or use such third Party products and agrees to produce evidence of such rights and licenses upon the reasonable request of MCCi and to indemnify, hold harmless and defend MCCi from and against any claims, actions, demands, lawsuits, damages, liabilities, settlements, penalties, fines, costs and expenses (including reasonable attorneys' fees) to the extent arising from MCCi's access to or use of such third Party products.

(d) Indemnification Procedure.

Each indemnified Party shall give the indemnifying Party (a) prompt written notice of the Claim; (b) sole control of the defense and settlement of the Claim (provided that the indemnifying Party may not settle any Claim unless it unconditionally releases the indemnified Party of all liability); and (c) at indemnifying Party's cost, all reasonable assistance.

(e) Limitation of Liability.

In no event shall either Party be liable for special, exemplary, incidental, or consequential damages (including, without limitation, lost revenues, profits, savings or business) or loss of records or data, whether or not the possibility of such damages has been disclosed to such Party in advance or could have been reasonably foreseen by such Party, and whether in an action based on contract, warranty, strict liability, tort (including, without limitation, negligence) or otherwise. Except for a Party's indemnification obligations, each Party's maximum aggregate liability for all claims, losses or other liability arising out of, or connected with, this Agreement, the Services contemplated hereunder or Client's use of any such Services or Deliverables, and whether based upon contract, warranty, strict liability, tort (including, without limitation, negligence), or otherwise, shall in no case exceed the aggregate amounts paid to MCCi by Client under the applicable Order, giving rise to such claim during the last six (6) months. Each Party's entire liability and Client's remedies under this Agreement shall be subject to the limitations contained in this Section 11. The limitations on warranty and liability specified in Sections 10 and 11 hereof will survive and apply even if any limited remedy herein is found to have failed of its essential purpose.

The Parties acknowledge that the limitation of warranties and liabilities as set out in this Agreement are an essential basis of this Agreement and that the prices agreed to be paid by Client for Services reflect these limitations.

USE OF BASECAMP

Through the course of this project, MCCi may choose to utilize the third-party service Basecamp (<http://www.basecamp.com>) for project management and team collaboration. Documentation and correspondence exchanged between MCCi and Client may be stored in Basecamp.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Ryan Gaddy, Assistant Finance Director, Accounting, 325-657-4270

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider awarding FIN-02-20 to MGT Consulting Group in the total amount of \$62,000 for a three year contract and two additional one year extensions for the production of indirect cost plans (Ryan Gaddy)

Summary/History:

The current Consulting Services Agreement with MGT Consulting Group expires October 31, 2020. Annually, indirect cost plans are prepared and reports produced to meet the following requirements:

1. A Cost Allocation Plan in accordance with 2 CFR Part 200 regulations and guidelines. The plan is used to justify indirect costs charged to Federal and State grant programs.
2. A Full Cost Allocation Plan to determine the distribution of indirect costs to City departments / divisions.

A request for proposals was published and resulted in bids from four firms specializing in these services. Based on the review of the bids by staff, MGT Consulting Group was rated the choice for selection.

Financial Impact:

The annual amount of \$12,000 is budgeted in FY2021.

Other Information/Recommendation:

Staff recommends awarding a Consulting Services Agreement to MGT Consulting Group and authorizing the City Manager to negotiate and execute all necessary documents.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Tina Dierschke, Finance Director, Finance, 325-657-4268

Meeting Date: October 20, 2020

Item type: Consent Item

Caption:

Consider approving an amendment to the contract with the San Angelo Convention & Visitors Bureau (CVB) allowing a one-time carry-over of funds in the amount of \$200,000 of Hotel Occupancy Tax (HOT) receipts for eligible activities and authorizing the City Manager to execute all related documents (Tina Dierschke)

Summary/History:

In response to City Council direction during budget discussions, staff is presenting an amendment to the existing contract with the CVB. This is not a new contract. It will amending the current contract to allow the CVB to carry-over the \$200,000 in savings in their current year's budget in addition to their usual fund balances as discussed with City Council in our budget discussions.

The contract with the CVB will expire December 31, 2020. Staff will request a renewal of the contract in December of 2020.

Financial Impact:

The CVB would be allowed to retain and carry-over \$200,000 in savings from their current year's budget for use in their next fiscal year.

AMENDMENT 1 TO CONVENTION AND VISITORS BUREAU CONTACT

RECITALS:

WHEREAS, the City of San Angelo and the San Angelo Chamber of Commerce, Inc. have a contract effective January 1, 2020 under which the City of San Angelo hires the Chamber of Commerce to manage the Convention and Visitors Bureau; and

WHEREAS, under the Contract the parties may agree to amendments as necessary; and

WHEREAS, the parties have agreed upon the following amendments to the Contract.

NOW, THEREFORE, the parties agree as follows:

PART 1: Section 4.1 shall be amended to add the following language:

"An additional one-time carry-over of unexpended funds in the amount of Two Hundred Thousand and No/100 Dollars (\$200,000) as directed by the City Council during FY 2021 budget discussions."

PART 2: That Section 10 shall be amended to state:

"The Bureau shall deliver to City all unspent funds from the Contract Amount less Three Hundred Twenty-Nine Thousand Six Hundred Fifty-Seven and 54/100 Dollars (\$329,657.54) approved fund balances and a one-time carry-over in the amount of Two Hundred Thousand and No/100 Dollars (\$200,000). Any additional unspent funds should be calculated and returned to the City at the end of the calendar year."

PART 3: All other terms and conditions of the Agreement shall remain in full force and effect unless amended and changed by further amendment.

IN WITNESS WHEREOF, the parties hereto have caused this AMENDMENT to be executed by their respective duly authorized officials on this ____ day of _____, 2020.

**AN ORDINANCE OF THE CITY OF SAN ANGELO AMENDING
THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER
1, 2020, AND ENDING SEPTEMBER 30, 2021, FOR GRANTS AND
REIMBURSED EXPENSES.**

WHEREAS the City of San Angelo has determined that certain budgeted amounts should be amended due to project changes and unforeseen circumstances, and

WHEREAS the resources necessary for these changes are available;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANGELO, TEXAS THAT:

The City's budget for fiscal year 2020-2021 be amended by the amounts contained in Exhibit A.

INTRODUCED on the 6th day of October, 2020, and APPROVED and ADOPTED on this 20th day of October.

Memo

To: Tina Dierschke, Finance Director
From: Ryan Gaddy, Assistant Director of Finance
Date: 10/06/20
Re: Budget Amendment Request

Purpose of Budget Amendment Request:

Budget for the remaining 80% of a grant for reimbursement of COVID-19 eligible expenditures.

Source of Funding:

CARES Act Coronavirus Relief Fund (CRF)

Funding previously approved? If so, by City Manager or City Council and when?

No

Project/Budget to be amended	Current Budget	Proposed Change	Proposed Revised Budget
Grant Revenue	0	4,390,936	4,390,936
Project Expense	0	4,390,936	4,390,936
			0
			0
			0
			0

Additional Comments:

Eligible expenditures include (1) Medical expenses, (2) Public health expenses, (3) Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency, (4) Expenses of actions to facilitate compliance with COVID-19-related public health measures, (5) Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, and (6) Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund's eligibility criteria.

Seventy-five percent (75%) of the funds must be used for items 1-4.

Memo

To: Tina Dierschke, Finance Director

From: Frank Carter, Police Chief

Date: 10/06/20

Re: Budget Amendment Request

Purpose of Budget Amendment Request:

Justice Assistance Grant awarded for a total of \$22,859, funds split \$16,458 for City Police Department and \$6,401 for County Sheriff's Department.

Source of Funding:

Edward Byrne Justice Assistance Grant

Funding previously approved? If so, by City Manager or City Council and when?

Approved by City Council on September 29, 2020.

Project/Budget to be amended	Current Budget	Proposed Change	Proposed Revised Budget
Revenue	0	22,859	22,859
City Expenses	0	16,458	16,458

Consider approving a renewal of the contracts with Citywise Marketing, LLC and McLaughlin Advertising and authorizing the City Manager to execute all related documents (Tina Dierschke)

Summary/History:

The Naming Rights agreement expired April 30, 2020. The Advertising Agency and Advertising Services agreements will expire October 31, 2020. It is preferable to align the start and end dates of all three agreements (Naming Rights, Advertising Services, and Advertising Agency). As such, staff is aiming to renew all three agreements as of November 1, 2020, since the latter two expire at the end of October. The preferred term of the contract would be three years with a two year renewal option.

Changes to the agreements include:

Removal of the requirement that proposals must run through an advisory committee prior to City Council approval.

Financial Impact:

No changes will be made to the fiscal policies within the contracts.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Jeremy Valgardson, Airport Director, Airport, 325-659-6409

Meeting Date: October 20, 2020

Item type: Regular Item

Caption:

Discussion and consideration of an event at the airport and authorizing the City Manager to negotiate and execute all related documents regarding:

1. approving a venue and license agreement with Air Race 1
 2. approving an MOU with the Convention & Visitors Bureau to provide funding and other related event services
- (Presentation made by Airport Director Jeremy Valgardson)

Summary/History:

Air Race 1 has requested to use the San Angelo Regional Airport as one of their stops in a United States air race circuit. Air Race 1 has done several circuits around the world, but they have never ran a full series in the U.S. The president for Air Race 1 lives in Big Springs, TX and would like to use several Texas airports for their 2021 Circuit.

The race event is similar to the Reno Air Races by consisting of an oval track with multiple heats. All aircraft, in their particular heat, race together and the first to cross the finish line wins. They are required to fly no lower than 50' and they can reach speeds in excess of 300mph. All of the aircraft are light weight and run off aviation 100LL fuel (provided by the FBO).

The track has a 500' debris zone which assumes that if an airplane was to crash in the track area debris could scatter up to 500'. The track is designed to protect the public and it's surroundings from the debris zone.

Pylon number three would be off airport and an agreement would need to be made with the private land owner to allow equipment and fire personnel on their property.

The event will run roughly 5 days. 2 of those days would be open to the public as qualifying and final runs.

Roughly 4 trucks and 16 fire fighters/ EMS will be required for the event itself. We will also need roughly 4 law enforcement officers to maintain the airports security protocols during the public opening periods.

There is a significant financial requirement as well as an insurance requirement. CVB will assume much of the financial obligation through a Memorandum of Understanding with the City. The rest of the financial obligation will need to come from the City.

The FAA's *Revenue Use Policy* will not allow the Airport to use airport funds without a direct monetary benefit to the airport. The City has been unable to locate an insurer for the event so moving forward will require the event to be self-insured by the City. If an insurer is located, the cost of that policy will be the responsibility of the CVB

The race would be in the Fall of 2021.

The event would be cancelled with no penalty to the City if the FAA or TSA does not approve.

The proposal is being reviewed by the FAA and TSA.

Runway 18-36 will remain open throughout the event so the airport can remain operational at all times. Runway 03-21 will be closed due to Pylon #2 being stationed in the safety area of that runway. Commercial air service will not be cancelled or delayed due to the event.

The Airport Advisory Board met October 8th and recommends City Council approves the host agreement as presented.

<https://airrace1.com/>

Financial Impact:

The CVB has approved this through minuted action: Make a motion to authorize the CVB to commit up to \$40,000 in visitor event and/or sports incentives to Air Race 1 to hold an air race at the San Angelo Regional Airport in October 2021. We agree the CVB will also solicit sponsorships to cover additional fees for the event, seek assistance from City Council for additional HOT funds, as well as apply for the Texas Events Trust Fund in hopes of receiving monies from the state to offset any other expenses.

Anything not covered by CVB will need to be covered from the general fund. The FAA's *Revenue Use Policy* will not allow us to use airport funds unless there is a direct monetary benefit to the airport.

Additionally, the following are needed:

- 4 fire/ems vehicles
- estimated 16 fire/ems qualified personnel will be needed for the racing event
- 4 uniformed law enforcement officers will need to be present during the times the event is open to the public to ensure the airports security protocols are met

Air Race Track Location

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Jeff Fisher, Sr. Planner, Planning and Development Services, 325.657.4210

Meeting Date: October 20, 2020

Item type: Regular Item

Caption:

First reading and public hearing of an ordinance approving case PD20-02, a rezoning property from a Planned Development allowing retail sales and service uses and offices with Type 1 outdoor storage, to a Planned Development allowing multifamily housing development; being 1.425 acres located at 3824 Green Meadow Dr. (Presentation made by Planning & Development Services Director Jon James)

Summary/History:

The proposed multifamily housing development will comprise 14 buildings with a total of 28 residential units (two units per building). Six buildings (12 units) will be one-bedroom and eight buildings (16 units) will be two-bedroom. The applicant's concept plan includes a central laundry facility and greenspace areas throughout the property.

The applicant could have rezoned to Low Rise Multifamily Residential (RM-1) which would also have allowed the duplex buildings on a single site, but requested the PD in order to reduce the side and rear yard setbacks to zero feet (RM-1 requires 10-foot side and 20-foot rear respectively). Staff supports the reduced setbacks given the property to the north is FEMA floodway which provides undevelopable open space.

Financial Impact:

N/A

Other Information/Recommendation:

On September 21, 2020, the Planning Commission voted to RECOMMEND APPROVAL of the proposed Planned Development Zone Change by a unanimous vote of 6-0.

AN ORDINANCE AMENDING CHAPTER 12, EXHIBIT “A” OF THE CODE OF ORDINANCES, CITY OF SAN ANGELO, TEXAS, WHICH ADOPTS ZONING REGULATIONS, USE DISTRICTS AND A ZONING MAP, IN ACCORDANCE WITH A COMPREHENSIVE PLAN, BY CHANGING THE ZONING AND CLASSIFICATION OF THE FOLLOWING PROPERTY: **LOT 1 IN BLOCK 47, MEADOWCREEK ADDITION, SECTION TWENTY; LOCATED AT 3824 GREEN MEADOW DRIVE;** FROM THE PLANNED DEVELOPMENT (PD19-06) ZONING DISTRICT WHICH ALLOWED RETAIL SALES AND SERVICE USES AND OFFICES WITH TYPE 1 OUTDOOR STORAGE TO A PLANNED DEVELOPMENT (PD20-02) TO ALLOW FOR A MULTIFAMILY HOUSING DEVELOPMENT; PROVIDING FOR SEVERABILITY; AND, PROVIDING FOR AN EFFECTIVE DATE

RE: PD20-02: 3824 Green Meadow Drive

WHEREAS, on the 21st day of September, 2020, the Planning Commission for the City of San Angelo in compliance with the City Charter, City ordinance and state law, and after holding a public hearing thereon, caused to be prepared and delivered a report and recommendation to City Council to approve the proposed Planned Development (PD20-02) Zoning District to allow for a multifamily housing development; and in conformance with the overall use in accordance with the approved Concept Plan, as further depicted on **Exhibit “A”** of this Ordinance (**“PD Concept Plan”**); and,

WHEREAS, on the 20th day of October, 2020, City Council held a public hearing on PD20-02, pursuant to published notice, and has considered the application, comments, reports and recommendations of the Planning Commission and staff, public testimony, and other relevant support materials;

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF SAN ANGELO:

SECTION 1: The basic zoning ordinance for the City of San Angelo, as enacted by the governing body for the City of San Angelo effective January 4, 2000, and included within Exhibit “A” of Chapter 12 of the Code of Ordinances of the City of San Angelo, and zoning map be and the same are hereby amended to designate the following described properties permanently zoned PLANNED DEVELOPMENT (PD20-02) ZONING DISTRICT;

The real property generally located north of Green Meadow Drive between Oak Grove Boulevard and Southwest Boulevard; being Lot 1 in Block 47 of the Meadowcreek Addition, Section Twenty, comprising 1.425 acres, City of San Angelo, Tom Green County, Texas as more particularly

described and depicted on Exhibit “B” of this Ordinance, shall henceforth be permanently zoned as follows: Planned Development (PD20-02) Zoning District.

SECTION 2: The Director of the Planning & Development Department, or his/her designee, is hereby directed to correct zoning district maps in the office of the Planning & Development Department, to implement the zoning provision adopted herein, as further depicted on **Exhibit “B”** of this Ordinance (**“PD Boundary Map”**).

SECTION 3: The use of the hereinabove described properties shall be subject to all applicable regulations contained in **Exhibit “C”** of this Ordinance (**“Applicable Regulations”**), and Chapter 12 of the Code of Ordinances for the City of San Angelo, as amended.

SECTION 4. The remaining provisions of Chapter 12 of the Code of Ordinances of the City of San Angelo, Texas, not amended herein shall remain in full force and effect.

SECTION 5: The terms and provisions of this Ordinance shall be deemed to be severable in that, if any portion of this Ordinance shall be declared to be invalid, the same shall not affect the validity of the other provisions of this Ordinance.

SECTION 6: This Ordinance shall be effective on, from and after the date of adoption.

INTRODUCED on the **20th day of October, 2020**, and finally PASSED, APPROVED AND ADOPTED on this the **3rd day of November, 2020**.

Applicable Regulations

1. Except as otherwise specified or limited below, the development of the subject property shall generally conform to the Low Rise Multifamily Residential (RM-1) Zoning District, except for:
 - a. The minimum rear yard setback shall be 0 feet.
 - b. The minimum side yard setbacks shall be 0 feet.
2. Duplex (two-family) dwelling units shall require a minimum of 1.5 parking spaces per 1 bedroom unit and 1.75 parking spaces per 2 bedroom unit or larger.
3. Overall site use shall be in accordance with the approved Concept Plan. Major changes to the usage of this property shall be approved through an amendment to this Planned Development District with approval from the Planning Commission and City Council. Minor deviations may be approved by the Planning Director.
4. The applicant shall submit and obtain approval of an Urban Design Review (UDR) prior to any future development that includes building elevations, a landscape plan, and details of any fencing, screening, and proposed lighting.
5. All exterior lighting be shielded, downward emitting and configured in such a manner as to satisfactorily minimize or eliminate light trespass onto surrounding properties. The City has the right to periodically inspect the property to verify compliance.

CITY COUNCIL – October 20, 2020
STAFF REPORT

APPLICATION TYPE:		CASE:	
Planned Development (Rezoning)		PD20-02: 3824 Green Meadow Drive (Favre)	
SYNOPSIS:			
The applicant has applied to rezone the subject property to a Planned Development (PD20-02) Zoning District to allow for a multifamily housing development comprising of 14 buildings and 28 residential units (two units per building). Six buildings (12 units) will be one-bedroom and eight buildings (16 units) will be two-bedroom. The applicant's concept plan includes a central laundry facility and greenspace areas throughout the property. (See Additional Information).			
LOCATION:		LEGAL DESCRIPTION:	
3824 Green Meadow Drive		Being Lot 1, Block 47, Meadowcreek Addition, Section Twenty	
SM DISTRICT / NEIGHBORHOOD:		ZONING:	FUTURE LAND USE:
SMD District #6 – Billie DeWitt Bonham Neighborhood		PD19-06 (retail sales and offices with Type 1 outdoor storage)	C – Commercial
			SIZE:
			1.425 acres
THOROUGHFARE PLAN:			
Green Meadow Drive – Urban Minor Collector Street, Required: 60' right-of-way, 50' pavement, Provided: 60' right-of-way, 40' pavement			
NOTIFICATIONS:			
25 notifications mailed within 200-foot radius on September 4, 2020. None in support or opposition to date.			
STAFF RECOMMENDATION:			
Staff recommends APPROVAL of the rezoning to a Planned Development (PD20-02) Zoning District to allow for a multifamily housing development; being 1.425 acres located at 3824 Green Meadow Drive; subject to five conditions of approval.			
PROPERTY OWNER/PETITIONER:			
Property Owner and Applicant: Tri-Side Capital LLC TSC Commercial Series, Mr. Mickey Favre			
STAFF CONTACT:			
Jeff Fisher, AICP Principal Planner (325) 657-4210, Extension 1550 jeff.fisher@cosatx.us			

Additional Information: Multifamily residential uses were allowed on the property by right from 1983 when the property was zoned Multi-Family Residence District (R-3), (and later renamed to RM-1 in 2000) until 2019. City Council rezoned the property on August 6, 2019 to a Planned Development (PD19-06) to allow for retail sales and service uses with Type 1 outdoor storage. PD19-06 had included a concept plan for an office/warehouse building for seven tenants, but was never built. The new owner and applicant is seeking to rezone the property for a new PD20-02 to allow multifamily development again. The applicant could have rezoned to Low Rise Multifamily Residential (RM-1) which would also have allowed the duplex buildings on a single site, but required the PD in order to reduce the side and rear yard setbacks to zero feet (RM-1 requires 10-foot side and 20-foot rear respectively). Staff supports the reduced setbacks given the property to the north is located in the FEMA floodway which allows for additional open space.

Rezoning: Section 212(G) of the Zoning Ordinance requires that the Planning Commission and City Council consider, at minimum, seven (7) factors in determining the appropriateness of any rezoning request:

1. **Compatible with Plans and Policies.** **Whether the proposed amendment is compatible with the Comprehensive Plan and any other land use policies adopted by the Planning Commission or City Council.** The subject property is designed “Commercial” in the City’s Comprehensive Plan which calls to “improve the relationship and connectivity between neighborhoods and Commercial areas” including the establishment of transition areas. Planning Staff believes that the proposed multifamily development adheres to this policy. It provides a transition between the residential neighborhood of townhomes to the south and west, apartments to the southeast, and the commercial uses to the east that includes an office and warehouse, salon, and spa.
2. **Consistent with Zoning Ordinance.** **Whether and the extent to which the proposed amendment would conflict with any portion of this Zoning Ordinance.** The proposed development will comply with the Low Rise Multifamily (RM-1) development standards except for the required side yard setback of 10 feet on the west side, and required 20-foot rear setback to the north. Planning Staff supports the applicant’s PD request to reduce these setbacks to 0 feet to allow the development to make the best use of available space. The applicant’s concept plan delineates a 0-foot setback for duplex buildings adjacent to the west side and north (rear) yards. While duplexes require two parking spaces per dwelling on separate lots, Staff will apply the multifamily apartment standard per the applicant’s concept plan of 1.5 spaces for one-bedroom units and 1.75 spaces for two-bedroom units, total of 46 spaces required. The applicant’s plan shows 61 spaces in compliance with either standard, but this lower standard allows for later revisions such as additional greenspace or increased drive lane widths. The proposed residential square footage is 24,576 square feet with a 300-square foot laundry building, for a total of approximately 25,000 square feet. The final site plan submitted with the required building permits will allow for minor adjustments provided the general layout is consistent with the concept plan.
3. **Compatible with Surrounding Area.** **Whether and the extent to which the proposed amendment is compatible with existing and proposed uses surrounding the subject land and is the appropriate**

zoning district for the land. As indicated above, the multifamily development is compatible with the surrounding area. There is residential development (townhouses and apartments) on the south side of Green Meadow Drive as well as seniors living complex to the west of Oak Grove Boulevard nearby. The new multifamily units will also be located in close proximity of commercial amenities that include a salon, spa, and fast food restaurants, and are within walking distance of a Concho Valley Transit bus stop. Finally, the applicant will install a five-foot wide sidewalk along Green Meadow Drive, improving walkability between the development and the bus stop and commercial amenities to the east.

4. **Changed Conditions.** **Whether and the extent to which there are changed conditions that require an amendment.** The previous owner who was approved for a retail office and warehouse project (PD19-06) on the property decided not to proceed and sold this property to the current owner and applicant. Staff believes that while the retail-office project was compatible with the area, a multifamily development is even more compatible and restores the original underlying RM-1 standards that existed between 1983 and 2019.
5. **Effect on Natural Environment.** **Whether and the extent to which the proposed amendment would result in significant adverse impacts on the natural environment, including but not limited to water and air quality, noise, storm water management, wildlife, vegetation, wetlands and the practical functioning of the natural environment.** Staff does not anticipate any adverse environmental effects from the proposed development. The concept plan delineates potential future areas for driveways, parking areas, and greenspace. The property, over one acre will require a drainage study that will address grading, drainage, and stormwater runoff prior to construction. Any drainage issues can be addressed at that time, and if necessary, a revised concept plan can be submitted for review and approval.
6. **Community Need.** **Whether and the extent to which the proposed amendment addresses a demonstrated community need.** Planning Staff concurs with the applicant that additional housing is needed, and specifically, affordable, multifamily housing. The recent 2019 *San Angelo ResIntel Housing Study* indicates that duplex, triplex and four-plex units account for only 4% of all housing units in San Angelo with an occupancy of 95.6% almost to capacity. It further indicates that rents increased by 25% in the past two years, that 54% of these were high end units, and only 1,111 multifamily units have been built in the past 10 years. Staff believes that based on these statistics, 28 additional housing units will improve this situation and provide needed multifamily housing in San Angelo.
7. **Development Patterns.** **Whether and the extent to which the proposed amendment would result in a logical and orderly pattern of urban development in the community.** The concept plan delineates two access driveways to the development and a third access drive in the center for additional parking, all fronting onto Green Meadow Drive. Green Meadow Drive is a minor collector road which can accommodate large traffic volumes, and Staff believes this street can accommodate the increase in traffic generated from the 28 additional residential units.

Planning Commission Recommendation:

On September 21, 2020, the Planning Commission recommended unanimous **APPROVAL** by a vote of 6-0 the rezoning from a Planned Development (PD) Zoning District which allowed for retail sales and service uses and offices with Type 1 outdoor storage, to a Planned Development (PD) Zoning District to allow for a multifamily housing development; being 1.425 acres located at 3824 Green Meadow Drive, subject to five conditions of approval as presented. The following is the complete excerpt of the draft minutes from the September 21, 2020, meeting for this case:

Jeff Fisher, Principal Planner, presented the proposed Planned Development Rezoning case. He explained that the property allowed multifamily residential development until 2019 when it was rezoned to a Planned Development (PD19-06) to allow retail and offices with some warehousing to the rear. Mr. Fisher explained that the proposed PD20-02 is for a multifamily development of 14 duplex buildings, a total of 28 units, with 12 of these being 1-bedroom units and 16 being two-bedroom units.

Mr. Fisher outlined Staff's rationale to recommend approval on the grounds that the use provides a transition between commercial uses to the east and residential ones to the south and west; that the lots comply with all underlying RM-1 zoning provisions and the PD will allow 0-foot side and rear setbacks adjacent to the FEMA floodway; that the previous office/retail development was never built and the proposed development would reinstate multifamily as an allowable use which was allowed from 1983 to 2019; and that there is a community need for duplexes in San Angelo given rents increasing 25% over the past two years, and only 4% of new housing being two, three or four-unit dwellings per the *ResIntel Study*. Mr. Fisher displayed the concept plan for the development provided by the applicant and presented the five conditions of approval as outlined in the Staff Report. These conditions include the requirement for an Urban Design Review.

Commissioner Uherik left the meeting at 10:14 a.m.

Chair Stribling opened public comment.

Chair Stribling closed public comment.

Commissioner Smith made a motion to RECOMMEND APPROVAL of a rezoning from a Planned Development (PD) Zoning District which allowed for retail sales and service uses and offices with Type 1 outdoor storage, to a Planned Development (PD) Zoning District to allow for a multifamily housing development; being 1.425 acres located at 3824 Green Meadow Drive, subject to five conditions of approval as presented. Commissioner Davis seconded the motion. The motion carried unanimously 6-0.

Recommendation:

Staff's recommendation is for City Council to **APPROVE** the rezoning to a Planned Development (PD20-02) Zoning District to allow for a multifamily housing development; being 1.425 acres located at 3824 Green Meadow Drive; **subject to five conditions of approval:**

1. Except as otherwise specified or limited below, the development of the subject property shall generally conform to the Low Rise Multifamily Residential (RM-1) Zoning District, except for:
 - a. The minimum rear yard setback shall be 0 feet;
 - b. The minimum side yard setbacks shall be 0 feet
2. Duplex (two-family) dwelling units shall require a minimum of 1.5 parking spaces per 1 bedroom unit and 1.75 parking spaces per 2 bedroom unit or larger.
3. Overall site use shall be in accordance with the approved Concept Plan. Major changes to the usage of this property shall be approved through an amendment to this Planned Development District with approval from the Planning Commission and City Council. Minor deviations may be approved by the Planning Director.
4. The applicant shall submit and obtain approval of an Urban Design Review (UDR) prior to any future development that includes building elevations, a landscape plan, and details of any fencing, screening, and proposed lighting.
5. All exterior lighting be shielded, downward emitting and configured in such a manner as to satisfactorily minimize or eliminate light trespass onto surrounding properties. The City has the right to periodically inspect the property to verify compliance.

Existing Zoning: <u>PD</u> (Zoning Map available on City Maps)		
Section 2: Type of PD Request (minimum one acre property is required):		
1. New PD District (City Council approval required) ☐ Text Amendment to PD District Ordinance (City Council approval required) ☐ Major Site Plan Amendment (Planning Commission approval required) ☐ Minor Site Plan Amendment (Planning Director approval required) ☐		
2. Concept Plan attached? Yes ☒ No ☐		
Notes: 1. For site plan amendments, the Planning Director shall determine if the plan is deemed minor or major based on the criteria outlined in Section 210 of the Zoning Ordinance. 2. The concept plan shall be drawn to scale and shall include but not be limited to: locations of new and existing buildings on the property with required zoning setbacks; outdoor uses and storage areas; location of all drive approaches and maneuvering areas; layout, striping and surfacing of all parking and loading spaces; sidewalks; and required fencing. Additional requirements such as landscaping, dumpster screening, and lighting may be provided on the concept plan or separate plan as determined by the Planning Director at time of submission or afterwards.		
Section 3: Site Specific Details (Use separate attachment if necessary)		
Existing Use of Property: <u>Vacant Land</u>		
*Proposed Use of Property: <u>Multifamily Duplexes</u>		
I understand that City Council is required by law to consider the following criteria when making a zone change decision, and I assert that my request meets <u>all</u> of the required criteria based on my explanation(s) below:		
1. Compatible with Plans and Policies. Whether the proposed amendment is compatible with the Comprehensive Plan and any other land use policies adopted by the Planning Commission or City Council. (Vision Plan Map available on City Maps and see pages 34-44 in San Angelo Strategic Plan)		
Explanation: <u>The Existing PD was for a commercial development. Due to the housing shortage and neighborhood surroundings multifamily would be well suited for this vacant land</u>		
2. Consistent with Zoning Ordinance. Whether and the extent to which the proposed amendment would conflict with any portion of this Zoning Ordinance .		
Explanation: <u>Planned Development for residential would conform to neighborhood surroundings</u>		

Effective April 1, 2020

Section 3: Site Specific Details continued

3. **Compatible with Surrounding Area.** Whether and the extent to which the proposed amendment is compatible with existing and proposed uses surrounding the subject land and is the appropriate zoning district for the land.

Explanation: Planned Development for residential would conform to neighborhood surroundings

4. **Changed Conditions.** Whether and the extent to which there are changed conditions that require an amendment.

Explanation: _____

5. **Effect on Natural Environment.** Whether and the extent to which the proposed amendment would result in significant adverse impacts on the natural environment, including but not limited to water and air quality, noise, stormwater management, wildlife, vegetation, wetlands and the practical functioning of the natural environment.

Explanation: Positive improvement to vacant land

6. **Community Need.** Whether and the extent to which the proposed amendment addresses a demonstrated community need.

Explanation: Our community is in need of additional housing

7. **Development Patterns.** Whether and the extent to which the proposed amendment would result in a logical and orderly pattern of urban development in the community.

Explanation: The property is adjacent to single and multifamily

Section 4: Applicant(s) Acknowledgement

(By checking the boxes you indicate that you understand below rules and regulations for the Planning Commissions case.)

☒ An application for a PD zone change on a property may only be made by the owner of that property, an authorized representative of the property owner, the Planning Director, the Planning Commission or City Council. An authorized representative shall present a notarized affidavit from the property owner;

☒ Minor site plan amendments may be approved or denied by the Planning Director, or referred by the Director to the Planning Commission for a decision where a revision constitutes a substantial alteration from the original approved plan. An applicant may appeal a denial by the Planning Director to the Planning Commission within 30 days of the decision.

☒ Major site plan amendments may be approved, approved with conditions, or denied by the Planning Commission at a public hearing. An applicant may appeal a denial by the Planning Commission to the City Council within 30 days of the decision.

☒ No application will be processed if a zoning violation exists on the property, unless such processing is authorized by City Council. Use of the subject property for any new activity (not allowed by present zoning) cannot occur before City Council's approval of the requested zone change. Any such unauthorized use of the subject property is subject to prosecution in Municipal Court.

☒ If approved, a PD zone change is applied to the property, not the property owner.

☒ For PD zone changes, one or more notice sign(s) will be placed on the subject property by the Planning Department. The Planning Department will also notify, in writing, owners of property within 200-feet of the subject property of the PD zone change request.

☒ For PD zone changes, the Planning Commission shall conduct a public hearing and shall recommend that the City Council approve, approve with modifications, or deny the proposed amendment. If the Planning Commission recommends approval of a PD zone change request, the case must still go before City Council for final action.

☒ A recommendation by the Planning Commission to deny a request for a PD zone change may be appealed in writing to City Council within 10 days, or the decision is considered final.

Effective April 1, 2020

- ☒ For PD zone changes, a public hearing and final decision will be made by City Council.
- ☒ The City Council may approve, approve with modifications, or deny the proposed PD zone change. Where the Planning Commission has recommended denial, or written protest against such amendment is made and signed by (a) the owners of 20 percent or more of the area subject to the zone change or (b) the owners of 20 percent or more of the area within 200 feet of the affected area, then the proposed amendment shall require a favorable vote of at least three-fourths of all the members of the City Council to become effective. The area of rights-of-way and streets shall be included in any computation of land area under this subsection.
- ☒ Appeal of a City Council decision to deny a PD zone change shall be made within 30 days to the applicable state District Court in Tom Green County.
- ☒ If a PD zone change request is granted by City Council, permits for building construction and/or utility connection may be obtained from the City's Permits and Inspections Department.
- ☒ The applicant shall ensure at the time of permitting, that the proposed uses and buildings comply with all development standards of the new zoning district(s) and the general development standards of the Zoning Ordinance including setbacks, parking, and any required privacy fencing. These requirements are outlined in San Angelo's Zoning Ordinance.
- ☒ The applicant or an authorized representative should attend public hearing(s) pertaining to his/her request, prepared to present his/her case and to answer any relevant questions from Planning Commission or City Council members.

I/We the undersigned acknowledge that the information provided above is true and correct.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Hillary Bueker, Planning Manager, Planning and Development Services, 325-657-4210

Meeting Date: October 20, 2020

Item type: Regular Item

Caption:

First reading and public hearing of an ordinance approving case CP20-06, a Comprehensive Plan Amendment from Neighborhood to Neighborhood Center, being 0.553 acres located at the northwest corner of S. Bell St. and Paint Rock Rd. (Presentation made by Planning & Development Services Director Jon James)

Summary/History:

The applicant has applied for a Comprehensive Plan Amendment from Neighborhood to Neighborhood Center, and has been approved, by the Planning Commission, for a Conditional Use to allow a building permit issuance and move forward with the proposed improvements while continuing with the Comprehensive Plan Amendment. The applicant is proposing a new retail business on the subject property. The current zoning of Office Commercial does not allow retail sale and service by right. While researching the development, Staff discovered the property's future land use is currently Neighborhood, which would not be in line with the proposed conditional use. The proposed comprehensive plan amendment to Neighborhood Center would support the conditional use and proposed development.

Financial Impact:

N/A

Other Information/Recommendation:

On September 21, 2020, the Planning Commission voted to RECOMMEND APPROVAL of the comprehensive plan amendment by a unanimous vote of 6-0.

AN ORDINANCE OF THE CITY OF SAN ANGELO, TEXAS, AMENDING THE CITY'S COMPREHENSIVE PLAN BY CHANGING THE FUTURE LAND USE PLAN MAP DESIGNATION OF CERTAIN LANDS LOCATED ON THE NORTHWEST CORNER OF SOUTH BELL STREET AND PAINT ROCK ROAD, BEING 0.553 ACRES, FROM "NEIGHBORHOOD" TO "NEIGHBORHOOD CENTER;" PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE

CP-20-06

WHEREAS, the City Council for the City of San Angelo, Texas, in accordance with the City Charter and Chapter 213 of the Texas Local Government Code, has adopted a Comprehensive Plan (Vision Plan and Future Land Use Map within the San Angelo Strategic Plan adopted by City Council as updated on October 20, 2009) to guide the long-range development of the City, manage the future growth of the City and promote the health, safety and welfare of its citizens; and

WHEREAS, the Comprehensive Plan includes a Future Land Use Map to serve as a geographical representation of anticipated land use patterns and long range development for the City; and

WHEREAS, inconsistencies have developed between current long standing land use and development patterns and development envisioned by the Future Land Use Map, which inconsistencies call for compatible revisions to the Future Land Use Map; and

WHEREAS, the Planning Commission and the City Council for the City of San Angelo, in compliance with the City Charter and Chapter 213 of the Texas Local Government Code regarding adoption and amendment of the City's Comprehensive Plan, having given requisite notice of public hearing by publication and otherwise, and having afforded a full and fair hearing to all property owners and persons interested, including persons situated in the vicinity of the affected area, being of the opinion that revision of the Comprehensive Plan and Future Land Use Map changes should be made as set out herein;

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF SAN ANGELO:

SECTION 1: The Future Land Use Plan Map, a component of the adopted Comprehensive Plan for the City of San Angelo be and the same is hereby amended to change the Future Land Use designations of the following described parcels as outlined below:

The real properties generally located on the northwest corner of South Bell Street and Paint Rock Road, specifically being 0.553 acres in Lots 2, 3 and 4 in Block D, Glenmore Annex, San Angelo, Tom Green County, Texas; from “Neighborhood” to “Neighborhood Center;”

SECTION 2: The Director of the Planning and Development Services Department is hereby authorized and directed to amend the Future Land Use Planning Map maintained in the Office of the Director to incorporate the foregoing amendments, as further depicted on **Exhibit “A”** of this Ordinance.

SECTION 3: The terms and provisions of this Ordinance shall be deemed to be severable in that, if any portion of this Ordinance shall be declared to be invalid, the same shall not affect the validity of the other provisions of this Ordinance.

SECTION 4: This Ordinance shall be effective on, from and after the date of adoption.

INTRODUCED on the **20th day of October, 2020**, and finally ADOPTED on this the **3rd day of November, 2020**.

THE CITY OF SAN ANGELO

Brenda Gunter, Mayor

STAFF CONTACT:			
Hillary Bueker Planning Manager (325) 657-4210, Extension 1547 Hillary.bueker@cosatx.us			

Additional Information: The applicant is proposing a new retail business on the subject property. The current zoning of Office Commercial does not allow retail sale and service by right so the applicant has been approved for a conditional use to allow the proposed development. While researching the development, Staff discovered the property's future land use is currently Neighborhood, which would not be in line with the proposed conditional use. The applicant has also applied for a comprehensive plan amendment to Neighborhood Center, which would support the conditional use and proposed development.

Comprehensive Plan Amendment Analysis: The comprehensive plan states that the intent of Neighborhood Center is to "Establish Neighborhood Centers that take on a more pedestrian-friendly character, are more integrated with and connected to their surroundings, and cluster buildings to generate synergies between complementary uses. These neighborhood centers should individually have a primary use, but should allow for a mix of uses allowing for increased activity, interest, and long-term viability." Directly east across South Bell Street is a Stripes Convenience Store and southeast of the subject property is Goodfellow AFB. North, west, and south of the property is currently residential. The subject property would make a great transition with included features such as sidewalks and required screening to the neighboring homes. The proposed development will be required to meet all current zoning ordinance regulations. The current Neighborhood future land use has not been used and is likely due to the location near a major intersection in Southeast San Angelo. Changing the future land use from Neighborhood to Neighborhood Center allows for the proposed development instead of continuing with an underutilized designation.

Planning Commission Recommendation:

On September 21, 2020, the Planning Commission unanimously recommended **APPROVAL** of the Comprehensive Plan Amendment changing the Future Land Use designation from "Neighborhood" to "Neighborhood Center" on 0.553-acre property as identified on the attached maps. The following is the complete excerpt of the draft minutes from the September 21, 2020 meeting for these cases:

Hillary Bueker, Planning Manager, presented the proposed Comprehensive Plan Amendment and Conditional Use cases. She explained that the zoning was already Office Commercial (CO) which allows a conditional use option for retail sales. She showed photographs of the site and surrounding area. Ms. Bueker outlined Staff's rationale to recommend approval of the Comprehensive Plan Amendment on the grounds that the Future Land Use of Neighborhood Center allows the proposed future use; that this future land use would create a transition from commercial to residential with sidewalks and screening; and that the current Neighborhood designation which supports residential homes has not developed because it is at a major intersection. Ms. Bueker then outlined Staff's recommended approval of the conditional use on the grounds that impacts will be minimized with screening and sidewalks; that the proposed development is consistent with the current CO zoning; that the area is a mix of uses which includes commercial to the east and southeast; and that the proposed development will fit into the commercial area along South Bell Street, and that sidewalks and screening will help it blend with the residential uses nearby. Ms. Bueker indicated that 23 notifications were mailed out

and no responses were received in support or against the requests. She concluded her presentation by outlining the three conditions of approval for the Conditional Use which included a landscape plan and a requirement for a sidewalk along La Salle Drive. She mentioned that she believes a sidewalk already exists along Paint Rock Road.

Chair Stribling opened public comment.

Russell Gully with SKG Engineering, representing the applicant, asked how a landscape plan could be designed to resemble the neighborhood and there is not a lot of landscaping in this area. He also asked if the landscaping plan and sidewalk conditions could be deferred to the building permit phase.

Ms. Bueker indicated that a deferral on the sidewalk and landscape plan could be achieved. She explained that adding some landscaping would help as well as screening.

Mr. Gully indicated that a 3-foot fence may help as well.

Ms. Bueker responded that this could be done.

Chair Stribling closed public comment.

Vice Chair Jackson made a motion to RECOMMEND APPROVAL of an amendment to the City of San Angelo Comprehensive Plan, changing certain lands from the Neighborhood Future Land Use to the Neighborhood Center Future Land Use on the subject property; and to APPROVE a Conditional Use to allow for Retail Sales and Service in the Office Commercial (CO) Zoning District on the subject property, subject to three conditions of approval as presented, DEFERRING Conditions #2 and #3 to the building permit phase. Commissioner Self seconded the motion. The motion carried unanimously 7-0.

Recommendation:

Staff recommends **APPROVAL** of a Comprehensive Plan Amendment from Neighborhood to Neighborhood Center on a 0.553-acre property located at the northwest corner of South Bell Street and Paint Rock Road.

Section 2: Site Specific Details

Existing Use of Property: Vacant

Proposed Use of Property: Retail Restaurant

Existing Comprehensive Plan Land Use Designation: Commercial Office

Requested Comprehensive Plan Land Use Designation: Retail Sales in the CO Zoning District

Reason(s) and justification(s) for requesting Comprehensive Plan Amendment:

We plan to build a new restaurant that would fill a large void in this part of San Angelo. This
new location will also employ 25-30 people, many of which will be first time jobs for young
adults and due to the proximity of the location, many employees can be within walking
distance to this location.

Effective January 3, 2017

Section 3: Applicant(s) Acknowledgement**Please initial the following:**

LDC This process does NOT change the zoning on the property. Future applications filed for zone change will be evaluated by comparing the request against the Comprehensive Plan category, to insure consistency as required by the Local Government Code. This Code directs cities to make zoning decisions in accordance with this planning document.

LDC Filing of this application is simply a request that the Planning Commission consider an amendment to the Comprehensive Plan map. Both the Planning Commission and City Council have the option to determine no amendment is necessary. If amendment is deemed necessary, staff will recommend updates based on the facts and evidence collected, and in accordance with the principles of the Comprehensive Plan adopted in 2009.

LDC If approved, the Comprehensive Plan Amendment is applied to the property and runs with the land; it does not apply to the property owner(s).

LDC The Planning Commission makes recommendations to City Council. If the Planning Commission recommends approval of a Comprehensive Plan Amendment request, the request must still go before City Council for final action.

LDC If a Comprehensive Plan Amendment request is granted by City Council, a Zone Change application must still be filed to begin the rezoning process. While such applications may be filed concurrently, refund of a rezoning application fee is not possible; as such, it may be advisable to wait for a final decision on said Comprehensive Plan Amendment before proceeding with a rezoning request.

LDC Comprehensive Plan Amendments are not done on a property by property basis, since zoning is largely based upon anticipating & mitigating the effects and unintended consequences land uses have on their surroundings. The neighborhood or area where your property lies will be evaluated and studied by staff, the Planning Commission, and City Council.

LDC Areas will be examined no more than once per calendar year. The analysis, study, and evaluation by staff, the Planning Commission is a three month process; City Council must also adopt any changes.

LDC The applicant or an authorized representative should attend public hearing(s) pertaining to his/her request, prepared to present his/her case and to answer any relevant questions from Planning Commission or City Council members.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Sherry Bailey, Sr. Planner, Planning and Development Services,

Meeting Date: October 20, 2020

Item type: Regular Item

Caption:

First Reading and public hearing of an ordinance approving case Z20-12, a rezoning from the Single Family Residence zoning district to the Low Rise Multi-Family zoning district, being 0.415 acres located at 2314 Carlton Way (Presentation made by Planning & Development Services Director Jon James)

Summary/History:

The applicant has operated a daycare at this location for a long time. She needs recertification from the state but the use is currently not allowed in the RS-1 zoning district. Rezoning to RM-1 would allow the continuation of a residential use as well as the daycare component. The applicant and her family will continue to live in the home while maintaining a respite day care service.

Financial Impact:

N/A

Other Information/Recommendation:

On September 21, 2020, Planning Commission meeting recommended approved the request with a 7-0 vote.

CITY COUNCIL – October 20, 2020
STAFF REPORT

APPLICATION TYPE:		CASES:	
Rezoning		Z20-12: 2314 Carlton Way	
SYNOPSIS:			
A request for approval of a rezoning from the Single Family Residence (RS-1) Zoning District to the Low Rise Multi-Family (RM-1) Zoning District, being 0.415 acres located at 2314 Carlton Way, located at the northeast corner of Carlton Way and Lincoln Street. The applicant has operated a daycare at this location for a long time but the use is currently not allowed in the RS-1 zoning district. Rezoning to RM-1 would allow the continuation of a residential use and the daycare component.			
LOCATION:		LEGAL DESCRIPTION:	
2314 Carlton Way.; generally located at the northeast corner of Carlton Way and Lincoln Street.		Lot 7, 8 & W. 20 ft. of Lot 9; Block 27, Westmoreland Addition.	
SM DISTRICT / NEIGHBORHOOD:	ZONING:	FUTURE LAND USE:	SIZE:
SMD District 5 – Lane Carter Santa Rita Neighborhood	Single Family Residential (RS-1)	Neighborhood	0.415 acres
THOROUGHFARE PLAN:			
<u>Carlton Way</u> –Urban Local Street, Required 50’ min. ROW (60’ Existing), Required paving 40’ or 36’ with a 4’sidewalk (30’ Existing). <u>South Lincoln Street</u>- Urban Local Street, Required 50’ min. ROW (60’ existing), Required paving 40’ or 36’ with a 4’sidewalk (30’ existing)			
NOTIFICATIONS:			
19 notifications were mailed within a 200-foot radius on September 4, 2020. Zero responses received in favor and Zero responses received in opposition			
STAFF RECOMMENDATION:			
Staff recommends APPROVAL of a rezoning from Single Family Residential (RS-1) Zoning District to Low Rise Multi-Family Residence (RM-1) Zoning District. Planning Commission voted 6-0 to recommend approval.

Additional Information: The applicant has owned this property for a long time, and 20 years ago she was approved a Special Use (SU00-09) for a Day Care facility at her home. Since conditions of that Special Use were never met, the Special Use expired. She now wishes to have a day care facility again and rather than try a Special Use again she is requesting rezoning to (RM-1) Low Rise Multi-Family Residence. RM-1 is a residential zoning district that allows a Day Care facility by right. It is also a reasonable buffer between the Neighborhood Commercial across the street to the southwest and the single family residential to the east.

The applicant and her family reside in the home and will continue to do so. They have set aside a number of rooms and spaces for the day care use and will be modifying the home to accommodate a second food preparation area separate from the family kitchen. There is also a large outdoor space that is equipped as a play area for the day care children. The applicant specializes in respite care for at risk youth from special foster homes. She wants to be licensed for 15 to 25 children and she may have up to five employees. The front wide driveway will accommodate the needed drop off parking. The family parking and some staff parking can be behind the fencing in the back yard area. Additional staff parking can be accommodated for two spots on the S. Lincoln Street side. The drop off area will be limited to two main times of the day.

Rezoning: Section 212(G) of the Zoning Ordinance requires that the Planning Commission and City Council consider, at minimum, seven (7) factors in determining the appropriateness of any Rezoning request:

1. **Compatible with Plans and Policies.** **Whether the proposed amendment is compatible with the Comprehensive Plan and any other land use policies adopted by the Planning Commission or City Council.** The Comprehensive Plan identifies this area as Neighborhood residential. The zone change proposed is compatible with that designation in that both single family and low rise multi-family residential fit under the Neighborhood residential designation as neighborhood uses.
2. **Consistent with Zoning Ordinance.** **Whether and the extent to which the proposed amendment would conflict with any portion of this Zoning Ordinance.** The proposed zone change is consistent with the existing residential zones in the area and the neighborhood commercial uses within the neighborhood. The older sections of San Angelo have a variety of structure types within the residential districts. As a result, the neighborhoods exhibit a checkerboard of uses approved over time. The lot meets the size requirements for a multi-family use. Parking requirements for the intended use can be accommodated on the site with two spaces as the countable street parking.
3. **Compatible with Surrounding Area.** **Whether and the extent to which the proposed amendment is compatible with existing and proposed uses surrounding the subject land and is the appropriate zoning district for the land.** The property is located within an area that has mixed zoning types. There is Neighborhood Commercial directly across the street to the southwest, and General Commercial starting to the south at mid-block. This area is adjacent to ASU and is evolving. The lot in question is larger than a normal residential lot and can accommodate the

needed parking and special use areas. However, the zoning change will not result in a home design change, at least for the foreseeable future, since it is the applicant's family home.

4. **Changed Conditions.** *Whether and the extent to which there are changed conditions that require an amendment.* The zoning requested is in keeping with the existing uses and compatible with those uses. The intended use is compatible with single family uses. This is demonstrated by the fact that many of these type of uses have been located within this larger neighborhood for over 40 years.
5. **Effect on Natural Environment.** *Whether and the extent to which the proposed amendment would result in significant adverse impacts on the natural environment, including but not limited to water and air quality, noise, storm water management, wildlife, vegetation, wetlands and the practical functioning of the natural environment.* The rezoning is anticipated to have little adverse impact on the natural environment.
6. **Community Need.** *Whether and the extent to which the proposed amendment addresses a demonstrated community need.* Allowing the site to rezone continues an already demonstrated need for day care, specially this specific day care type.
7. **Development Patterns.** *Whether and the extent to which the proposed amendment would result in a logical and orderly pattern of urban development in the community.* The existing development pattern in the immediate area reflects a transitional development pattern which is in keeping with the older neighborhoods. This is common in older areas near the city center as they change and grow. This rezoning seeks to allow a balance to allow for mixed growth while allowing the transition to adaptable neighborhoods.

Recommendation:

Staff's recommendation is for the City Council to **APPROVE** the Rezoning from the Single Family Residential (RS-1) Zoning District to the Low Rise Multi-Family (RM-1) Zoning District.

Planning Commission:

Commissioner Smith left the meeting at 10:16 a.m.

Sherry Bailey, Principal Planner, presented the proposed Rezoning case.

Ms. Bailey explained that the entire lot is almost half an acre. She displayed photographs of the site showing the drop off parking area, front street parking, play are, and resident parking with possible staff parking. Ms. Bailey indicated that the applicant plans to have a staff of five and between 15-25 children. She indicated that of the 19 notifications that were mailed, Staff received no responses in favor or opposition.

Ms. Bailey explained that the applicant was granted a Special Use in 2000 but that it expired because she did not complete the conditions, and that she was only made aware when the

State conducted a review of the day care. Ms. Bailey indicated that the applicant and her family live in the home and that they want to reestablish this day care.

Ms. Bailey outlined Staff's rationale to recommend approval on the grounds that the proposed zoning is residential but allows daycares which is a good transition; that the home is directly across from neighborhood commercial and a short walk to Angelo State University; that the intended use is compatible with residential uses in the area and there are a number of day cares already in the area; that there is a community need for this use in the area; and that the existing development pattern shows a transition area which is a good balance for growth of a mix of uses.

Commissioner Uherik returned to the meeting at 10:26 a.m.

Chair Stribling opened public comment.

Chair Stribling closed public comment.

Vice Chair Jackson made a motion to RECOMMEND APPROVAL of a rezoning from the Single Family Residence (RS-1) Zoning District to the Low Rise Multi-Family (RM-1) Zoning District, being 0.415 acres located at 2314 Carlton Way. Commissioner Davis seconded the motion. The motion carried unanimously 6-0.

(By checking the boxes you indicate that you understand below rules and regulations for the Planning Commissions case.)

- ☒ An application for a zone change on a property may only be made by the owner of that property, an authorized representative of the property owner, the Planning Director, the Planning Commission or City Council. An authorized representative shall present a notarized affidavit from the property owner;
- ☒ No application will be processed if a zoning violation exists on the property, unless such processing is authorized by City Council. Use of the subject property for any new activity (not allowed by present zoning) cannot occur before City Council's approval of the requested zone change. Any such unauthorized use of the subject property is subject to prosecution in Municipal Court.
- ☒ If approved, a zone change is applied to the property, not the property owner.
- ☒ The Planning Commission makes recommendations to City Council. If the Planning Commission recommends approval of a zone change request, the case must still go before City Council for final action.
- ☒ If a zone change request is granted by City Council, permits for building construction and/or utility connection may be obtained from the City's Permits and Inspections Department.
- ☒ Certain minimum building setbacks from some or all property lines must be maintained, and room for a minimum number of off-street parking spaces must be reserved on a subject property, based on that property's zoning classification and the nature of its proposed use. A privacy fence may also be required between more restrictive and less restrictive zoning districts. These requirements are outlined in San Angelo's Zoning Ordinance. It is to the applicant's benefit to make sure that any proposed development will fit onto the subject property, in compliance with these and other applicable requirements of the City's Code of Ordinances.
- ☒ One or more notice sign(s) will be placed on the subject property by the Planning Department. However, it is the applicant's responsibility to ensure that the notice sign(s) has/have been posted at least ten (10) days prior to the Planning Commission meeting. If notice sign(s) is/are not posted accordingly, City Council may delay a request. The Planning Department will also notify, in writing, owners of property within 200-feet of the subject property of the zone change request.
- ☒ If the Planning Commission recommends denial of a request, the applicant will have ten (10) days to appeal this decision, in writing, to the City Council. If an appeal is made within three (3) days from the Planning Commission meeting, no re-notification fee will be required. Otherwise, there will be a nonrefundable \$35 fee to re-notify owners of nearby property of City Council's public hearing date. If Planning Commission's recommendation of denial is not appealed, it will be the final action on a request.

Effective January 3, 2017

AN ORDINANCE AMENDING CHAPTER 12, EXHIBIT "A" OF THE CODE OF ORDINANCES, CITY OF SAN ANGELO, TEXAS, WHICH ADOPTS ZONING REGULATIONS, USE DISTRICTS AND A ZONING MAP, IN ACCORDANCE WITH A COMPREHENSIVE PLAN, BY CHANGING THE ZONING AND CLASSIFICATION OF THE FOLLOWING PROPERTY: **LOCATED AT 2314 CARLTON WAY, GENERALLY LOCATED AT THE NORTHEAST CORNER OF CARLTON WAY AND LINCOLN STREET** FROM THE SINGLE-FAMILY RESIDENCE (RS-1) ZONING DISTRICT TO THE LOW RISE MULTIFAMILY RESIDENCE (RM-1) ZONING DISTRICT; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE

Z20-12: 2314 Carlton Way

WHEREAS, on the 21st day of September, 2020, the Planning Commission for the City of San Angelo in compliance with the City Charter, City ordinance and state law, and after holding a public hearing thereon, caused to be prepared and delivered a report and recommendation to City Council to approve the proposed Low Rise Multifamily Residence Zoning District; and,

WHEREAS, on the 20th day of October, 2020, City Council held a public hearing on Z20-12, pursuant to published notice, and has considered the application, comments, reports and recommendations of the Planning Commission and staff, public testimony, and other relevant support materials;

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF SAN ANGELO:

SECTION 1: The basic zoning ordinance for the City of San Angelo, as enacted by the governing body for the City of San Angelo effective January 4, 2000, and included within Exhibit "A" of Chapter 12 of the Code of Ordinances of the City of San Angelo, and zoning map be and the same are hereby amended to designate the following described property permanently zoned LOW RISE MULTIFAMILY RESIDENCE Zoning District:

The real properties located at 2314 Carlton Way, generally located at the Northeast corner of Carlton Way and Lincoln Street, more particularly described as approximately 0.415 acres being Lots 7, 8 & West 20 Feet of Lot 9, Block 27, Westmoreland Addition, City of San Angelo, Tom Green County, Texas;

SECTION 2: The Director of the Planning & Development Department, or his/her designee, is hereby directed to correct zoning district maps in the office of the Planning

& Development Department, to implement the zoning provision adopted herein, as further depicted on **Exhibit A** of this Ordinance.

SECTION 3: In all other respects, the use of the hereinabove described property shall be subject to all applicable regulations contained in Chapter 12 of the Code of Ordinances for the City of San Angelo, as amended.

SECTION 4. The remaining provisions of Chapter 12 of the Code of Ordinances of the City of San Angelo, Texas, not amended under Sections 1 and 2 of this Ordinance shall remain in full force and effect.

SECTION 5 The terms and provisions of this Ordinance shall be deemed to be severable in that, if any portion of this Ordinance shall be declared to be invalid, the same shall not affect the validity of the other provisions of this Ordinance.

SECTION 6: This Ordinance shall be effective on, from and after the date of adoption.

INTRODUCED on the **20th day of October, 2020**, and finally ADOPTED on this the **3rd day of November, 2020**.

REPORT TO MAYOR & MEMBERS OF CITY COUNCIL

Requestor: Shelly Paschal, Planner, Planning and Development Services, 325-657-4210

Meeting Date: October 20, 2020

Item type: Regular Item

Caption:

First reading and public hearing of ordinances approving:

1. Case CP20-05, an amendment to the City of San Angelo Comprehensive Plan, changing certain lands from Neighborhood and Neighborhood Center to Commercial, on 12 acres located at 913 W. 33rd St.
2. Case Z20-11, a rezoning from the Single-Family Residential zoning district to the General Commercial zoning district, on 10 acres located at 913 W. 33rd St. (Presentation made by Planning & Development Services Director Jon James)

Summary/History:

The applicant intends to build a business on a portion of this subject property. The proposed use is not an allowed use within the existing RS-1 zoning district.

A rezoning to the property also warrants a Comprehensive Plan amendment as part of the criteria for approval per Section 212.G of the Zoning Ordinance.

Financial Impact:

N/A

Other Information/Recommendation:

On September 21, 2020, the Planning Commission recommended APPROVAL of both the amendment to the Comprehensive Plan and the rezoning by unanimous vote of 6-0.

Rezoning & Comprehensive Plan Amendment		CP20-05 & Z20-11: 913 West 33 rd Street	
SYNOPSIS:			
A request for approval of a Comprehensive Plan Amendment from Neighborhood and Neighborhood Center to Commercial, on 12 acres located at 913 West 33rd Street, and a rezoning from the Single-Family Residential (RS-1) Zoning District to the General Commercial (CG) Zoning District, on 10 acres located at 913 West 33rd Street. The applicant intends to build a business on a portion of this subject property. The proposed use is not an allowed use within the existing RS-1 zoning district (see additional information). A rezoning of the property would also warrant a Comprehensive Plan amendment as part of the criteria for approval per Section 212.G of the Zoning Ordinance.			
LOCATION:		LEGAL DESCRIPTION:	
913 West 33 rd Street, generally located on the east side of North Bryant, just south of East 33 rd Street		Being 10 acres as Abstract 0353, Survey 0317, Joseph Heckel and 2 acres as Abstract 0353, Survey 0317, Joseph Heckel, City of San Angelo, Tom Green County, Texas	
SM DISTRICT / NEIGHBORHOOD:	ZONING:	FUTURE LAND USE:	SIZE:
SMD District #2 – Tom Thompson Neighborhood – Riverside	Single-Family Residential (RS-1) & General Commercial (CG)	Neighborhood & Neighborhood Center	10/12 acres
THOROUGHFARE PLAN:			
West 33rd Street – Local Street, 50' ROW required (60' existing), 40' pavement required (40' provided) North Bryant Boulevard – Major Arterial – TXDOT, 80' ROW required (150' Provided), 64' pavement required (pavement varies)			
NOTIFICATIONS:			
27 notifications were mailed within a 200-foot radius on September 4, 2020. No responses have been received in support or opposition.			
STAFF RECOMMENDATION:			
Staff recommends APPROVAL of a Comprehensive Plan amendment changing the Future Land Use designation from Neighborhood and Neighborhood Center to Commercial; and APPROVAL of a rezoning Single-Family Residential (RS-1) Zoning District to the General Commercial (CG) Zoning District.			
PROPERTY OWNER/PETITIONER:			
Houston Clark

Additional Information:

The existing zoning on the 10 acres does not allow the proposed use of wholesale trade. The applicant will only be utilizing a portion of this 10 acres. A way to allow this proposed use is a rezoning to General Commercial, followed by a subsequent approval of a Conditional Use. There is a strip of existing General Commercial on the front 2 acres that abuts North Bryant Boulevard.

The Future Land Use map for this area is currently incompatible for this requested zone change. The existing area is currently designated Neighborhood Center and Neighborhood Future Land Use. The proposed change to General Commercial would be consistent with Commercial Future Land Use. In exploring the rationale, we see that property directly adjoining North Bryant Boulevard is appropriate for commercial uses. Any future non-residential development will be required to create a buffer to the single family neighborhood which is directly northeast.

Rezoning: Section 212(G) of the Zoning Ordinance requires that the Planning Commission and City Council consider, at minimum, seven (7) factors in determining the appropriateness of any Rezoning request:

1. **Compatible with Plans and Policies. Whether the proposed amendment is compatible with the Comprehensive Plan and any other land use policies adopted by the Planning Commission or City Council.** The proposed Comprehensive Plan amendment from Neighborhood Center and Neighborhood is consistent with the surrounding development pattern in the area and facilitate the associated rezoning to General Commercial (CG). The “Commercial” designation “often are single-use centers consisting or large retail and office clusters that seek visibility and convenient access onto the major street network.” The subject property would be a better fit for the Commercial, due to the property being partially surrounded by commercial uses and the fact that it directly abuts North Bryant Boulevard. The rezoning will allow the applicant to move forward with commercial uses.
2. **Consistent with Zoning Ordinance. Whether and the extent to which the proposed amendment would conflict with any portion of this Zoning Ordinance.** The existing subject property is currently vacant. However, the applicant is proposing to build a commercial use on the property. To allow the proposed wholesale trade use, the applicant will also have to apply for a Conditional Use approval. The proposed zone change will allow a wide variety of commercial uses on the subject property and any new development must comply with the zoning ordinance regulations.
3. **Compatible with Surrounding Area. Whether and the extent to which the proposed amendment is compatible with existing and proposed uses surrounding the subject land and is the appropriate zoning district for the land.** The property is located within an area that has mixed commercial to the south and residential uses to the north. There is a single-family residential neighborhood directly to the northeast from the subject property, and also an apartment complex directly north as well. The subject parcels fit in with the existing commercial development pattern along North Bryant Boulevard, and would allow for similar commercial

uses on this subject property.

4. **Changed Conditions.** *Whether and the extent to which there are changed conditions that require an amendment.* Single-family homes never developed on this property and it has remained vacant. The rezoning would make use of the land in a manner consistent with the proposed future land use change and existing adjacent mixed use development in the area.
5. **Effect on Natural Environment.** *Whether and the extent to which the proposed amendment would result in significant adverse impacts on the natural environment, including but not limited to water and air quality, noise, storm water management, wildlife, vegetation, wetlands and the practical functioning of the natural environment.* The Comprehensive Plan amendment and rezoning are anticipated to have little adverse impact on the natural environment other than during construction of the proposed commercial use.
6. **Community Need.** *Whether and the extent to which the proposed amendment addresses a demonstrated community need.* Allowing the site to rezone to Commercial would be reflective of the continuing need for commercial in the area, instead of the current zoning designation that has not been fully utilized.
7. **Development Patterns.** *Whether and the extent to which the proposed amendment would result in a logical and orderly pattern of urban development in the community.* The existing development pattern in the immediate area along North Bryant Boulevard is commercial and higher intensity residential, consistent with the proposed rezoning.

Planning Commission Recommendation:

On September 21, 2020, the Planning Commission recommended **APPROVAL by a vote of 6-0** of an amendment to the City of San Angelo Comprehensive Plan, changing from the Neighborhood and Neighborhood Center Future Land Use to the Commercial Future Land Use; and recommend **APPROVAL by a vote of 6-0** of a rezoning from the Single-Family Residential (RS-1) Zoning District to the General Commercial (CG) Zoning District at 913 West 33rd Street. The following is the complete excerpt of the draft minutes from the September 21, 2020, meeting for this case:

2. Related Comprehensive Plan Amendment & Rezoning

City Council has final authority for approval of Comprehensive Plan Amendments and Rezonings.

Items 2.A.i and 2.A.ii which apply to the same property were presented concurrently with one motion.

A. CP20-05 – 913 West 33rd Street

A request for approval of an amendment to the City of San Angelo Comprehensive Plan, changing certain lands from the Neighborhood and Neighborhood Center Future Land Uses to the Commercial Future Land Use, being 12 acres located at 913 West 33rd Street.

B. Z20-11 – 913 West 33rd Street

Vice Chair Jackson recused herself from these cases.

Shelly Paschal, Planner presented the proposed Comprehensive Plan and Rezoning cases. She explained that the Comprehensive Plan Amendment which is for 12 acres is from Neighborhood Center and Neighborhood to Commercial, and the Rezoning which is for 10 acres is changing from Single-Family Residential (RS-1) to General Commercial (CG).

Ms. Paschal showed the boundaries of each case on the land use maps. She indicated that 27 mailed notifications were sent but no responses were received.

Ms. Paschal provided background on these cases which explained that the current zoning does not allow the proposed use of wholesale trade, and that the proposed rezoning to CG will allow wholesale trade with a Conditional Use option. She explained that the front two acres that abuts North Bryant Boulevard is already zoned CG.

Ms. Paschal outlined Staff's rationale to approve both cases on the grounds that the Comprehensive Plan Amendment to Commercial would be consistent with the surrounding development pattern in the area; that the proposed zone change will allow a wide variety of commercial uses; that the property is located within an area that has mixed commercial to the south and an existing commercial development pattern along North Bryant Boulevard; that single-family homes never developed on this property; and that rezoning to CG would be more reflective of commercial uses already in the area.

Chair Stribling opened public comment.

Mr. Bo Clark, the applicant, indicated that the intended business on the property is Tractor Supply which is thrilled to be in San Angelo. He also indicated that being located on North Bryant Boulevard will assist the development.

Chair Stribling closed public comment.

Commissioner Smith left the meeting at 9:51 a.m.

Commissioner Davis made a motion to RECOMMEND APPROVAL of an amendment to the City of San Angelo Comprehensive Plan, changing certain lands from the Neighborhood and Neighborhood Center Future Land Uses to the Commercial Future Land Use, being 12 acres located at 913 West 33rd Street; and to RECOMMEND APPROVAL of a Rezoning from the Single-Family Residential (RS-1) Zoning District to the General Commercial (CG) Zoning District, being 10 acres located at 913 West 33rd Street. Commissioner Uherik seconded the motion. The motion to RECOMMEND APPROVAL of the Comprehensive Plan Amendment and RECOMMEND APPROVAL of the Rezoning carried unanimously 5-0.

Recommendation:

Staff's recommendation is for City Council to: **APPROVE** the Comprehensive Plan amendment changing the Future Land Use designation from the Neighborhood Center and Neighborhood Future Land Use to Commercial; and

APPROVE of a rezoning from Single-Family Residential (RS-1) zoning district to the General Commercial (CG) zoning district; and

Legal Description (can be found on property tax statement or at www.tomgreencad.com)

Lot width (in feet): 1029 Lot depth (in feet): 447 Lot area (in acreage or square feet): 10.00 acres

Existing Zoning: RS-1 (Zoning Map available on [City Maps](#)) Proposed Zoning: CG

Future Land Use designation (Comprehensive Plan): Neighborhood (Vision Plan Map available on [City Maps](#))

Notes:

1. Proposed zoning to conform with Future Land Use designation, or Comprehensive Plan Amendment Application also required.
2. For Planned Development (PD) Districts, please use the "Planned Development (PD) Zone Change Application" available on the [Planning webpage](#)

Section 2: Site Specific Details (Use separate attachment if necessary)

Existing Use of Property: Vacant

Proposed Use of Property: Tractor Supply Retail store along with future commercial uses

I understand that City Council is required by law to consider the following criteria when making a zone change decision, and I assert that my request meets all of the required criteria based on my explanation(s) below:

1. Compatible with Plans and Policies. Whether the proposed amendment is compatible with the Comprehensive Plan and any other land use policies adopted by the Planning Commission or City Council. (Vision Plan Map available on [City Maps](#) and see pages 34-44 in [San Angelo Strategic Plan](#))

Explanation: Yes the proposed rezoning is compatible with the land use policies adopted by the City.

2. Consistent with Zoning Ordinance. Whether and the extent to which the proposed amendment would conflict with any portion of this [Zoning Ordinance](#).

Explanation: Yes is consistent

3. Compatible with Surrounding Area. Whether and the extent to which the proposed amendment is compatible with existing and proposed uses surrounding the subject land and is the appropriate zoning district for the land.

Explanation: The majority of the surrounding properties are zoned for commercial uses.

4. Changed Conditions. Whether and the extent to which there are changed conditions that require an amendment.

Explanation: N/A

Effective May 1, 2020

Section 2: Site Specific Details continued

5. Effect on Natural Environment. Whether and the extent to which the proposed amendment would result in significant adverse impacts on the natural environment, including but not limited to water and air quality, noise, stormwater management, wildlife, vegetation, wetlands and the practical functioning of the natural environment.

Explanation: Do not for see any effects on the natural environment.

6. Community Need. Whether and the extent to which the proposed amendment addresses a demonstrated community need.

Explanation: We feel that there is a need in the community for the proposed service.

7. Development Patterns. Whether and the extent to which the proposed amendment would result in a logical and orderly pattern of urban development in the community.

Explanation: Yes, the majority of the surrounding properties are currently zoned and developed for commercial type uses.

Section 3: Applicant(s) Acknowledgement

(By checking the boxes you indicate that you understand below rules and regulations for the Planning case.)

☒ An application for a zone change on a property may only be made by the owner of that property, an authorized representative of the property owner, the Planning Director, the Planning Commission or City Council (or Historic Preservation Commission in the case of designation of an Historic Overlay Zone). An authorized representative shall present a notarized affidavit from the property owner;

☒ No application will be processed if a zoning violation exists on the property, unless such processing is authorized by City Council. Use of the subject property for any new activity (not allowed by present zoning) cannot occur before City Council's approval of the requested zone change. Any such unauthorized use of the subject property is subject to prosecution in Municipal Court.

☒ If approved, a zone change is applied to the property, not the property owner.

☒ One or more notice sign(s) will be placed on the subject property by the Planning Department. The Planning Department will also notify, in writing, owners of property within 200-feet of the subject property of the zone change request.

☒ The Planning Commission shall conduct a public hearing and shall recommend that the City Council approve, approve with modifications, or deny the proposed amendment. If the Planning Commission recommends approval of a zone change request, the case must still go before City Council for final action.

☒ A recommendation by the Planning Commission to deny a request for a zone change may be appealed in writing to City Council within 10 days, or the decision is considered final.

☒ A public hearing and final decision will be made by City Council.

☒ The City Council may approve, approve with modifications, or deny the proposed amendment. Where the Planning Commission has recommended denial of the proposed amendment, or written protest against such amendment is made and signed by (a) the owners of 20 percent or more of the area subject to the zone change or (b) the owners of 20 percent or more of the area within 200 feet of the affected area, then the proposed amendment shall require a favorable vote of at least three-fourths of all the members of the City Council to become effective. The area of rights-of-way and streets shall be included in any computation of land area under this subsection.

☒ Appeal of a City Council decision to deny a zone change shall be made within 30 days to the applicable state District Court in Tom Green County.

☒ If a zone change request is granted by City Council, permits for building construction and/or utility connection may be obtained from the City's Permits and Inspections Department.

☒ The applicant shall ensure at the time of permitting, that the proposed uses and buildings comply with all development standards of the new zoning district(s) and the general development standards of the Zoning Ordinance including setbacks, parking, and any required privacy fencing. These requirements are outlined in San Angelo's Zoning Ordinance.

Effective May 1, 2020

Section 3 continued: Applicant(s) Acknowledgement

☒ The applicant or an authorized representative should attend public hearing(s) pertaining to his/her request, prepared to present his/her case and to answer any relevant questions from Planning Commission or City Council members.

I/We the undersigned acknowledge that the information provided above is true and correct.
